Jeanine Pirro is very
likely the most
recognizable district
attorney in America.
Her countless
appearances on
broadcast and in print
media, nationally, for
many years have

projected an image of an articulate, tough crime fighter. In fact, Jeanine Pirro is a criminal and a fraud. While few reasonable individuals can accept her repeated assertion, I didn't know what I was signing in all those ten years of fraudulent joint tax returns which sent her husband to prison, fewer still are aware of the active hands-on role she actually played. Incredibly, this appears but the tip of the iceberg as her role as an unindicted co-conspirator is revealed by the book which details several separate elements of the criminal scheme which she personally carried out in furtherance of the conspiracy. Having documented, early, her culpability in the tax

fraud, the book goes on to detail the criminality and the evil in her occupation of the District Attorney's Office.

German Operetta on Broadway and in the West End, 1900-1940
Routledge

A study of the power struggle between Germany's central bank and the West German government to control monetary policy in the post-war era.

Millard's Review of the Far East Routledge
A new history of the West German-Israeli relationship as these two countries faced terrorism, war, and economic upheaval in a global Cold War environment.

The Senate Select

Committee on Intelligence presents its report on prewar intelligence regarding Iraq, which contains numerous documents from various U.S. intelligence agencies regarding possible weapons of mass destruction, and other issues relating to Iraq. *Opinions Rendered* Amsterdam University Press

With the use of wide-ranging case studies the author clearly illustrates the impact of schemes intended to re-allocate land in developing countries. Concluding that land reform can play a major part in stimulating rural economies this book explores the extent to which such policies can successfully reduce poverty and increase agricultural growth.

The Cultural After-life of East Germany Roads not Taken International Environmental Law offers a concise, conceptually clear, and legally rigorous introduction to contemporary international environmental law and practice. The book covers all major environmental agreements, paying particular attention to their underlying structure, main legal provisions, and practical operation. It blends legal and policy analysis, making extensive reference to the jurisprudence and scholarship, and addressing the interconnections with other areas of international law, including human rights, humanitarian law,

trade and foreign investment. The material is structured into four sections - foundations, substantive regulation, implementation, and influence on other areas of international law - which help the reader to navigate the different areas of international environmental law. Each chapter includes charts summarising the main components of the relevant legal frameworks and provides a detailed bibliography. Suitable for practicing and academic international lawyers who want an accessible, up-to-date introduction to contemporary international environmental law, as well as non-lawyers seeking a concise and clear understanding of

the subject.

Party Affiliations in the State Legislatures

Select Committee on Intelligence

Across the modern era, the traditional stereotype of Germans as authoritarian and subservient has faded, as they have become (mostly) model democrats. This book, for the first time, examines 130 years of history to comprehensively address the central questions of German democratization: How and why did this process occur? What has democracy meant to various Germans? And how stable is their, or indeed anyone's, democracy? Looking at six German regimes across thirteen decades, this study enables you to see how and why some

Germans have always chosen to be politically active (even under dictatorships); the enormous range of conceptions of political culture and democracy they have held; and how interactions among various factors undercut or facilitated democracy at different times. Michael L. Hughes also makes clear that recent surges of support for 'populism' and 'authoritarianism' have not come out of nowhere but are inherent in long-standing contestations about democracy and political citizenship. Hughes argues that democracy - in Germany or elsewhere - cannot be a story of adversity overcome which culminates in a happy ending; it is an ongoing, open-ended

process whose ultimate outcome remains uncertain.

The Political Economy of Rural Poverty

McFarland

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The China Weekly Review Walter de Gruyter GmbH & Co KG

Annotated Model Code of Judicial Conduct, 3rd Edition is an essential resource on judicial ethics. This revised and updated publication from the ABA Center for Professional Responsibility presents an authoritative and practical analysis of the judicial ethics rules and the cases, ethics opinions, and other legal authorities essential to understanding them.

