Advancement in telecommunications has drastically changed the  
way that people communicate, particularly in a professional  
capacity. The onslaught of e-mail, text and even instant  
messaging has given people other means with which to  
communicate with one another, but in doing, the art of personal,  
verbal and face-to-face communication is being lost, resulting in  
miscommunication and broken personal and professional

relationships.

US Trade Version. Very few combat manuals choose to explain the mechanics and principles on which techniques are based. This book does. Not only are the essential principles explained, but they are also illustrated with practical real world applications. Examples are drawn from proven martial arts including Wing Chun, Jeet Kune Do, Karate, Combat Tai Chi, Capoeira, Jujitsu, Bagua, Boxing and the Filipino Martial Arts. Included in this book is a detailed section on Dim mak or Vital points which features a new simplified system for learning the point locations. Contents include: - \* Advice on avoiding trouble before the fighting starts. \* Defence against Knives and other armed attacks. \* The use of Dim mak Vital points and Pressure Points \* Locks, Throws, Takedowns, Strikes and Kicking. \* Use of Knives and everyday objects for defence. \* Selecting firearms for close range defence. Foreword by Erle Montaigne, Co-Author of the Encyclopaedia of Dim-Mak

The 4-cylinder Bugatti Type 40, sometimes unkindly referred to as 'Ettore's Morris Cowley,' nevertheless shared its fine engineering pedigree with all other Bugattis. Packed with mainly period photographs, illustrations and sales literature, the book also features the factory's individual chassis sales records.
