From Pete Souza, the #1 New York Times bestselling author of Obama: An Intimate Portrait, comes a potent commentary on the Presidency -- and our

country. As Chief Official White House Photographer, Pete Souza spent more time alongside President Barack Obama than almost anyone else. His years photographing the President gave him an intimate behind-the-scenes view of the unique gravity of the Office of the Presidency -- and the tremendous responsibility that comes with it. Now, as a concerned citizen observing the Trump administration, he is standing up and speaking out. Shade is a portrait in Presidential contrasts, telling the tale of the Obama and Trump administrations through a series of visual juxtapositions. Here, more than one hundred of Souza's unforgettable images of President Obama deliver new power and meaning when framed by the tweets, news headlines, and quotes that defined the first 500 days of the Trump White House. What began with Souza's Instagram posts soon after President Trump's inauguration in January 2017 has become a potent commentary on the state of the Presidency, and our country. Some call this "throwing shade." Souza calls it telling the truth. In Shade, Souza's photographs are more than a rejoinder to the chaos, abuses of power, and destructive policies that now define our nation's highest office. They are a reminder of a President we could believe in, and a courageous defense of American values.

Generations of children have fallen in love with the pioneer saga of the Ingalls family, of Pa and Ma, Laura and her sisters, and their loyal dog, Jack.

Laura Ingalls Wilder's Little House books have taught millions of Americans about frontier life, giving inspiration to many and in the process becoming

icons of our national identity. Yet few realize that this cherished bestselling series wandered far from the actual history of the Ingalls family and from what Laura herself understood to be central truths about pioneer life. In this groundbreaking narrative of literary detection, Christine Woodside reveals for the first time the full extent of the collaboration between Laura and her daughter, Rose Wilder Lane. Rose hated farming and fled the family homestead as an adolescent, eventually becoming a nationally prominent magazine writer, biographer of Herbert Hoover, and successful novelist, who shared the political values of Ayn Rand and became mentor to Roger Lea MacBride, the second Libertarian presidential candidate. Drawing on original manuscripts and letters, Woodside shows how Rose reshaped her mother's story into a series of heroic tales that rebutted the policies of the New Deal. Their secret collaboration would lead in time to their estrangement. A fascinating look at the relationship between two strong-willed women, Libertarians on the Prairie is also the deconstruction of an American myth. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *Our Daily Bread* Random House Puzzles & Games

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

In this arousing new work, Walter Chantry expounds from Christ's dealing with the rich young ruler the essential elements in gospel preaching. A close examination of the scripture evidence leads to this conclusion: "Differences between much of today's preaching and that of Jesus are not petty; they are enormous. The chief errors are not in emphasis or approach but in the heart of the gospel message. Were there a deficiency in one of the areas mentioned in these pages, it would be serious. But to ignore all -- the attributes of God, the holy law of God, repentance, a call to bow to the enthroned Christ -- and to pervert the doctrine of assurance, is the most vital mistake. This powerfully-written book has a message which goes to the heart of the contemporary problem in a way that conferences and commissions on evangelism have failed to do. Its expository approach is particularly valuable. - Back cover.
