Kristan Higgins Blue Heron Series Books 1-3 Chronicle Books

My...my...my! All I can say is in the famous words of Kevin Hart. "It's about...to go...down!" In part one, we witnessed the heartbreak of two lovers fighting to be together, with one eventually fighting for her life in the E.R. Draya, distraught and tired of

everything coming against her, feels that life has sent her some curveballs, that she just can't seem to dodge anymore. Feeling that the only way that she could overcome the drama, is to go to the extreme and rid herself of the pain, does something that not only causes a ripple of domino effects in her life, but her love as well. Damon on the other hand, whose mind is going crazy with worry and his body racked full of emotion, is torn between the love of his life and the deceit that plagues his heart. Out of everything going on, he just can't seem to catch a break. In the midst of finding out that not only is his thot...your thot...hell everybody's thot, Monece, his girl's cousin, and that she's pregnant by him as well! Damn! Will things get any better? Will there love last? Well that's the questions that should plague your mind when you take this rollercoaster ride. We all know in the first installment that *Shawty Fell for Ah Real One*, but the question still remains, will Lil' Mama "stay down" for *Ah Real One*..

Self-Worth Now! Hal Leonard Corporation "In *Dad is Fat*, stand-up comedian Jim Gaffigan, who's best known for his legendary riffs on Hot Pockets, bacon, manatees, and McDonald's, expresses all the joys and horrors of life with five young children--everything from cousins ("celebrities for little kids") to toddlers' communication skills ("they always sound like they have traveled by horseback for hours to deliver important news"), to the eating habits of four year olds ("there is no difference between a four year old eating a taco and throwing a taco on the floor"). Reminiscent of Bill Cosby's *Fatherhood*, *Dad is Fat* is sharply observed, explosively funny, and a cry for help from a man who has realized he and his wife are outnumbered in their

own home"--

From celebrity author Kevin Hart comes the laugh-out-loud highly illustrated sequel to *Marcus Makes a Movie* about a young boy who has big Hollywood dreams--and the hustle to make it happen. "Everybody, grab a ticket and run for a front row seat to *Marcus Makes a Movie!*" —Judd Winick, *New York Times* bestselling author of the *Hilo* series *Marcus's movie, Toothpick vs. the Doom*, is a HIT! But the only thing harder than making a movie is making a SECOND one. Marcus needs to come up with another great idea fast. Too bad his film crew (aka friends) are too preoccupied with their MeTube channels to notice. An invite to *The Helen Show* has Marcus thinking they'll be back on top, but will nerves, unchecked ambition, and a rivalry between friends shut down this show before it even begins? In the laugh-out-loud sequel, actor and comedian Kevin Hart delivers a message about being creative, working hard, and learning that sometimes the best dreams are the ones you achieve with your friends.

"Nickel and Dimed for the Amazon age," (*Salon*) the biting funny, eye-opening story of finding work in the automated and time-starved world of hourly low-wage labor After the local newspaper where she worked as a reporter closed, Emily Guendelsberger took a pre-Christmas job at an Amazon fulfillment center outside Louisville, Kentucky. There, the vending machines were stocked with painkillers, and the staff turnover was dizzying. In the new year, she travelled to North Carolina to work at a call center, a place where even bathroom breaks were timed to the second. And finally, Guendelsberger was hired at a San Francisco McDonald's, narrowly escaping revenge-seeking customers who pelted her with

condiments. Across three jobs, and in three different parts of the country, Guendelsberger directly took part in the revolution changing the U.S. workplace. Offering an up-close portrait of America's actual "essential workers," *On the Clock* examines the broken social safety net as well as an economy that has purposely had all the slack drained out and converted to profit. Until robots pack boxes, resolve billing issues, and make fast food, human beings supervised by AI will continue to get the job done. Guendelsberger shows us how workers went from being the most expensive element of production to the cheapest - and how low wage jobs have been remade to serve the ideals of efficiency, at the cost of humanity. *On the Clock* explores the lengths that half of Americans will go to in order to make a living, offering not only a better understanding of the modern workplace, but also surprising solutions to make work more humane for millions of Americans.

From writer/director Cazzie David comes a series of comedic essays about anxiety, social media, generational malaise, and growing up in a famous family.

The Last Black Unicorn HQN Books
NEW YORK TIMES BESTSELLER "An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious." —The New York Times Book

Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to inspire others through the power of laughter.

"Bracing and immediate." - The Washington Post Once at the center of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. In *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry,

political intransigence, demagoguery, and outright falsehood? How the Right Lost its Mind addresses: *Why are so many voters so credulous and immune to factual information reported by responsible media? *Why did conservatives decide to overlook, even

embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods, and smears? *Can conservatives govern? Or are they content merely to rage? *How can the right recover its traditional values and persuade a new generation of their worth?
