Presents a collection of stories featuring a retail employee who is confronted by a zombie, a computer warrior who leads his fighter band across a virtual landscape, and a company that outsources grief.

A Kids Book about Identity Penguin

The inspiration for the TV show At Home with Amy Sedaris, here is a hilarious, helpful, and informative guide on how to entertain. Are you lacking direction in how to whip up a swanky soiree for lumberjacks? A dinner party for white-collar workers? A festive gathering for the grieving? Don't despair! Take a cue from entertaining expert Amy Sedaris and host an unforgettable fete that will have your guests raving. No matter the style or size of the gathering - from the straightforward to the bizarre - I LIKE YOU provides jackpot recipes and solid advice laced with Amy's blisteringly funny take on entertaining, plus four-color photos and enlightening sidebars on everything it takes to pull off a party with extraordinary flair. You don't even need to be a host or hostess to benefit - Amy offers tips for guests, too! (Rule number one: don't be fifteen minutes early.) Readers will discover unique dishes to serve alcoholics ("Broiled Frozen Chicken Wings with Applesauce"), the secret to a successful children's party (a half-hour time limit, games included), plus a whole appendix chock-full of arts and crafts ideas (from a mini-pantyhose plant-hanger to a do-it-yourself calf stretcher), and

much, much more! "In At Home with Amy Sedaris, Ms. Sedaris offers deliriously twisted takes on the homemaking skills she skewered in her books I Like You and Simple Times." -- The New York Times

Modern Records, Maverick Methods McGraw-Hill/Glencoe

A groundbreaking anthology containing the work of poets who have witnessed war, imprisonment, torture, and slavery. A companion volume to *Against Forgetting*, *Poetry of Witness* is the first anthology to reveal a tradition that runs through English-language poetry. The 300 poems collected here were composed at an extreme of human endurance—while their authors awaited execution, endured imprisonment, fought on the battlefield, or labored on the brink of breakdown or death. All bear witness to historical events and the irresistibility of their impact. Alongside Shakespeare, Milton, and Wordsworth, this volume includes such writers as Anne Askew, tortured and executed for her religious beliefs during the reign of Henry VIII; Phillis Wheatley, abducted by slave traders; Samuel Bamford, present at the Peterloo Massacre in 1819; William Blake, who witnessed the Gordon Riots of 1780; and Samuel Menashe, survivor of the Battle of the Bulge. *Poetry of Witness* argues that such poets are a perennial feature of human history, and it presents the best of that tradition, proving that their work ranks alongside the greatest in the language.

Fast Food Nation Collins Harvill Press

For the first time in the republican history of Peru, the presidential transition takes place in democracy, social peace, fast economic growth and favorable world markets. In other words, there has never been a better chance to build a different Peru - a richer country, more equal and governable. There are multiple ways to achieve that goal. New reforms must stem from a widespread and participatory debate, one of a common vision conceived for and by Peruvians. This book aims at making a technical and independent contribution to such debate; it summarizes the knowledge available about the challenges to be faced by the new administration. The study does not recommend silver bullets, but suggests policy options. It is based on the analysis of the current reality and in six decades of relationships with Peru, in which the Bank has implemented more than 100 projects and prepared more than 500 technical reports covering the wide range of development topics. When necessary, the study provides lessons that the Bank has learned elsewhere. The study provides a conceptual framework to the analysis of the country's 34 economic sectors and the two historical perspectives behind them. In doing so, it offers a comprehensive reform agenda that sheds light on possible priorities and courses of action.

Newsweek British Film Institute

"In September 1965, Filipino and Mexican American farm workers went on strike against grape growers in and around Delano, California. More than a labor dispute, the strike became a movement for social justice that helped redefine Latino and American politics. The strike also catapulted its leader, Cesar Chavez, into prominence as one of the most celebrated American political figures of the twentieth century. More than forty years after its original publication, *Delano: The Story of the California Grape Strike*, based on compelling first-hand reportage and interviews, retains both its freshness and its urgency in illuminating a moment of unusually significant social ferment." -- Book cover.

Market Leader Macmillan

From the Fairlight CMI through MIDI to the digital audio workstations at the turn of the millennium, *Modern Records, Maverick Methods* examines a critical period in commercial popular music record production: the transformative digital age from the late 1970s until 2000. Drawing on a discography of more than 300 recordings across pop, rock, hip hop, dance and alternative musics from artists such as the Beastie Boys, Madonna, U2 and Fatboy Slim, and extensive and exclusive ethnographic work with many world-renowned recordists, *Modern Records* presents a fresh and insightful new perspective on one of the most significant eras in commercial music record production. The book traces the development of significant music technologies through the 1980s and 1990s, revealing how changing attitudes and innovative techniques of recording personnel reimagined recording processes and, finally, exemplifies the impact of these technologies and techniques via six comprehensive tech-processual analyses. This meticulously researched and timely book reveals the complexity of recordists' responses to a technological landscape in flux.

