LACEY KIDD

Uprising St. Martin's Press

The number of gangs in the United States has increased dramatically in the past few decades. No longer confined to poor, inner-city areas, gangs are attracting youth from the affluent suburbs. The authors in this anthology examine the various factors that encourage teens to join gangs.

Bitter Rain And A Better Tomorrow Wadsworth Publishing Company

This volume brings together a series of original contributions made by international experts dedicated to guiding efforts in preventing crime. The collection is divided into seven sections that cover cutting edge approaches to crime prevention: 1) the offenders' perspective on crime prevention 2) crime script analysis 3) crime mapping and spatial analysis 4) social network analysis 5) agent-based modelling 6) crime-proofing legislations 7) technologies of crime prevention Each section includes one theoretical chapter to introduce the research approach followed by a series of empirical/applied contributions. The theoretical chapter aims to introduce and explain the approach of interest and discusses under which circumstances this strategy could best assist crime prevention. The objective of empirical/applied contributions is simply to showcase how these approaches can be apply. This collection can be seen as the end result of the convergence of novel ideas and analytical skills in the area of crime and crime prevention worldwide. It will be of interest to researchers in Criminology and Criminal Justice, as well as related fields like Sociology and Psychology, Security, Urban Planning, and Public Policy.

Page Publishing Inc

This is my story on how we fought off the Crips that plagued us in the early 1970's and how we went on to form one of the biggest gangs on the East Side of South Central Los Angeles at that time.

Tupac Amaru Shakur, 1971-1996 Simon and Schuster

"All too often," wrote disabled architect Ronald Mace, "designers don't take the needs of disabled and elderly people into account." Building Access investigates twentieth-century strategies for designing the world with disability in mind. Commonly understood in terms of curb cuts, automatic doors, Braille signs, and flexible kitchens, Universal Design purported to create a built environment for everyone, not only the average citizen. But who counts as "everyone," Aimi Hamraie asks, and how can designers know? Blending technoscience studies and design history with critical disability, race, and feminist theories, Building Access interrogates the historical, cultural, and theoretical contexts for these questions, offering a groundbreaking critical history of Universal Design. Hamraie reveals that the twentieth-century shift from "design for the average" to "design for all" took place through liberal political, economic, and scientific structures concerned with defining the disabled user and designing in its name. Tracing the co-evolution of accessible design for disabled veterans, a radical disability maker movement, disability rights law, and strategies for diversifying the architecture profession, Hamraie shows that Universal Design was not just an approach to creating new products or spaces, but also a sustained, understated activist movement challenging dominant understandings of disability in architecture, medicine, and society. Illustrated with a wealth of rare archival materials, Building Access brings together scientific, social, and political histories in what is not only the pioneering critical account of Universal Design but also a deep engagement with the politics of knowing, making, and belonging in twentieth-century United States.

The Queer and Transgender Resilience Workbook The New Press

Many people believe that gangs are made up of violent thugs who are in and out of jail, and who are hyper-masculine and heterosexual. Vanessa Panfil introduces us to a different world. Meet gay gang members - sometimes referred to in popular culture as "homo thugs" - whose gay identity complicates criminology's portrayal and representation of gangs, gang members, and gang life. In vivid detail, Panfil provides an in-depth understanding of how gay gang members construct and

negotiate both masculine and gay identities through crime and gang membership. She draws from interviews with over 50 gay gang- and crime-involved young men in Columbus, Ohio, the majority of whom are men of color in their late teens and early twenties, as well as on-the-ground ethnographic fieldwork with men who are in gay, hybrid, and straight gangs. Panfil provides an eye-opening portrait of how even members of straight gangs are connected to a same-sex oriented underground world. Most of these young men still present a traditionally masculine persona and voice deeply-held affection for their fellow gang members. They also fight with their enemies, many of whom are in rival gay gangs. Most come from impoverished, 'rough' neighborhoods, and seek to defy negative stereotypes of gay and Black men as deadbeats, though sometimes through illegal activity. Some are still closeted to their fellow gang members and families, yet others fight to defend members of the gay community, even those who they deem to be "fags," despite distaste for these flamboyant members of the community.

