To get the best answer-in
business, in life-you have
to ask the best possible

question. Innovation
expert Warren Berger
shows that ability is both
an art and a science. It
may be the most
underappreciated tool at
our disposal, one we learn
to use well in infancy-and
then abandon as we grow
older. Critical to learning,
innovation, success, even

to happiness-yet often
discouraged in our
schools and workplaces-it
can unlock new business
opportunities and reinvent
industries, spark creative
insights at many levels,
and provide a
transformative new
outlook on life. It is the
ability to question-and to

do so deeply, imaginatively, and “beautifully.” In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems—from

“How can I adapt my career in a time of constant change?” to “How can I step back from the daily rush and figure out what really makes me happy?” By showing how to approach questioning with an open, curious mind and a willingness to work through a series of “Why,” “What if,” and “How” queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.
