### Waking the Tiger: Healing Trauma Simon and Schuster

A brave mouse, a covetous rat, a wishful serving girl, and a princess named Pea come together in Kate DiCamillo's Newbery Medal-winning tale. Welcome to the story of Despereaux Tilling, a mouse who is in love with music, stories, and a princess named Pea. It is also the story of a rat called Roscuro, who lives in the darkness and covets a world filled with light. And it is the story of Miggery Sow, a slow-witted serving girl who harbors a simple, impossible wish. These three characters are about to embark on a journey that will lead them down into a horrible dungeon, up into a glittering castle, and, ultimately, into each other's lives. What happens then? As Kate DiCamillo would say: Reader, it is your destiny to find out. With black-and-white illustrations and a refreshed cover by Timothy Basil Ering.

year-old daughter, Emma, in the house where Ali's mother's family used to spend summers. All hopes for relaxation are quashed shortly after their arrival, though, when the girls meet Sissy, a kid who's mean and spiteful and a bad influence on Emma. Strangest of all, Sissy keeps talking about a girl named Teresa who drowned under mysterious circumstances back when Claire and Dulcie were kids, and whose body was never found. At first Ali thinks Sissy's just trying to scare her with a ghost story, but soon she discovers the real reason why Sissy is so angry. . . . Mary Downing Hahn is at her chilling best in this new supernatural tale that's certain to send shivers down her readers' spines.

Any captives who can elude Zaroff, his manservant Ivan, and a pack of hunting dogs for three days is set free. No one has yet lasted that long, although a couple of sailors had come close. Zaroff offers sailors a choice—should they decline to be hunted, they will be handed over to Ivan, who had once been official knouter for The Great White Czar. Rainsford denounces this as barbarism, but has no

way out. He reluctantly agrees to be hunted...

It views the human animal as a unique being, endowed with an instinctual capacity. It asks and answers an intriguing question: why are animals in the wild, though threatened routinely, rarely

traumatized? By understanding the dynamics that make wild animals virtually immune to traumatic symptoms, the mystery of human trauma is revealed. *Waking the Tiger* normalizes the symptoms of trauma and the steps needed to heal them. People are often traumatized by seemingly ordinary experiences. The reader is taken on a guided tour of the subtle, yet powerful impulses that govern our responses to overwhelming life events. To do this, it employs a series of exercises that help us focus on bodily sensations. Through heightened awareness of these sensations trauma can be healed.
