NLN Core Competencies for Nurse Educators: A Decade of Influence Judith A. Halstead, PhD, RN, ANEF, FAAN, Editor Thirteen years after initial publication, the NLN Core Competencies for Nursing Educators continue to guide the development of graduate nursing programs, define the roles and responsibilities of nurse educators, and provide a framework for ongoing research in identifying the knowledge, skills, and attitudes essential to preparing a qualified nursing workforce. NLN Core Competencies for Nurse Educators: A Decade of Influence revisits these critical guidelines through a contemporary lens that underscores their ongoing influence and offers valuable insight into how they will help shape the evolution of the nurse educator role. Whether you're a practicing nurse educator or pursuing a career in nursing education, you'll gain a better understanding of the theoretical foundation behind this landmark literature and learn how to best use it to successfully navigate the complex role of today's nursing faculty. "Nurse educators, grounded by the current evidence about the role of the nurse educator, will ensure that the next generation of students is prepared to provide

interdisciplinary, patient-focused, safe, and high-quality care.”

Curriculum Development in Nursing Education, Second Edition continues its dedication to the advancement of nursing education, and in particular, to the ongoing development of relevant yet dynamic nursing education curricula. This Second Edition offers current, accessible, and comprehensive tips and tools and incorporates a balance of theoretical perspectives and practical applications. The Second Edition has been completely revised and updated and includes an expanded focus on developing a context-relevant curriculum. A major determinant in any nursing education curriculum is the context in which the curriculum is developed and offered. This context is the professional, societal, health care, and educational situations to which the curriculum must respond, and is what makes each school’s curriculum unique. Curriculum Development in Nursing Education helps nurse educators create a program of study that will meet the contextual needs of their individual setting. What’s New: Expanded focus on developing a context-relevant curriculum New sections on educational technologies, distributed learning, and curriculum evaluation. New chapters on preparing for external program review, building a curriculum, and evaluation of a curriculum.
