Each of us has the ability to develop and improve our minds in amazing ways. All you need is motivation, an effective method, and an expert guide. Ramón Campayo's method shows you the fastest, easiest and most effective way to: — Enhance your learning methods and study techniques. — Drastically and almost immediately increase your memorization capacity and reading speed. — Improve your study habits and prepare for exams. Maximize Your Memory is for students who want to reach their best potential, as well as anyone else who dreams of increasing his or her mental capacity. As Campayo himself declares, 'It is possible to learn the things I can do. And everyone can learn. I am the world champion in speed memory, but my wife is second and my brother is eighth. After one hour of training with my methods, my students can triple their reading speed.'
