Parliamentary

Debates London, New York : Longmans, Green

To confront the future, he must first conquer his past. Rodin, an assassin for hire in the chaos of the districts, is no stranger to death. He has the scars to prove it, each one a lesson, a mistake he won't make again. But some scars hide beneath the surface. When Rodin takes a contract within the perfect society of the Dome, he is forced to confront threats that

have lain dormant for over a decade. He might think of himself as a man with no past, but everyone has a history. And if Rodin isn't careful, his past might be the death of him. This collection contains the first three novels (Dark Glass, Dead Flesh and Deep Water) and the short story prologue (Gatekeeper) of the dark Dystopian series Dominions. Get it now to enter the world of the Dome and the districts, and discover if Rodin has a future.

The relations of Great Britain and its Dominions significantly influenced the development of the British Empire in the late 19th and the first third of the 20th

century. The mutual attitude to the constitutional issues that Dominion and British leaders have continually discussed at Colonial and Imperial Conferences respectively was one of the main aspects forming the links between the mother country and the autonomous overseas territories. This volume therefore focuses on the key period when the importance of the Dominions not only increased within the Empire itself, but also in the sphere of the international relations, and the Dominions gained the opportunity to influence the forming of the Imperial foreign policy. During the first third of the 20th century, the British Empire gradually transformed

into the British Commonwealth of Nations, in which the importance of Dominions excelled. The work is based on the study of unreleased sources from British archives, a large number of published documents and extensive relevant literature.

The story is set against the backdrop of Caesar's tumultuous conquest of Gaul. As Caesar's campaign unfolds, tests of courage and belief will confront the three protagonists, shaping them as individuals and challenging their views of the world and each other.
