 Who is the greatest college football program of all time? - a question asked by many, yet answered by few. And the answers we do get are usually biased, uninformed, or based entirely on opinion. Regardless, eight programs appear at the top of almost everyone's lists: Alabama, Michigan, Nebraska, Notre Dame, Ohio State, Oklahoma, Southern California, and Texas. The order in which you place these programs - the eight great blue bloods of college football - is where the controversy begins. This study attempts to answer this question once and for all. Using an unbiased formula of the most relevant statistics that measure consistent success and dominance on the football field, this study enables one of the "Great Eight" programs to emerge as the most consistent and dominant - the greatest - college football program

of all time.

For the last quarter century, Dan Jenkins has been fixing his cold-eyed stare and wisecracking style on the real-life Billy Clyde and Kenny Lee Pucketts of the sports world. You Call It Sports, But I Say It's a Jungle Out There is a collection of his best work from Sports Illustrated, Playboy, Golf Digest, and his nationally syndicated column, and includes a stack of new pieces written especially for this book. Jenkins spares no one in his search for the culprits who have taken the fun out of sports: NFL owners and refs, PGA Tour administrators, basketball players who can't read, tennis players who can't speak English (or say anything worth hearing when they do). He also finds things worth celebrating: the electric charge given off by Arnold Palmer at his best, the excitement of a truly great college football game, or a real heavyweight champion, like Joe Louis. Overflowing with good ol' boys, great one-liners, famous sporting events, and barroom tales, this is the best of Dan Jenkins—which is to say, it's as good as sportswriting gets anywhere.

In 1924, two uniquely American institutions clashed in northern Indiana: the University of Notre Dame and the Ku Klux Klan. Todd

Tucker's book, published for the first time in paperback, *Notre Dame vs. The Klan* tells the shocking story of the three-day confrontation in the streets of South Bend, Indiana, that would change both institutions forever. When the Ku Klux Klan announced plans to stage a parade and rally in South Bend, hoping to target college campuses for recruitment starting with Notre Dame, a large group of students defied their leaders' pleas to ignore the Klan and remain on campus. Tucker dramatically recounts the events as only a proficient storyteller can. Readers will find themselves drawn into the fray of these tumultuous times. Tucker structures this compelling tale around three individuals: D.C. Stephenson, the leader of the KKK in Indiana, the state with the largest Klan membership in America; Fr. Matthew Walsh, the young and charismatic president of the University of Notre Dame; and a composite of a Notre Dame student at the time, represented by Bill Foohey, who was an actual participant in the clash. This book will appeal not only to Notre Dame fans, but to those interested in South Bend and Indiana history and the history of the Klu Klux Klan, including modern-day Klan violence. *Michigan Ensign* Indiana University Press

A. J. Hawk can isolate the game of his life, the 2006 Fiesta Bowl against Notre Dame, not because of individual statistics, but because of what the game represented. "I think the fact that it was the end of an amazing four years—four big Bowl wins; three Michigan wins; lots of victories in those four years; and an amazing group of teammates and coaches—is why it felt like the game of my life," Hawk said. Jan White has a different reason for the game of his life: He scored his first touchdown as a Buckeye, playing a position he didn't necessarily want to play. "It became a footrace I was determined to win," White says of his 72-yard reception from Rex Kern against Northwestern in 1968. Whoever they are and whatever the reason, there always is "the" game in a player's memory bank. The folks, whose stories are chronicled in *Game of My Life Ohio State Buckeyes*, tell you why a certain game was the best, providing the detail, the color, and the emotion that only a player can share. Football fans, most especially those card-carrying members of Buckeye Nation, will be enlightened and entertained by these stories. Buckeye greats such as Archie Griffin, Cris Carter, Mike Lanese, and Bob Hoying relive their legendary moments—from the sidelines to the huddle, from the depths of impending defeat to the pinnacle of glory. It just doesn't get any better.

Corruption, scandals, and reports of wrongdoing in college football are constantly in the news. From Penn State's Joe Paterno to Ohio State's Jim Tressel, we have come to learn that some of the most lauded coaches don't always live up to their saintly reputations. Perhaps no era of college football was ever more emblematic of this than the early 1900s, a time when coaches worked the system with merciless flair to recruit the best players and then keep them eligible to play, even while other coaches were trying to steal already-enrolled players from rival universities. Amos Alonzo Stagg of the University of Chicago and Fielding H. Yost of the University of Michigan were no exception, and their bitter rivalry is one for the ages. In *Stagg vs. Yost: The Birth of Cutthroat Football*, John Kryk brings to life a story that is both timeless and familiar to all football fans, indeed to all sports fans: one man's obsession to end the pain of a long losing streak to a hated rival. This is the story of how Amos Alonzo Stagg covertly punted many of the principles he espoused in order to dismantle one of the most powerful machines the game has known—Fielding Yost's Michigan Wolverines. Kryk reveals the extent to which Stagg schemed to achieve victory against the "Point a Minute" Wolverines and the lengths Yost went to prevent that from happening. In addition, this book provides insight into

college athletics' corruption as a whole during this time, from under-the-table payments to recruits to contracted loans from wealthy boosters—and why the current NCAA rulebook contains page after page of recruiting and eligibility regulations. Featuring never-before-published internal correspondences of UM athletic leaders, Stagg's surviving letters and notes, and reports from newspapers of the day, *Stagg vs. Yost* brings fresh insight into two legends of college football who would do almost anything to win. This book is a noteworthy and fascinating narrative for football fans, historians, and anyone interested in seeing where cutthroat college recruiting and coaching all began.

