*How to Talk to a Liberal (If You Must)*

Routledge

This two-volume set surveys the profound impact of political humor and satire on American culture and politics over the years, paying special attention to the explosion of political humor in today's wide-ranging and turbulent media environment. Historically, there has been a tendency to regard political satire and humor as a sideshow to the wider world of American politics—entertaining and sometimes insightful, but ultimately only of modest interest to students and others surveying the trajectory of American politics and culture. This set documents just how mistaken that assumption is. By examining political humor and satire throughout US history, these volumes not only illustrate how expressions of political satire and humor reflect changes in American attitudes about presidents, parties, and issues but also how satirists, comedians, cartoonists, and filmmakers have helped to shape popular attitudes about landmark historical events, major American institutions and movements, and the nation's political leaders and cultural giants. Finally, this work examines how today's brand of political humor may be more influential than ever before in shaping American attitudes about the nation in which we live.

Donkey Cons Prometheus Books

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 206. Chapters: Assata Shakur, Martin Scorsese, Malcolm X, Nancy Reagan, Donald Trump, Nicki Minaj, Bernadette Peters, Rosie O'Donnell, Byron Brown, Ron Carey (labor leader), John Zorn, Cyndi Lauper, Stephen Jay Gould, Michael Savage, Ramones, John Williams, Bernhard

Goetz, Paul Simon, Nas, Mae West, Al Sharpton, Joseph Massino, Peter T. King, John McEnroe, Danielle Harris, Bob Turner (politician), Paul Bowles, Andrew Cuomo, David Horowitz, Susan Sarandon, Jeffrey R. MacDonald, Anthrax (band). Excerpt: Assata Olugbala Shakur (born July 16, 1947, as JoAnne Deborah Byron, married name Chesimard) is an African-American activist and escaped convict who was a member of the Black Panther Party (BPP) and Black Liberation Army (BLA). Between 1971 and 1973, Shakur was accused of several crimes and made the subject of a multi-state manhunt. In May 1973 Shakur was involved in a shootout on the New Jersey Turnpike, during which New Jersey State Trooper Werner Foerster and BLA member Zayd Malik Shakur were killed and Shakur and Trooper James Harper were wounded. Between 1973 and 1977, Shakur was indicted in relation to six other alleged criminal incidents-charged with murder, attempted murder, armed robbery, bank robbery, and kidnapping-resulting in three acquittals and three dismissals. In 1977, she was convicted of the first-degree murder of Foerster and of seven other felonies related to the shootout. Shakur was then incarcerated in several prisons, where her treatment drew criticism from some human rights groups. She escaped from prison in 1979 and has been living in Cuba in political asylum since 1984. Since May 2, 2005, the Federal Bureau of Investigation (FBI) has classified her as a "domestic terrorist" and offered a \$1 million reward for assistance in her capture. Attempts to extradite her have resulted in letters to the Pope and...

*Shut Up and Sing* Routledge

Almost sixty years ago, Gore Vidal burst onto the literary landscape with his World War II novel Williwaw. He never

looked back. To date he has published twenty-nine novels, one short story collection, six theatrical plays, and numerous books of nonfiction. His novel *The City and the Pillar* was a groundbreaking work in the history of homosexual literature. In Myra Breckinridge Vidal created a ribald parody of sexual morality and identity. In 1967 Vidal published *Washington, D.C.* It would be the first of seven novels that have come to be known as the *American Chronicles*, a sprawling history of the empire filled with a cast of the most significant social, literary, and political figures of the United States. *Conversations with Gore Vidal* features provocative and intriguing interviews with one of America's most prolific authors. Vidal was an enfant terrible in the 1940s and a marginalized homosexual in the 1950s. As Edgar Box he wrote mysteries, and as a screenwriter he penned the script for *Ben-Hur*. In 1960 he ran for Congress. In the 1990s, he appeared in films such as *Gattaca*, *Bob Roberts*, and *Shadow Conspiracy*. His essay collection *United States: Essays 1952-1992*, which features 114 pieces on everything from Howard Hughes to French literature, won the National Book Award. Vidal proves himself here to be a witty, acerbic, cantankerous conversationalist, one who is willing to-and often eager to-defy conventional wisdom and lacerate the tired clichés inherent in both politics and literature. A defiant political insider who is related to both the Gores and the Kennedys, he is a proud Leftist who nevertheless does not hesitate to slash at party orthodoxy when he deems it necessary. Richard Peabody and Lucinda Ebersole are the editors of the literary journal *Gargoyle*, based in Washington, D.C.