Dominion Multnomah

How can you build unshakable confidence and resilience in a world still filled with ignorance, inequality, and discrimination? The Queer and Transgender Resilience Workbook will teach you how to challenge internalized negative messages, handle stress, build a community of support, and embrace your true self. Resilience is a key ingredient for psychological health and wellness. It's what gives people the psychological strength to cope with everyday stress, as well as major setbacks. For many people, stressful events may include job loss, financial problems, illness, natural disasters, medical emergencies, divorce, or the death of a loved one. But if you are queer or gender non-conforming, life stresses may also include discrimination in housing and health care, employment barriers, homelessness, family rejection, physical attacks or threats, and general unfair treatment and oppression—all of which lead to overwhelming feelings of hopelessness and powerlessness. So, how can you gain resilience in a society that is so often toxic and unwelcoming? In this important workbook, you'll discover how to cultivate the key components of resilience: holding a positive view of yourself and your abilities; knowing your worth and cultivating a strong sense of self-esteem; effectively utilizing resources; being assertive and creating a support community; fostering hope and growth within yourself, and finding the strength to help others. Once you know how to tap into your personal resilience, you'll have an unlimited well you can draw from to navigate everyday challenges. By learning to challenge internalized negative messages and remove obstacles from your life, you can build the resilience you need to embrace your truest self in an imperfect world.

Exile and Pride Macmillan

First published in 1999, the groundbreaking Exile and Pride is essential to the history and future of disability politics. Eli Clare's revelatory writing about his experiences as a white disabled genderqueer activist/writer established him as one of the leading writers on the intersections of queerness and disability and permanently changed the landscape of disability politics and queer liberation. With a poet's devotion to truth and an activist's demand for justice, Clare deftly unspools the multiple histories from which our ever-evolving sense of self unfolds. His essays weave together memoir, history, and political thinking to explore meanings and experiences of home: home as place, community, bodies, identity, and activism. Here readers will find an intersectional framework for understanding how we actually live with the daily hydraulics of oppression, power, and resistance. At the root of Clare's exploration of environmental destruction and capitalism, sexuality and institutional violence, gender and the body politic, is a call for social justice movements that are truly accessible to everyone. With heart and hammer, Exile and Pride pries open a window onto a world where our whole selves, in all their complexity, can be realized, loved, and embraced.

The Modern Gang Reader Morgan James Publishing

Presents strategies to enhance prosecution of gang-related crimes, focusing exclusively on enforcement and prosecution strategies against urban street gangs. Includes a step-by-step guide for designing and implementing a program based on the Model Strategies for Urban Street

Enforcement, a demonstration program designed to establish model approaches to prevent and suppress gang violence. Contents: key elements of the gang suppression prototype, planning and analysis, gang info. and intelligence systems, gang suppression operations and tactics, interagency cooperation and collaboration, legal issues, and process and impact evaluation.

Bloods and Crips Page Publishing Inc

Perhaps a book cover such as this would indubitably attract their attentions, due to it being a direct relation to their life. And may browse through it sporadically. On the contrary, the million or more gang members who are incarcerated across the nation, the vast majority are avid readers. Especially when the subject is that of enthralled. Sad, but true facts, confinement is where many of us educate ourselves. For desirous motive to correspond with family, friends, and relations with society in general. There have been literally over fifty gang members and prison officials who read this manuscript. And in some way they were all unanimous in saying they were affected in a positive way, by the message I am promoting to the gang members.

Civil Gang Abatement LFB Scholarly Publishing

Civil gang abatement is an innovative remedy employing civil injunctions to combat public nuisance activity by gangs. This strategy has been promoted as a problem-oriented response to gang problems. Allan examines whether the process of acquiring a "gang injunction" incorporates the primary dimensions of problem-oriented responses: flexibility and community involvement. Flexibility is evident in the even distribution of initiatives among three categories: high-drug, high-crime, and high-disorder. Evidence of community involvement is weak, due to the lack of community organizations in gang-plagued neighborhoods, the low-profile nature of the initiatives, and the potential for retaliation against participants. Although the expectation for community involvement in gang injunction initiatives should be tempered, civil gang abatement is an appropriate approach to neighborhood gang problems.

The Truth, So Let It Be Told DIANE Publishing

This text provides a comprehensive examination of gangs in American society, their culture and activities as well as the most recent research and statistical information.

