Simple ideas, lasting love—all in a short read In this abridged version of the New York Times bestseller *The 5 Love Languages*®, relationships expert Dr. Gary Chapman offers a trimmed-down explanation of his transformational approach to love. People express and receive love in 5 different ways, called love languages: quality time, words of affirmation, gifts, acts of service, and physical touch. The sooner you discover your language and that of your loved one, the sooner you can take your relationship to new heights. And with this summary version of the award-winning book, you don't have to read long to find out. With disarming wit, clear explanations, and inspiring storytelling, Dr. Chapman only needs a moment of your time to transform your love life.

"The Seven Laws of Love is insightful, compelling, inspiring, grounded, and immeasurably practical. We love this book! Everyone needs to read it. Don't miss out on its powerful message." —Drs. Les & Leslie Parrott, authors of *Saving Your Marriage Before It Starts* In our fast-paced, success-obsessed culture, we're constantly tempted to chase after things that don't matter. We've been conditioned to value possessions over people, status over relationships, and ourselves over God. But the reality is this: God created love to be the centerpiece of our lives. In *The Seven Laws of Love*, Dave Willis makes the case for a love revival and proves that in returning to a life of love we have no greater model than the one who is love himself. In Dave's humorous, touching, down-to-earth style, *The Seven Laws of Love* takes you on a journey through the ins and outs of everyday relationships—with your spouse, your children, your friends, and your coworkers—using practical, applicable examples and guiding principles that

demonstrate what a life of love actually looks like. There is no higher calling on earth than to love and be loved. It's time to learn The Seven Laws of Love, and to make loving a priority over all other pursuits. Anything else isn't really living.

Christians have been told again and again that Jesus loves them, yet many have not stepped into the security and intimacy that His love provides. Whether because of poor past relationships or a lack of good examples, many struggle to find intimacy with their Savior. Now, Rebecca Hayford Bauer invites readers to step into the best love story of all. *7 Love Letters from Jesus* is an in-depth study of Revelation 2 and 3, a passage of Scripture that paints a metaphorical picture of courtship, engagement and marriage to the Lamb of God. It's also a passage that Christians have sometimes misread or misunderstood—but no longer! Readers will gain a new appreciation for these vivid images for their spiritual life and begin to see how Jesus views each and every person: as worthy of His relentless pursuit.

Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

"What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. *Wired for Love* is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a ""warring brain"" mentality and toward a more cooperative ""loving brain"" understanding of the relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research, this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships.

*The Four Loves* is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God."