History of the 113th Field Artillery, 30th Division

C.H.Beck
Uncovers a world of forgotten triumphs of musical theatre that shine a light on major social topics. This book is also available as Open Access on Cambridge Core.

In this second edition

of Arabic Sociolinguistics, Reem Bassiouney expands the discussion of major theoretical approaches since the publication of the book's first edition to account for new sociolinguistic theories in Arabic contexts with up-to-date examples, data, and approaches. The second edition features revised sections on diglossia, code-switching, gender discourse, language variation, and language policy in the region while adding a chapter on critical sociolinguistics—a new framework for critiquing the scholarly practices of sociolinguistics. Bassiouney also examines the impact of politics and new media on Arabic language. Arabic Sociolinguistics continues to be a

uniquely valuable resource for understanding the theoretical framework of the language.

Annotated Model Code of Judicial Conduct

Cambridge University Press

Dr. James David

Barber's well-known, provocative examination of who has the potential to be voted into the highest office in the land - and why - is being reissued as the newest addition to the "Longman Classics in Political Science" series.

Arguing that patterns in a person's character, world view, and style can allow us to anticipate their performance as president, *The Presidential Character* offers explanations and predictions of the performance of

presidents and presidential candidates. Drawing on historical, biographical, and psychological research, Dr. Barber hoped to help voters make judicious choices in determining the country's highest leaders. Revisiting this classic work in today's important presidential election season begs a reconsideration of Barber's probing and enduring query, "What should we look for in a president?"

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly

other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and

relevant.

The Story of Iowa Univ of California Press
Providing an overview of Internet politics, this work examines the impact of communication technologies on political parties and elections, pressure groups, social movements, public bureaucracies, and global governance.

The Future of Quality News Journalism

Routledge

Sociopragmatics is a rapidly growing field and this is the first ever handbook dedicated to this exciting area of study. Bringing together an international team of leading editors and contributors, it provides a comprehensive, cutting-edge overview of the key concepts,

topics, settings and methodologies involved in sociopragmatic research. The chapters are organised in a systematic fashion, and span a wide range of theoretical research on how language communicates multiple meanings in context, how it influences our daily interactions and relationships with others, and how it helps construct our social worlds. Providing insight into a fascinating array of phenomena and novel research directions, the Handbook is not only relevant to experts of pragmatics but to any reader with an interest in language and its use in different contexts, including researchers in sociology, anthropology and

communication, and students of applied linguistics and related areas, as well as professional practitioners in communication research.

Advances in Behavioral Finance

Hudson House Publishing Lakes Superior and Michigan have long played a vital role in shaping our state's history, culture and economy. For forty years, the Wisconsin Coastal Management Program has collaborated with governments and nonprofit organizations to preserve and protect this crucial resource, and, since 2002, has promoted public awareness of issues affecting the lakes in its annual Wisconsin Great Lakes Chronicle.

Great Lakes Chronicle: Essays on Coastal Wisconsin brings together more than one hundred articles by coastal management practitioners, providing a broad perspective on issues affecting Wisconsin's Great Lakes shorelines, and advocating for the wise and balanced use of our coastal environment for the benefit of people now and in the future.

International Environmental Law

Oxford University Press, USA

This edited volume firmly places African history into global history by highlighting connections between African and East German actors and institutions during the Cold War. With a special focus on

negotiations and African influences on East Germany (and vice versa), the volume sheds light on personal and institutional agency, cultural cross-fertilization, migration, development, and solidarity.

Borderland Infrastructures

Copyright Office, Library of Congress

In this "enormously impressive work that lays bare the real Nixon and, along the way, reduces Nixon's version of the war to a legend of his own making" (Stanley Kutler, author of "Abuse of Power" and "The Wars of Watergate"), Kimball goes behind the scenes in Washington and into the minds of America's leaders to provide the most complete and balanced analysis of

Nixon's and Kissinger's complex and tortuous strategy and diplomacy.
