for health care...No other program is as tax advantaged.” -John W. Snow, Treasury Secretary “...HSAs can drastically lower an employer’s costs of providing employee health benefits. This may allow more small businesses to offer such benefits.” -Fed Brock, The New York Times “These accounts give workers the security of insurance against major illness, the opportunity to save tax-free for routine health expenses, and the freedom of knowing you can take your account with you whenever you change jobs.” -President George W. Bush “Laing’s new book (The Small Business Guide to HSAs) lives up to its name...an excellent explanation of how HSAs work...” -Greg

Scandlen, The New York Post The Consumer’s Guide to HSAs answers the question “What’s in it for Me?” But responsibility doesn’t stop there. The Skia Book Daily Income and Expense Worksheet for Independent Delivery Contractors

Wiley Tax Preparer

John Wiley & Sons
Most people drive as independent contractors for Uber, Lyft, Ola, Grab, Taxify, and other companies for a variety of reasons; employment, part time, full time,

need extra cash, second job, holiday gig, need flexibility in work schedule, make the cash you need, self-employment, whatever. However, most drivers do not know how much they really make while driving, how many hours worked per day/week, mileage used, amount spent on gas per week, for car maintenance, etc. Daily, and/or weekly use of this accounting journal gives you control over these challenges, helps to organize your income/expenses and encourage you to treat your paid driving as a business, compare your figures with those given you by rideshare providers, and with accurate tax reporting probably claim some deductions from the

IRS. You can easily extract tax info, or simply just hand over the Skiai book to your tax preparer. The Skiai book is a "DO-IT-YOURSELF" accounting made easy. This book is custom made for Uber, Lyft, Ola, Grab and Taxify drivers. You can easily track and monitor mileage, expenses, income and hours worked just by keeping daily records. The good old-fashioned way of record keeping, no monthly fees for apps, no downtimes, no computer crashing. In addition, you can easily create a financial report if you so wish to do-it-yourself. If you drive for more than one company, for example, Uber and Lyft, or Uber and Ola, (as most drivers do) the "Skiai" (pronounced: Sky)

book helps to keep you organized, by tracking income from multiple sources, how many rides given, or deliveries made, and helps you plan for the following week. With regular use of the Skiai book, you would notice a trend between rides and hours worked, income, expenses, and profit for the day or week, and plan accordingly. Ultimately your productivity improves, and your income increases. With daily use of the Skiai book, you would know immediately if you made a loss, or profit at the end of day (or week, or month), and you can plan adequately for the next day, week, or month. You've got to have a game plan, or else you'll just be driving all over the city, long

hours without the desired results. The Skiai book should be an important part of your game plan for success!! The timesheet and worksheet have been dated from January 2018 to December 2018, and is custom made for you for your convenience. The colors help to easily identify and group together similar items for easy use. We can do this.
