The Laws Passed at the Session of the Legislature of the State of South Dakota

Your Guide to Government Legal Passing offers a nuanced look at how the lives of undocumented Mexicans in the US are constantly shaped by federal, state, and local immigration laws. Angela S. García compares restrictive and accommodating immigration measures in various cities and states to show that place-based inclusion and exclusion unfold in seemingly contradictory ways. Instead of fleeing restrictive localities, undocumented Mexicans react by presenting themselves as “legal,” masking the stigma of illegality to avoid

local police and federal immigration enforcement. Restrictive laws coerce assimilation, because as legal passing becomes habitual and embodied, immigrants distance themselves from their ethnic and cultural identities. In accommodating destinations, undocumented Mexicans experience a localized sense of stability and membership that is simultaneously undercut by the threat of federal immigration enforcement and complex street-level tensions with local police. Combining social theory on immigration and race as well as place and law, Legal Passing uncovers the everyday failures and long-term human consequences of contemporary immigration laws in the US.

Laws Passed at the Session of the

General Assembly of the State of Colorado

This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to

the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

Examples are used to illustrate how many laws began as grass-roots initiatives, and how much a law can change from the time it is first suggested to the time it is approved.
