Stay

interviews prevent exit interviews! You can't afford to lose them. They're your stars and your solid citizens. You wonder if they're happy in your organization—and what might keep them there. To find out, you could: A. Conduct a survey—then try to guess who said what. B. Take note of their latest tattoos. Is your company logo among them? C. Ask, “What will keep you here?” The correct

answer is C. It's the opening line of a great stay interview, and it could make the difference between keeping and losing your best people. Worried that your talented people will want things you can't deliver, like more money or a big promotion? Beverly Kaye and Sharon Jordan-Evans have a simple four-step process for dealing with that. Not sure how to get started? They provide dozens of

suggested questions and icebreakers. Think you don't have time? They offer all kinds of creative time-saving options for where, when, and how you can do stay interviews. [Foundations of Strategy](#) Tor Books The beginning of the internationally -bestselling epic fantasy phenomenon The Wheel of Time®, now in a special pocket-sized hardcover gift edition. Since its debut in 1990, The Wheel of

Time® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. From the Two Rivers is a special edition that contains Part 1 of The Eye of the World, Jordan's internationally bestselling epic fantasy saga, and is a perfect gift for old fans and new. For Rand al'Thor, life in Emond's Field has been pretty dull. Until the

appearance of Moiraine, an Aes Sedai—a magician who can wield the One Power. Soon after, the village is attacked by Trollocs—and according to Moiraine, Rand was the target. He and his friends are forced to flee. But his escape will bring him face to face with the Dark One...the most powerful force of evil in the universe. Rand and his friends are forced to flee. But his escape will bring him face to face with the Dark One...the

most powerful force of evil in the universe. Starting Strength National Academies Press Foundations of Strategy, Canadian Edition is a concise text aimed at both undergraduate and MBA students. With the needs of these students in mind, the authors made sure that the text was written in an accessible style, with a clear, comprehensive approach and sound theoretical depth. An

excellent set of current and in-depth Canadian and global cases will show students how to apply the strategy concepts in real-world scenarios. Today's strategy modules are delivered in a wide variety of different formats to a wide range of audiences. Instructors frequently find themselves faced with the challenge of delivering their modules in relatively short time frames to student

groups with very diverse educational and employment backgrounds. This text is designed to assist instructors in meeting this challenge by covering the core aspects of strategy as concisely as possible without losing academic depth. Redeeming Your Time National Geographic Books Principles of Management is designed to meet the scope and sequence requirements

of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as

behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

Essentialism isn't about getting more done in less time. It's about getting only the right things done. Featuring the new Essentialism 21-Day Challenge • "A timely,

essential read for anyone who feels overcommitted, overloaded, or overworked." —Adam Grant

Have you ever:

- found yourself stretched too thin?
- simultaneously felt overworked and underutilized?
- felt busy but not productive?
- felt like your time is constantly being hijacked by other people's agendas?

If you answered yes to any of these, the way out is the Way

of the Essentialist. Essentialism is more than a time-management strategy or a productivity technique. It is a systematic discipline for discerning what is absolutely essential, then eliminating everything that is not, so we can make the highest possible contribution toward the things that really matter. By forcing us to apply more selective criteria for what is Essential, the disciplined

pursuit of less empowers us to reclaim control of our own choices about where to spend our precious time and energy—instead of giving others the implicit permission to choose for us. Essentialism is not one more thing—it’s a whole new way of doing everything. It’s about doing less, but better, in every area of our lives. Essentialism is a movement whose time has come. *Organization Theory and*

Cosimo Reports
Strengthen programs of family and community engagement to promote equity and increase student success!
When schools, families, and communities collaborate and share responsibility for students’ education, more students succeed in school. Based on 30 years of research and fieldwork, the fourth edition of the bestseller *School, Family, and*

Community Partnerships: Your Handbook for Action, presents tools and guidelines to help develop more effective and more equitable programs of family and community engagement. Written by a team of well-known experts, it provides a theory and framework of six types of involvement for action; up-to-date research on school, family, and community collaboration;

and new materials for professional development and on-going technical assistance. Readers also will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and

notes for two presentations: A new awareness session to orient colleagues on the major components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked

programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement. The Revolt of The Public and the Crisis of Authority in the New Millennium Macmillan

Preservation is Overtaking Us brings together two lectures given by Rem Koolhaas at Columbia University's Graduate School of Architecture, Planning and Preservation, along with a response (framed as a supplement to the original lectures) by Jorge Otero-Pailos. In the first essay Koolhaas describes alternative strategies for preserving Beijing, China. The second talk marks the inaugural Paul

