Make social studies more accessible to students with Exploring Social Studies: Arkansas Student Handbook. This student-friendly handbook builds content-area literacy in the four strands of social studies: history, geography, civics, and economics. It includes pertinent information about Arkansas for first grade students, including historical figures and events that have shaped Arkansas's rich history. The fun activities include practice in reading, writing, mathematics, and art, and can be easily assigned for independent work. This handbook can be used in conjunction with social studies textbooks or to supplement the language arts block, and is organized by the four social studies strands to allow for teacher flexibility in deciding which activities to assign.

Aligned to the NCSS standards, each page clearly identifies the purpose of every activity and the specific Arkansas social studies standard that the activity meets. The activities include nonfiction texts with questions, fiction texts with activities, puzzles, math pages, primary sources, critical-thinking activities, creative-thinking activities, and more.

[Social Studies A Child's View \(Grade 1\)](#) Don Mills, ON : Pearson Education Canada

Describes five geography themes, each introduces a new concept to help children describe their own adventure as they explore the different parts of My world.

Core Skills Social Studies Workbook Grade 1 Social Studies for Primary Schools Grade 1

180 Days of Social Studies is a fun and effective daily practice workbook designed to help students build social studies content knowledge. This easy-to-use kindergarten workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students explore a new topic focusing on one of the four social studies disciplines: history, civics, geography, and economics. Watch student's confidence soar as they build analytic skills with these quick learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to

address learning gaps. Supports the C3 Framework and aligns to the NCSS curriculum standards.

Too often map skills focus on memorizing country borders, names, and capitals. With our rapidly changing world, what is learned one year may become obsolete the next. Map Skills, Grade 6 has a more practical approach. It focuses on the natural geography of the world, why maps are made like they are, and how to use them to find your way around. Students will learn to understand map symbols such as the legend, scale, directional compass, and grids. They will learn to differentiate between physical, political, thematic, and direction maps and how each type is useful for different information. Political boundaries and country names may change, but the skills learned in this book will last a lifetime.

As you teach your child, you want to ensure he or she not only absorbs the information, but enjoys the lesson. You can achieve both using the myWorld Social Studies curriculum for homeschooling. The Grade 1 materials employ exciting storytelling techniques to deliver relevant Social Studies content. History is, after all, made up of a series of narratives. myWorld Social Studies: Grade 1 was developed using storytelling

principles and educational research to ensure your child connects to the lessons on an emotional and intellectual level. As you teach Social Studies, you should notice your child becoming engaged with the information you share. You can use the myWorld Social Studies: Grade 1 materials to craft 12 weeks' worth of homeschool programs. By the end of the lessons, your child should: Use images (such as drawings, graphs and Venn diagrams) to summarize lessons. Grasp the basics of how governments run. Understand the importance of democracy and what it is as a system of governance. Comprehend the necessity of rules in forming a government. Use maps to locate specific places (such as cities, states, countries, continents and bodies of water). Know the four cardinal directions (i.e., north, south, east and west). Remember important dates in American history, such as July 4. Know a bit of family heritage. Your child will gain all this knowledge in an exciting and engaging lesson that you create. The myWorld Social Studies: Grade 1 materials will help you craft such instruction. You'll love using the Teacher's Resource Library DVD-ROM, which includes helpful reference materials and tips. Your child is sure to enjoy using the myStory video component, which is complete with engaging short films to watch. For more information about the myWorld Social Studies: Grade 1 curriculum components, take a look at the Features and Benefits page. Grade 1 - Making Our Way The heart and soul of myWorld Social Studies is the myStory System. We began with the world's oldest educational technique storytelling and applied the latest educational research to create a ground-breaking approach to Social Studies instruction. We connect to students' emotions through stories, preparing them to learn, focusing on Social Studies content while reinforcing literacy instruction. Meaningful discussion questions and videos related to the questions will keep your child interested and engaged. myWorld Social Studies is a comprehensive K-6 social studies curriculum designed to lay the ground work for civic competence, so that students develop the knowledge, skills, and values necessary to be active, engaged, and responsible citizens. myWorld Social Studies helps students become actively engaged in Social Studies content through experiences that personalize instruction and make learning meaningful as well as fun. Pearson creates education materials for all types of learners. When creating a program, we ensure that the material will be accessible to as many students as possible and as such, we create many ancillary products to fit specific situations to meet a variety of needs. While there are many components to each of our overall educational programs, some of these ancillaries do not meet the needs of homeschoolers, others do not make sense in a homeschool environment and some require an expensive technological infrastructure to deploy. The homeschool product configurations, while selected from a larger program, are complete curriculum bundles designed for your children to be engaged and to thrive, while being mindful of your budget. It is important to note that at times there will be resources mentioned throughout your materials that are not included in your package, however this will not hinder your child's successful completion of the course.

Discovery Links Social Studies. Grade 1. Unit 2 Harcourt School Publishers

Teach students the skills they need for long-lasting social studies success.

Social Studies 2005 Pupil Edition Grade 1 New Leaf Publishing Group

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions,

and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

Social Studies, Grade 1 McGraw-Hill Education

The Framework for Teaching Evaluation Instrument, 2013 Edition Harcourt School Publishers

Just what exactly is social studies, you may ask? Well, it includes the study of all kinds of people and places, some far away and some next door. In this book we talk about families, like your family in your house, and also lots of people close by, which we call a town or city, and finally about even more people in cities or outside of cities, all living in big places called countries. My Story and the World Around Me is a course for lower elementary students. It includes basic introductions to history, politics, sociology, economics, and geography, and provides a fuller understanding of God's world and the cultures of the countries. This is a daily adventure-based curriculum series that encourages families to explore the world together through four nine-week quests and to understand it better from God's perspective. It is designed with elements that make weekly learning fun and interactive, including: Activity time Word find time Review time My story journal Learn all about the world while you discover more about your own. And make sure you pull out your Quest Collector Cards at the beginning of each quest. Your world map on the other side shows where you are in each lesson!

Social Studies Grade 1 Corwin

Social Studies for Primary Schools deals with three themes, our home, community, and our school. This workbook complements The Bahamas Ministry of Education curriculum. The simple language and the engaging graphics is excellent for young children.

Daily Geography Practice Frank Schaffer Publications

The framework for teaching document is an evolving instrument, but the core concepts and architecture (domains, components, and elements) have remained the same. Major concepts of the Common Core State Standards are included. For example, deep conceptual understanding, the importance of student intellectual engagement, and the precise use of language have always been at the foundation of the Framework for Teaching, but are more clearly articulated in this edition. The language has been tightened to increase ease of use and accuracy in assessment. Many of the enhancements to the Framework are located in the possible examples, rather than in the rubric

language or critical attributes for each level of performance.

Best Buy Bargain Books Portage & Main Press

Engage children in exploring the world while learning important map skills and geography concepts. The cross-curricular activities integrate the most current geography standards and incorporate colorful learning activities with geography concepts.