### People from Queens Broadway

What is celebrity? How do celebrities influence society? Why do we hang on their every word, tweet or status update? *Celebrity Cultures* offers a fresh insight into the field of celebrity studies by updating existing debates and exploring recent developments. From the PR campaigns of Alexander the Great and Julius Caesar to the election of Arnold Schwarzenegger as Governor of California, this book critically evaluates a number of diverse celebrity case-studies and considers what they reveal about contemporary global society. Taking into account issues such as gender, sexuality, ethnicity, economics, politics and the media, the book draws upon a range of cultural theorists including Theodore Adorno and Jean Baudrillard. Over the course of ten richly illustrated chapters, the book: Draws upon sociology, cultural theory, media analysis and celebrity commentary to explore and re-evaluate the study of celebrity. Examines the international appeal of celebrity including examples from India, China, South Korea and Indonesia. Includes chapter introductions identifying key points and annotated further reading suggestions. *Celebrity Cultures* is an invaluable resource for students of celebrity, media and cultural studies.

### **Clinton, Sanders, Trump: Election 2016** iUniverse

Smart. Funny. Fearless."It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and

whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

Off with Their Heads NYU Press

Covering everything from abortion to gun control to immigration, this book explains policies and positions of today's Democratic and Republican parties, giving readers a complete understanding of modern-day American politics and the 2016 presidential race. This book cuts through rhetorical platitudes and partisan distortions to provide a balanced and up-to-date resource for understanding policy debates on social issues in statehouses around the country as well as in Washington, DC. It provides broad coverage of the parties and the forces that affect each party's positions, examining every major social policy and taking into account historical differences between Democrats and Republicans in an evenhanded manner, with emphasis on the key ideologies that set the two parties apart during the 2008–2014 midterms. Author Timothy Kneeland presents an in-depth study of the diversity of political opinion on today's most pressing social issues, digging deeper than the typical black-or-white presentation of these debates in the media. Readers will gain a detailed understanding of how the parties agree, disagree, and find compromise on the broad range of problems and issues facing American society in the 21st century.

Today's Social Issues Princeton University Press

Feisty radio sensation Laura Ingraham is tired of the Hollywood Left--and she has all the answers in this pugnacious, funny, and devastating critique of the liberals who hate America.

*The Resistance* Routledge

NaderMerloyd Lawrence Books

*Trauma Texts* Bloomsbury Publishing USA

In this gripping in-depth account of the 2016 presidential election, authors Sides, Michael Tesler, and Lynn Vavreck reveal how Trump's victory was foreshadowed by changes in the Democratic and Republican coalitions that were driven by people's racial and ethnic identities.

**Susan Sarandon** Wheatmark, Inc.

2017 opened with a new presidency in the United States sparking women's marches across the globe. One thing was clear: feminism and feminist causes are not dead or in decline in the United States. Needed then are studies that capture the complexity of U.S. feminism. Nevertheless, *They Persisted* is an edited collection composed of empirical studies of the U.S. women's movement, pushing the feminist dialogue beyond literary analysis and personal reflection by using sociological and historical data. This new collection features discussions of digital and social media, gender identity, the reinvigorated anti-rape climate, while focusing on issues of diversity, inclusion, and unacknowledged privilege in the movement.

*Images of Elvis Presley in American Culture, 1977-1997* Merloyd Lawrence Books

In this new book, Mark Wheeler offers the first in-depth analysis of the history, nature and global reach of celebrity politics today. Celebrity politicians and politicized celebrities have had a profound impact upon the practice of politics and the way in which it is now communicated. New forms of political participation have emerged as a result and the political classes have increasingly absorbed the values of celebrity into their own PR strategies. Celebrity activists, endorsers,

humanitarians and diplomats also play a part in reconfiguring politics for a more fragmented and image-conscious public arena. In academic circles, celebrity may be viewed as a 'manufactured product'; one fabricated by media exposure so that celebrity activists are no more than 'bards of the powerful.' Mark Wheeler, however, provides a more nuanced critique contending that both celebrity politicians and politicized stars should be defined by their 'affective capacity' to operate within the public sphere. This timely book will be a valuable resource for students of media and communication studies and political science as well as general readers keen to understand the nature and reach of contemporary celebrity culture.

The Pursuit of Happiness in Times of War  
Routledge

The book acts as a guide to the images of terrorism that we see daily in the mass media. The author believes that our perceptions of terrorism are formed by the interaction of bureaucratic agencies, academics and private experts. These images and stereotypes that we are offered do not necessarily reflect objective reality.

**Mass Media, Politics and Democracy**  
Routledge

This book deconstructs the 2016 campaign appeals of Bernie Sanders and Donald Trump to disenfranchised and polarized publics at opposite ends of the political spectrum through a rhetoric of divisive partisanship grounded in antipolitics. These ultimately contributed to the defeat of Hillary Clinton and a decline in American democratic discourse.