Spencer Byard lecture, named in celebration of the longtime professor of Historic Preservation at GSAPP. These two lectures trace key moments of Koolhaas' thinking on preservation, including his practice's entry into China and the commission to redevelop the State Hermitage Museum in St. Petersburg, Russia. In a format well known to Koolhaas' readers, Otero-Pailos reworks the

lectures into a working manifesto, using it to interrogate OMA's work from within the discipline of preservation. [Global Trends 2030](#) OECD Publishing New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental

<p>toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to</p>	<p>name him "The Fittest (Real) Man in America." In <i>Can't Hurt Me</i>, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential. <u>Prominent Families of New York</u> Tor Books THE #1 INTERNATIONAL</p>	<p>AL BESTSELLER WITH OVER 28 MILLION COPIES IN PRINT! A timeless business classic, <i>Who Moved My Cheese?</i> uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If</p>
--	---	---

they'd just stop moving "The Cheese." But things keep changing... Most people are fearful of change, both personal and professional, because they don't have any control over how or when it happens to them. Since change happens either to the individual or by the individual, Dr. Spencer Johnson, the coauthor of the multimillion bestseller *The One Minute Manager*, uses

a deceptively simple story to show that when it comes to living in a rapidly changing world, what matters most is your attitude. Exploring a simple way to take the fear and anxiety out of managing the future, *Who Moved My Cheese?* can help you discover how to anticipate, acknowledge, and accept change in order to have a positive impact on your job, your relationships, and every

aspect of your life.

From The Two Rivers John Wiley & Sons
 Finalist for the 2021 CASEY Award for Best Baseball Book of the Year
 "For that period of time, he was the greatest player of my generation."-- Keith Hernandez
 Dave Parker was one of the biggest and most badass baseball players of the late twentieth century. He stood at six foot five and weighed 235 pounds. He was a seven-time All-Star,

a two-time batting champion, a frequent Gold Glove winner, the 1978 National League MVP, and a World Series champion with both the Pittsburgh Pirates and the Oakland A's. Here the great Dave Parker delivers his wild and long-awaited autobiography --an authoritative account of Black baseball during its heyday as seen through the eyes of none other than the

Cobra. From his earliest professional days learning the game from such baseball legends as Pie Traynor and Roberto Clemente to his later years mentoring younger talents like Eric Davis and Barry Larkin, Cobra is the story of a Black athlete making his way through the game during a time of major social and cultural transformation . From the racially integrated playing fields of his high

school days to the cookie-cutter cathedrals of his prime alongside all the midseason and late-night theatrics that accompany an athlete's life on the road- Parker offers readers a glimpse of all that and everything in between. Everything. Parker recounts the triumphant victories and the heart-breaking defeats, both on and off the field. He shares the lessons and experiences of reaching the

absolute pinnacle of professional athletics, the celebrations with his sports siblings who also got a taste of the thrills, as well as his beloved baseball brothers whom the game left behind. Parker recalls the complicated politics of spring training, recounts the early stages of the free agency era, revisits the notorious 1985 drug trials, and pays tribute to the enduring power of

relationships between players at the deepest and highest levels of the sport. With comments at the start of each chapter by other baseball legends such as Pete Rose, Dave Winfield, Willie Randolph, and many more, Parker tells an epic tale of friendship, success, indulgence, and redemption, but most of all, family. Cobra is the unforgettable story of a million-dollar athlete just

before baseball became a billion-dollar game. *Practice Guideline for the Treatment of Patients with Schizophrenia* HarperCollins Tells how the Chicago Bulls basketball team came together to win the 1991 NBA championship. *Own Your Everyday* Penguin The Wheel of Time is now an original series on Prime Video, starring Rosamund Pike as Moiraine! In

Lord of Chaos, the sixth novel in Robert Jordan's #1 New York Times bestselling epic fantasy series, The Wheel of Time®, Rand al'Thor, the Dragon Reborn, builds his army of Light even as sworn enemies--and supposed allies--move against him. Now ruling Tear, Andor, and Caemlyn, among other nations, Rand is recruiting all men capable of channeling to be trained as his Asha'man soldiers. The warrior Aiel clans have pledged loyalty to Rand, acknowledging him as their chief of chiefs, even though the Shaido Aiel remain a threat. Split into two factions, the Aes Sedai of the White Tower and their rebel counterparts both seek to ally themselves with the Dragon Reborn. Rand knows all too well the manipulative nature of the Aes Sedai, no matter which side of their internal war they stand upon. But even he cannot predict just how desperate, cruel, and treacherous they can be. And in the shadows, the Forsaken and the Dark One are conjuring even more chaos... Since its debut in 1990, The Wheel of Time® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling

characters. The last six books in series were all instant #1 New York Times bestsellers, and The Eye of the World was named one of America's best-loved novels by PBS's The Great American Read. bestseller: The true behind-the-scenes story of the manhunt for the 9/11 mastermind is “a page-turner” (Minneapolis Star-Tribune). From the author of *Black Hawk Down* and *Hue 1968*, this is a gripping account of the hunt for Osama bin Laden. With access to key sources, Mark Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded.