Latin American Research Review Amsterdam University Press

Your identity can be a lot of things: your heritage, gender, hometown, school, faith, or even what you've been through. The awesome thing is nobody is just one thing! Your identity can grow and change as you do! This book explores all the different parts of identity: who you are, what you love, and what's true about you.

British Lions and Mexican Eagles Ten Speed Press

The internationally bestselling guide to "mind-reading" by influencing those around you via non-verbal communication, from human psychology expert Henrik Fexeus. How would you like to know what the people around you are thinking? Do you want to network like a pro, persuade your boss to give you that promotion, and finally become the life of every party? Now, with Henrik Fexeus's expertise, you can. The Art of Reading Minds teaches you everything you need to know in order to become an expert at mind-reading. Using psychology-based skills such as non-verbal communication, reading body language, and using psychological influence, Fexeus explains how readers can find out what another person thinks and feels- and consequently control that person's thoughts and beliefs. Short, snappy chapters cover subjects such as contradictory signs and what they mean, how people flirt without even knowing it, benevolent methods of suggestion and undetectable influence, how to plant and trigger emotional states, and how to perform impressive mind-reading party tricks. Fexeus gives readers practical (and often fun) examples of how to effectively mind-read others and use this information, benevolently, both in personal and professional settings.

in time.

The New York Times Index Houghton Mifflin Harcourt

The Young Lords, who originated as a Chicago street gang fighting gentrification and unfair evictions in Puerto Rican neighborhoods, burgeoned into a national political movement in the late 1960s and early 1970s, with headquarters in New York City and other centers in Philadelphia, Boston, Los Angeles, and elsewhere in the northeast and southern California. Part of the original Rainbow Coalition with the Black Panthers and Young Patriots, the politically radical Puerto Ricans who constituted the Young Lords instituted programs for political, social, and cultural change within the communities in which they operated. The Young Lords offers readers the opportunity to learn about this vibrant organization through their own words and images, collecting an array of their essays, journalism, photographs, speeches, and pamphlets. Organized topically and thematically, this volume highlights the Young Lords' diverse and inventive activism around issues such as education, health care, gentrification, police injustice and gender equality, as well as self-determination for Puerto Rico. In recovering these rare written and visual materials, Darrel Enck-Wanzer has given voice to the lost chorus of the Young Lords, while providing an indispensable resource for students, scholars, activists, and others interested in learning about this influential grassroots "street political" organization.

Early Literacy Harper Collins

The bestselling author of *No Logo* shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.

Delano Univ of California Press

Takes a look at some of the terms of endearment used by loving parents to refer to their children from cultures around the world.

Teaching the Short Story World Bank Publications

The "world of letters" has always seemed a matter more of metaphor than of global reality. In this book, Pascale Casanova shows us the state of world literature behind the stylistic refinements--a world of letters relatively independent from economic and political realms, and in which language systems, aesthetic orders, and genres struggle for dominance. Rejecting facile talk of globalization, with its suggestion of a happy literary "melting pot," Casanova exposes an emerging regime of inequality in the world of letters, where minor languages and literatures are subject to the invisible but implacable violence of their dominant counterparts. Inspired by the writings of Fernand Braudel and Pierre Bourdieu, this ambitious book develops the first systematic model for understanding the production, circulation, and valuing of literature worldwide. Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters--the literary equivalent of the meridian at Greenwich. She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power. Within her overarching theory, Casanova locates three main periods in the genesis of world literature--Latin, French, and German--and closely examines three towering figures in the world republic of letters--Kafka, Joyce, and Faulkner. Her work provides a rich and surprising view of the political struggles of our modern world--one framed by sites of publication, circulation, translation, and efforts at literary annexation.

The Rotarian: April 2015 Pantheon

An epistolary novel set on a fictional island off the South Carolina coastline, 'Ella Minnow Pea' brings readers to the hometown of Nevin Nollop, inventor of the pangram 'The Quick Brown Fox Jumps Over the Lazy Dog'. Deified for his achievement in life, Nevin has been honored in death with a monument featuring his famous phrase. One day, however, the letter 'Z' falls from the monument, and some of the islanders interpret the missing tile as a message from beyond the grave. The letter 'Z' is banned from use. On an island where the residents pride them-selves on their love of language, this is seen as a tragedy. They are still reeling from the shock when another tile falls. And then another... In his charming debut, first published in 2001, Mark Dunn took readers on a journey through the eyes of Ella Minnow Pea, a young woman forced to create another clever turn of phrase in order to save the islanders' beloved language.
