This new 2nd edition of Bradt's Croatia: Istria, with Rijeka and the Slovenian Adriatic has been fully updated and remains the only full-length guide to the region including background and practical information. Istria has some of Croatia's most famous sites, including Pula's Roman amphitheatre, UNESCO-protected Byzantine mosaics in Porec, picturesque medieval hilltowns and frescoes, and the Brijuni Islands National Park, home to Tito's summer residence.

This guide also includes the transport hub and gateway city of Rijeka in the neighbouring Kvarner region, which is set to become European Capital of Culture in 2020. Istria makes a great base to explore the nearby Capodistria region of the Slovenian coast and Karst areas, including beautiful coastal towns, Lipizzaner horses and UNESCO-listed caves, all of which are given expanded coverage in this new edition. Also new is increased coverage of the Parenzana cycling and hiking route. With detailed sections on trekking, cycling and diving, plus information on windsurfing, paragliding, wreck diving (including sites such as the Coriolanus and the Baron Gautsch) and sailing, *Bradt's Croatia: Istria, with Rijeka and the Slovenian Adriatic* is ideal for adventurous people of all ages and on all budgets, who are curious about this well-heelled part of the former Yugoslavia. There is also a comprehensive wildlife section. Croatia is renowned for its cuisine (and particularly its truffles) and there is plenty of pampering on offer, too, with some excellent luxury and boutique hotels and restaurants, as well as cheap spas and treatments compared to the rest of mainland Europe. Festivals, music, travelling with children, buying and maintaining property in Croatia, dinosaur tracks and ancient history are all included, as are inland areas which often receive comparatively little attention (and with the exception of Motovun see far fewer visitors than the coast).

Imray has commissioned this English language edition of Skagerrak Forlag's Harbour Guide to Slovenia, Croatia and Montenegro, which covers the coasts of those countries and their islands. The Norwegian publisher has already established a comprehensive series of Harbour Guides (Havneguiden) for the Baltic Sea that concentrate on providing the user with the clearest possible information for entering harbours and anchorages. This joint venture extends the series to the Adriatic. Each harbour is presented on its own page with specially commissioned aerial photos annotated to show approach lines and anchoring places, supported by clear harbour plans, a fact box and sailing directions. Aerial photographs offer a quick overview of the character of the harbour, its atmosphere, facilities and fairways, danger spots and mooring

points. Depths, skerries and shallows are clearly marked. Large scale plans, one per harbour, include depths, safest approaches and berthing details. Each harbour text is divided into two sections; a General overview describing the history and scenery of the area and information on what to see and do when there, and a Berthing section with information on how to approach and the hazards to watch out for, and where it is safe and sheltered to tie up. Fact boxes provide a quick overview of the harbour facilities, useful websites and contact details. The book is divided into 5 sailing areas each with a helpful overview chart on which harbours are marked.