Urban Street Gang Enforcement iUniverse

Sweet Revenge? When two senseless killings hit close to home, columnist Clarence Abernathy seeks revenge for the murders—and, ultimately, answers to his own struggles regarding race and faith. After being dragged into the world of inner-city gangs and racial conflict, Clarence is encouraged by fellow columnist Jake Woods to forge an unlikely partnership with a redneck homicide detective. Soon the two find themselves facing dark forces, while unseen eyes watch from above. This re-release of Randy Alcorn's powerful bestseller spins off from *Deadline* and offers a fascinating glimpse inside heaven. Can One Man's Search for Justice Stand Up to the Forces of Evil Threatening to Destroy Him? A shocking murder drags black newspaper columnist Clarence Abernathy into the disorienting world of inner-city gangs and racial conflict. In a desperate hunt for answers to the violence (and to his own struggles with race and faith), Clarence forges an unlikely partnership with redneck detective Ollie Chandler. Despite their differences, Clarence and Ollie soon find themselves sharing the same mission: victory over the forces of darkness vying for dominion. Filled with insight—and with characters so real you'll never forget them—*Dominion* is a dramatic story of spiritual searching, racial reconciliation, and hope. I don't know when I have read a novel that affected me so profoundly. Randy Alcorn has combined a superb mystery/detective story with a lesson in racial relations in America, gang dynamics and symbols, Christian values, and spiritual warfare. —Dave Kirby, *Troy* (Alabama) Broadcasting Corporation Even better than its predecessor...Alcorn's writing remains top-notch. —Sean Taylor, *CBA Marketplace* **READER'S GUIDE INCLUDED** Story Behind the Book Randy Alcorn thoroughly researched his characters, spending time in the inner city with homicide and gang detectives to better create the scenes for this bestselling novel. He set the story in his hometown of Portland, Oregon, and the main character, Clarence Abernathy, is a black journalist whose unforgettable father played baseball in the old Negro Leagues. Randy has received many letters from readers who assume he is African American due to his accurate portrayals of racial issues.

The Meindulce Project Univ of Wisconsin Press

"The first in-depth biography of Nipsey Hussle, the hip hop mogul, artist, and activist whose transformative legacy inspired a generation with his motivational lyrics and visionary business savvy—before he was tragically shot down in the very neighborhood he was dedicated to building up!"--

Being Heumann Large Print Edition NYU Press

America is in the midst of a bloody civil war. Donald Trump has won re-election in what the majority of Americans are considering a scandal. Political, religious, gender, and racial animosities are inflamed. Full scaled rioting, that has claimed the lives of thousands, rages across the land. In New California, America's recently constituted 51st state, rookie reporter Frank Lee falls in love with Yvonne, the young leader of a militant leftist group. He discovers that she may have ties to the corrupt Francis Kintuket, warden of New California's Prachard Colony. Frank Lee has been tasked with interviewing Warden Kintuket, who has organized and will supervise a series of state sponsored capital punishment verdicts, all of them one after the other. But there is a twist that Frank encounters, and his survival and the fate of the nation depends on his navigating his way through the calamity of Warden Kintuket's warped mind.

2011 National Gang Threat Assessment Simon and Schuster

As the incidence of violent crime rises in the United States, so does the public demand for a solution. But what will work? Mark S. Fleisher has spent years among inmates in jails and prisons and on the streets with thieves, gang members, addicts, and life-long criminals in Seattle and other cities

across the country. In *Beggars and Thieves*, he writes about how and why they become and remain offenders, and about the actual role of jails and prisons in efforts to deter crime and rehabilitate criminals. Fleisher shows, with wrenching firsthand accounts, that parents who are addicts, abusers, and criminals beget irreversibly damaged children who become addicts, abusers, and criminals. Further, Fleisher contends that many well-intentioned educational and vocational training programs are wasted because they are offered too late to help. And, he provides sobering evidence that many youthful and adult offenders find themselves better off in prison—with work to do, medical care, a clean place to sleep, regular meals, and stable social ties—than they are in America's cities. Fleisher calls for anti-crime policies that are bold, practical, and absolutely imperative. He prescribes life terms for violent offenders, but in prisons structured as work communities, where privileges are earned through work in expanded, productive industries that reduce the financial burden of incarceration on the public. But most important, he argues that the only way to prevent street crime, cut prison growth, and reduce the waste of money and human lives is to permanently remove brutalized children from criminal, addicted, and violent parents.

