On the night of March 2, 1962, in Hershey, Pennsylvania, right up the street from the chocolate factory, Wilt Chamberlain, a young and striking athlete celebrated as the Big Dipper, scored one hundred points in a game against the New York Knickerbockers. As historic and revolutionary as the achievement was, it remains shrouded in myth. The game was not televised; no New York

sportswriters showed up; and a fourteen-year-old local boy ran onto the court when Chamberlain scored his hundredth point, shook his hand, and then ran off with the basketball. In telling the story of this remarkable night, author Gary M. Pomerantz brings to life a lost world of American sports. In 1962, the National Basketball Association, stepchild to the college game, was searching for its identity. Its teams were mostly white, the number of black players limited by an unspoken quota. Games were played in drafty, half-filled arenas, and the players traveled on buses and trains, telling tall tales, playing cards, and sometimes reading Joyce. Into this scene stepped the unprecedented Wilt Chamberlain: strong and quick-witted, voluble and enigmatic, a seven-footer who played with a colossal will and a dancer's grace. That strength, will, grace, and mystery were never more in focus than on March 2, 1962. Pomerantz tracked down Knicks and Philadelphia Warriors, fans, journalists, team officials, other NBA stars of the era, and basketball historians, conducting more than 250 interviews in all, to recreate in painstaking detail the game that announced the Dipper's greatness. He brings us to Hershey, Pennsylvania, a sweet-seeming model of the gentle, homogeneous small-town America that was fast becoming anachronistic. We see the fans and players, alternately fascinated and confused by Wilt, drawn anxiously into the spectacle. Pomerantz portrays the other legendary figures in this story: the Warriors' elegant coach Frank McGuire; the beloved, if rumpiled, team owner Eddie Gottlieb; and the irreverent p.a. announcer Dave "the Zink" Zinkoff, who handed out free salamis courtside. At the heart of the book is the self-made Chamberlain, a romantic cosmopolitan who owned a nightclub in Harlem and shrugged off segregation with a bebop cool but harbored every slight deep in his psyche. March 2, 1962, presented the awesome sight of Wilt Chamberlain imposing himself on a world that would diminish him. Wilt, 1962 is not only the dramatic story of a singular basketball game but a meditation on small towns, midcentury America, and one of the most intriguing figures in the pantheon of sports heroes. When David Cantley asked me to write about him for the autobiography on which he was working, it took me about three seconds to say, "Yes." I consider him to be one of the most extraordinary people I have ever met and felt honored to be able to share my thoughts with others. In The History of Lake Worth High School, I wrote this about his two decades as principal, "Without his guidance, the school might very well have been shut down." I believed that strongly then, and I still believe it as strongly today. In May of 1980, Cantley became Lake Worth High's fifth principal during the 1979-80 school year. He took charge of a school that had deteriorated tremendously in the quarter-century since my class had graduated. The campus was overcrowded, and plagued with disorder. White students were fleeing, and academics were lagging. The first thing he did was restore discipline. After that, he instituted magnet programs to arrest the white flight. Finally, he spearheaded efforts to get the campus rebuilt and enlarged. By the time he retired in 1999, the school was a model for how things should be done in secondary education. Along the way, he worked to help the less fortunate achieve an education. He had known hard times as a youngster, and he never forgot his roots. He was instrumental in founding the flea market held beneath I-95 that provided scholarships, school supplies and other aid to those in need. The year he retired, he was a key figure in organizing the Lake Worth High School Alumni Foundation and Lake Worth Dollars for Scholars. The latter has distributed over \$1 million in scholarships as of 2017. I can't say anything about David Cantley before his Lake Worth High years, because I didn't know him then. But this book fills in the gaps and gives me a better feel about how he became the outstanding man he is. William E. "Bill" McGoun, Ph.D.

The Outlook

This journal is a few hundred pages of unpopular opinion, I wrote this ball of rage between 2014-2016 and I planned to give to my gender studies professor after I took her class. When I left her class I noticed that there's a lot of misleading information about people that disagree with feminists and feminism, and this book will help demystify some of those notions. I may have written this book for her but I believe it can help others as well. The 1st group of people that this book will help are people that don't like feminists and feminism you'll agree with almost everything I have to say, trust me you're not alone. This book is full of red pills you're going to love it. The 2nd group of people are people that are on the fence about feminists. Yeah, feminists may have told you the dictionary definition of feminism, and you might have heard some things about the feminist movement but you're still not quite sure what to make of them. I think you will gain the most from what I went through. I will show you the tactics some feminists use to get what they want. These are all things you should know before you engage with any feminist. The 3rd group of people are the people that don't understand why so many people have such hard opinions on feminism and feminists. Hopefully this book will help you understand were the first group of people are coming from. I use jokes, satire and personal experiences to bring levity to this hot topic issue. I don't want to tell you what to think. I want to show you what I went through so you can make up your own mind, and even if you disagree with me I hope you enjoy the ride. Now onto the 4th group, these are the feminists that are vexed and can't figure out why so many people dislike feminism and why feminists can't crack 18 percent of the population. I think you will benefit the most from what I have to say. I'm not going to berate you or attack you I'm just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that. I really want you to understand where I'm coming from and maybe we can build a bridge from there. Now on to the big mama of them all the 5th group, if you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist. Put this book down, you are going to have a bad time. I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion. Hell, you might even do something crazy, like set this book on fire and I don't want to see my book set a blaze. So save your money save your time and continue to smash the patriarchy. But to the other 4 out of 5 of you crack open a beer or pour a glass of wine and enjoy my descent into madness.