Thomas Blantz's monumental *The University of Notre Dame: A History* tells the story of the renowned Catholic university's growth and development from a primitive grade school and high school founded in 1842 by the Congregation of Holy Cross in the wilds of northern Indiana to the acclaimed undergraduate and research institution it became by the early twenty-first century. Its growth was not always smooth—slowed at times by wars, financial challenges, fires, and illnesses. It is the story both of a successful institution and of the men and women who made it so: Father Edward Sorin, the twenty-eight-year-old French priest and visionary founder; Father William Corby, later two-term Notre Dame president, who gave absolution to the soldiers of the Irish Brigade at the Battle of Gettysburg; the hundreds of Holy Cross brothers, sisters, and priests whose faithful service in classrooms, student residence halls, and across campus kept the university progressing through difficult years; a dedicated lay faculty teaching too many classes for too few dollars to assure the university would survive; Knute Rockne, a successful chemistry teacher but an even more successful football coach, elevating Notre Dame to national athletic prominence; Father Theodore M. Hesburgh, president for thirty-five years; the 325 undergraduate young women who were the first to enroll at Notre Dame in 1972; and thousands of others. Blantz captures the strong connections that exist between Notre Dame's founding and early life and today's university. Alumni, faculty, students, friends of the university, and fans of the Fighting Irish will want to own this indispensable, definitive history of one of America's leading universities. Simultaneously detailed and documented yet lively and interesting, *The University of Notre Dame: A History* is the most complete and up-to-date history of the university available. **Spalding's Official Foot Ball Guide** The Rosen Publishing Group, Inc

When coach Nick Saban arrived in Tuscaloosa in 2007, he boldly proclaimed &"We want to be a champion in everything that we do.&" Since that time, Alabama has won three national championships and become the nation's number one destination for recruits and the top source of NFL talent while simultaneously graduating its players. No other program has won more games, captured more awards, or come close to approaching the kind of consistent success as the Crimson Tide. In *Nick Saban vs. College Football*, author Christopher Walsh not only explains what separates Saban from his peers and compares his accomplishments to some of the all-time legends, but tells why, if there were a Mount Rushmore of college football coaches, Saban's face would already be on it. From his upbringing in West

Virginia to his relationship with legendary coach Bill Belichick, & “the process” has not only led to Saban having a statue along Alabama’s & “Walk of Champions” in front of Bryant-Denny Stadium, but the establishment of a new standard that may be unparalleled in college football history.

Few sporting rituals court the national interest in the same way as the annual Notre Dame-University of Southern California football game. In more than eighty grudge matches dating from the era of Knute Rockne and Howard Jones, the Trojans ruined potential Irish national titles in 1931, 1938, 1964, 1970, 1971 and 1980. The Fighting Irish obliterated USC national title hopes with season-ending victories in 1947 and 1952 and handed the Trojans their first losses of 1927, 1973 and 1995. The Irish bounced USC from No. 1 in 1968 with a legendary 21-21 tie and ensured their own 1988 national championship with a 27-19 victory. Join author Don Lechman as he recounts the exploits of Johnny Lujack, Anthony Davis and hundreds of others in the gloried battles of Notre Dame vs. USC.

Presented here are 60 games featuring some of the most outstanding efforts in history—dramatic comebacks (such as USC’s 1974 triumph over Notre Dame), stunning upsets (Columbia’s 21-20 win over Army in 1947 or Appalachian State’s over Michigan, 34-32, in 2007—see front cover), great individual

efforts (Jim Brown’s 43 points in a single game), bizarre plays (Roy Riegel’s wrong-way run that helped Georgia Tech defeat California), and Yale-Harvard, 29-29, in 1968 (the latter scoring 16 points in the final 42 seconds). Each story includes the highlights of the games, with quotes from many of the principals, a look at the contest’s effects on football overall, career follow-ups for the key participants, and seasonal wrap-ups for the teams involved.

Shake Down the Thunder traces the history of the Notre Dame football program--which has acquired almost mythical proportions--from its humble origins in the 19th century to its status as the paragon of college sports. It presents the true story of the program’s formative years, the reality behind the myths. Both social history and sports history, this book documents as never before the first half-century of Notre Dame football and relates it to the rise of big-time intercollegiate athletics, the college sports reform movement, and the corrupt sporting press of the period. *Shake Down the Thunder* is must reading for all Fighting Irish fans, their detractors, and any reader engaged by American cultural history.