Rap on Trial New Harbinger Publications

Black Vanguard and Black Gangsters: From Seeds of Discontent to a Declaration of War examines the extent to which black gangsterism is a product of civil rights gains, community transition, black flight, social activism, and failed grassroots social movement groups. Unfortunately, the voice of the ghetto was politically tempered, silenced, ignored, and at times rebuked by a black leadership that seemed to be preoccupied with a middle-class integrationist agenda. As a result, a once strong sense of universal brotherhood became fractured and the mood of the oppressed shifted to confusion only to be tempered by relentless frustration, out of which emerged black gangs.

It's Complicated Rand Corporation

In the spring of 1992 the African American neighborhoods of Los Angeles — Compton, Watts, Gardena, South Central — were irrevocably transformed by the greatest domestic disturbance of this century: the "Uprisings," as they were then described on the streets. In the aftermath of the violence emerged a powerful spirit of reconciliation and change, as gang members who had once fought each other for years came together in an attempt to rebuild their homes, businesses, families and most importantly themselves. This new sense of peace and cooperation continued to thrive in the inner city, and now, with uprising, thirteen former Crips and Bloods give voice to their fresh hopes for the future. What these men reveal is both provocative and profound: the rites of initiation, the pressure to commit crimes, the bonds of gang brotherhood, the significance of gangsta rap, the need for self-empowerment, and the durability of racism in our culture. But *Uprising* has a timely moral mission as well: Mean streets similar to those of L.A. can be found in cities across the country like Chicago, Baltimore, New York, Atlanta, and Newark. Gang warfare is escalating, spreading to the heartland — and here Yusuf Jah and Sister Shah'Keyah proclaim that lives and communities must be saved. An intricate mosaic of a nuanced and often turbulent world, *Uprising* defines issues that confront all Americans. It's message cannot be ignored. *Uprising* is a powerfully raw, intimate history of gang life in South Central L.A. In detailed interviews, gang members of the Crips and Bloods open up on a wide range of issues, including the bonds of the gang brotherhood, the significance of gangsta rap, the despair of welfare, and the scourge of drugs. "Moments of brutal clarity...One finishes the book convinced of its authentic depiction of gang life." — *The New York Times* Book Review

The Marathon Don't Stop Univ of California Press

Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

Blue Rage, Black Redemption Independently Published

Before the multi-million, runaway bestseller *The Da Vinci Code*, Dan Brown set his razor-sharp research and storytelling skills on the most powerful intelligence organization on earth--the National Security Agency (NSA)--in this thrilling novel, *Digital Fortress*. When the NSA's invincible code-breaking machine encounters a mysterious code it cannot break, the agency calls its head cryptographer, Susan Fletcher, a brilliant and beautiful mathematician. What she uncovers sends shock waves through the corridors of power. The NSA is being held hostage...not by guns or bombs, but by a code so ingeniously complex that if released it would cripple U.S. intelligence. Caught in an accelerating tempest of secrecy and lies, Susan Fletcher battles to save the agency she believes in. Betrayed on all sides, she finds herself fighting not only for her country but for her life, and in the end, for the life of the man she loves. From the underground hallways of power to the skyscrapers of Tokyo to the towering cathedrals of Spain, a desperate race unfolds. It is a battle for survival--a crucial bid to destroy a creation of inconceivable genius...an impregnable code-writing formula that threatens to obliterate the post-cold war balance of power. Forever.

Youth Gangs in American Society Riverbank Publishing

Baby Locklord, also known as Jonathan The Truth Locklord, was a product of the worst kind of relationship gone wrong. Born as the son of a young girl forced into prostitution by Jonathan's biological father, Conrad Cruz, the game had no other choice but to flow through Jonathan's veins. Nonetheless, the love he had for his mother and the hate he had for the lifestyle she lived would soon bring him face-to-face in a deadly "kill-me-if-you-can" game against his own father. With the help of a high school hottie that had an undying crush on him and Cruz's ex-call girl who betrayed him and falls in love with Jonathan, could Jonathan bring down Cruz who is building an army out of two cities teamed up? Only time will tell! This book has one twist after the other, and at the end of each chapter it will leave the readers breathless. It's a roller-coaster ride that you surely won't want to end as you fall in love with each character.