After masterminding the attacks of September 11, 2001, Osama bin Laden managed to vanish. Over the next ten years, as Bowden shows, America found that its war with al Qaeda—a scattered group of individuals who were almost impossible to track—demanded an innovative approach. Step by step, Bowden describes the development of a new

tactical strategy to fight this war—the fusion of intel from various agencies and on-the-ground special ops. After thousands of special forces missions in Iraq and Afghanistan, the right weapon to go after bin Laden had finally evolved. By spring 2011, intelligence pointed to a compound in Abbottabad; it was estimated that there was a 50/50 chance that Osama was there. Bowden

shows how three strategies were mooted: a drone strike, a precision bombing, or an assault by Navy SEALs. In the end, the president had to make the final decision. It was time for the finish. "In-depth interviews with Obama and other insiders reveal a White House on edge, facing top-secret options, white-knuckle decisions, and unforeseen obstacles . . . Bowden weaves together accounts from

Obama and top decision-makers for the full story behind the daring operation." —Vanity Fair "The most accessible and satisfying book yet written on the climactic event in the United States' long war against al Qaeda." —San Francisco Chronicle **Lord of Chaos** Open Road + Grove/Atlantic First featured on a British poster produced during World War II, "Keep calm and

carry on" has become the mantra of millions—but exactly how to keep calm remains a difficult question for most of us. The next time you are stressed by pressures at work, overwhelmed by life's challenges, or panicked by problems that seem unsolvable, reach for this book. In *Little Ways to Keep Calm and Carry On*, you'll find twenty short yet powerful lessons and anxiety-

reducing techniques that will help you move past stressful moments with grace. Each lesson is so simple to learn and practice, you'll find that this pocket guide is all you really need whenever you need a little help keeping calm. This book has been awarded The Association for Behavioral and Cognitive Therapies Self-Help Seal of Merit — an award bestowed on outstanding self-help books that are

consistent with cognitive behavioral therapy (CBT) principles and that incorporate scientifically tested strategies for overcoming mental health difficulties. Used alone or in conjunction with therapy, our books offer powerful tools readers can use to jump-start changes in their lives. The Dao of Capital Stripe Press With over 1,000 successful real estate deals between them, the

authors combine the science of negotiation with real world experience to dive into all aspects of the real estate negotiation process -- from the first interaction with a buyer or seller, to renegotiating the contract after unexpected issues arise, to last-minute concessions at closing. Aimed at real estate investors and agents at any level, this book not only covers all aspects of negotiating real estate

deals, but also contains dozens of true-life stories that highlight how strong negotiation can result in more and better deals, as well as dialogue that will teach you what to say and how to say it, strengthening your ability to close profitable transactions. *Preservation is Overtaking Us* Ballantine Books Manage your time the way Jesus managed his with a biblical antidote to

swamped to-do lists and hurried schedules. “A highly practical road map.”—Mark Batterson, New York Times bestselling author and lead pastor of National Community Church Despite the overwhelming amount of resources for time management and work-life balance, the ability to cultivate the efficiency and equilibrium needed to manage all our worthy pursuits can

often feel frustratingly out of reach. The reason for our struggle is that productivity and time-management systems focus on individual habits rather than more meaningful and lasting lifestyle changes. But as it turns out, there is a better way to reach our full potential. We don’t need just another approach to changing our habits. What we need is an operating system that takes into account the

full scope of our lives. In these pages, bestselling author Jordan Raynor presents this system, using seven powerful time-management principles drawn from the example of how Jesus lived: 1. Start with the Word: Find meaningful connection with the author of time daily. 2. Let Your Yes Be Yes: Accept only the commitments you can fulfill. 3. Dissent from the Kingdom of Noise: Create

room for silence, stillness, and reflection. 4. Prioritize Your Yeses: Confidently maintain your commitments. 5. Accept Your “Unipresence” : Focus on one important thing at a time. 6. Embrace Productive Rest: Live the God-designed rhythms of rest which are productive for our goals and souls. 7. Eliminate All Hurry: Embrace productive busyness while ruthlessly eliminating

hurry from our lives. With these principles, you’ll see how Jesus managed his time on earth and how he responded to human constraints much like the ones you face today. More than that, you’ll discover corresponding practices that will help you embrace the best, most Christlike version of yourself possible: purposeful, present, and wildly productive.
