**Eevee!** Pokemon Company International

From Wall Street Journal bestseller Parker S. Huntington comes a broken love story laced with angst and forbidden romance. I wasn't supposed to be on that roof on Valentine's Day. Neither was Kellan Marchetti, the school's designated freak. We met on the verge of ending our lives. Somehow, the tattered strings of our tragedies tangled and tightened into an unlikely bond. We decided not to take the plunge and agreed to check on each other every Valentine's Day until school ended. Same time. One roof. Two restless souls. We kept our promise for three years. On the fourth, Kellan made a decision, and I was left to deal with the consequences. Just when I thought our story ended, another one began. They say all love stories look the same and taste different. Mine was venomous, disgraceful, and written in scarlet scars. My name is Charlotte Richards, but you can call me Venom.

*Pokémon Hoenn Region Field Guide* Pokemon Company International

The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds

smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In *What It's Like to Be a Bird*, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds.

*Liquids till Lunch* Gamer Guides

*Pokémon Sword & Pokémon Shield: The Official Galar Region Pokédex* has details on the Pokémon you can encounter and catch in the Galar region. With entries spanning from your first partner Pokémon to mysterious and powerful Legendary Pokémon, you'll discover what you need to know to build the team that's right for you—where to find elusive Pokémon, the moves they can use, how to evolve them, and more. You'll be prepared for whatever challenges you face! Here's what you'll find inside: Detailed info on the Pokémon you can find in Galar Lists of moves, items, and more—including how you might get them! Information on Gigantamax Pokémon!

*Pokémon Omega Ruby & Alpha Sapphire - Strategy Guide* Pikachu Press

Told in alternating timelines, *THE THINGS WE LEAVE UNFINISHED* examines the risks we take for love, the scars too deep to heal, and the endings we can't bring ourselves to see coming. Twenty-eight-year-old Georgia Stanton has to start over after she gave up almost everything in a brutal divorce—the New York house, the friends, and her pride. Now back home at her late great-grandmother's estate in Colorado, she finds herself face-to-face with Noah Harrison, the bestselling author of a million books where the cover is always people nearly kissing. He's just as arrogant in person as in interviews, and she'll be damned if the good-looking writer of love stories thinks he's the one to finish her grandmother's final novel...even if the publisher swears he's the perfect fit. Noah is at the pinnacle of his career. With book and movie deals galore, there isn't much the "golden boy" of modern fiction hasn't accomplished. But he can't walk away from what might be the best book of the century—the one his idol, Scarlett Stanton, left unfinished. Coming up with a fitting ending for the legendary author is one thing, but dealing with her beautiful, stubborn, cynical great-granddaughter, Georgia, is quite another. But as they read Scarlett's words in both the manuscript and her box of letters, they start to realize why Scarlett never finished the book—it's based on her real-life romance with a World War II pilot, and the ending isn't a happy one. Georgia knows all too well that love never works out, and while the chemistry and connection between her and Noah is undeniable, she's as determined as ever to learn from her great-grandmother's mistakes—even if it means destroying Noah's career.