Political Parties in Industrial Democracies  
HarperChristian + ORM

First published in 1999. The many available scholarly works on Italian-

Americans are perhaps of little practical help to the undergraduate or high school student who needs background information when reading contemporary fiction with Italian characters, watching films that require a familiarity with Italian Americans, or looking at works of art that can be fully appreciated only if one understands Italian culture. This basic reference work for non-specialists and students offers quick insights and essential, easy-to-grasp information on Italian-American contributions to American art, music, literature, motion pictures and cultural life. This rich legacy is examined in a collection of original essays that include portrayals of Italian characters in the films of Francis Coppola, Italian American poetry, the art of Frank Stella, the music of Frank Zappa, a survey of Italian folk customs and an analysis of the evolution of Italian-American biography. Comprising 22 lengthy essays written specifically for this volume, the book identifies what is uniquely Italian in American life and examines how Italian customs, traditions, social mores and cultural antecedents have wrought their influence on the American character. Filled with insights, observations and ethnic facts and fictions, this volume should prove to be a valuable source of information for scholars, researchers and students interested in pinpointing and examining the cultural, intellectual and social influence of Italian immigrants and their successors.

*Mother Jones Magazine* Polity

For: Harry Russell Sr.

Nader Bloomsbury Publishing

This volume investigates the perception of threat, with particular regard to the roles, functions, and agencies of various types of media. With a focus on the profound impact of the terrorist attacks

on September 11, 2001 on the US-American political, social, and cultural order, the chapters reach from the early days after the attacks up to the 2016 election of Donald J. Trump. An international team of contributors analyze how the perceived threats and their subsequent representations changed during this period and what part different forms of media - media institutions, media technologies, and media formats - played within these transformations. Media theoretical perspectives are thus combined with historical approaches to examine the "re-ordering" of the nation, the state, and society proposed in an increasingly converging, multimodal, and networked media environment. This book's focus on the interrelation between Media Studies, Cultural Studies, and American Studies makes it an indispensable landmark for fields such as Historical Research, Media Theory, Narratology, and Popular Culture Studies.

*A Rhetoric of Divisive Partisanship*

Psychology Press

Susan Sarandon's memorable performances have made her an American icon. Passionate and outspoken, she's often controversial. Why did Sarandon choose acting as a career? What is her acting philosophy? How does she select roles? What motivates her to promote social and political causes? Why do some people object to this? How do critics rate her work and her movies? Betty Jo Tucker answers these questions and more in an analysis of Sarandon's achievements from a film critic's perspective. Tucker's book also includes an annotated filmography of Sarandon's movies and selected reviews of her key films.

**The Political Junkie Handbook** SAGE

What happened to the unity that so

blessed America after 9/11? Where did our sense of determination go? Our political, journalistic, and cultural leaders have mounted a campaign to oppose and impede the war on terror that seemed so vital in that rare moment of clarity. This book is my personal cri du coeur about deception in politics, journalism, and business—especially when it stops us from following through on the work 9/11 has left for us all to do. This book takes on some pretty sacred cows, but it's about time they became fair game. —from the Introduction

Are you appalled by the antiwar tone the news media has taken since the war on terror began—especially "objective" news outlets like the New York Times and the network news? Are you wondering when liberal celebrities like Barbara Streisand, Sean Penn, and Susan Sarandon suddenly became geopolitical oracles whose advice we're supposed to value above the wisdom of tenured experts? Are you at a loss to decide who has betrayed us more outrageously: the French who abandoned us in our time of need, or our own elected officials, who tapped our 401(k) savings and the tobacco-settlement windfall with equal abandon? In *Off with Their Heads*, syndicated columnist and Fox News Channel political analyst Dick Morris points an accusing finger at the many ways the public has been lied to and misled, pickpocketed and endangered. Whether it's Bill Clinton, who ignored mounting evidence of impending terrorist catastrophe throughout the 1990s, or the members of Congress, who quietly sold our democracy down the river in exchange for lifetime incumbency, Morris rips the cover off the cowardly and duplicitous figures who have sacrificed America's interests for their own. From private

corruption to public treachery, even longtime political buffs will marvel at the astonishing behavior Morris reveals at every level of society—and at how it threatens to compromise the American way of life.

Celebrity Politics Bloomsbury Publishing USA

In The Pursuit of Happiness in Times of War, Pulitzer Prize-winning journalist Carl

M. Cannon shows how the single phrase life, liberty, and the pursuit of happiness is one of remarkable historical power.
