Your trauma doesn't need to define you. In *The PTSD Survival Guide for Teens*, trauma specialist Sheela Raja—along with her teen daughter Jaya Ashrafi—offers evidence-based skills to help you find strength, confidence, and resilience in the aftermath of trauma. If you've experienced trauma or suffer from post-traumatic stress disorder (PTSD), the world can seem like a very frightening place. You may even question your own deeply held beliefs, as well as the motives of others. It's important for you to know that you aren't alone, and there isn't anything wrong with you. Many teens have suffered traumatic events, and there are solid skills you can learn that will help you recover. So, how can you begin healing and start building the life you were always meant to lead? In this compassionate guide, you'll find skills based in cognitive behavioral therapy (CBT), dialectical behavior therapy (DBT), and acceptance and commitment therapy (ACT) to help you tackle anxiety and harmful avoidance behaviors; manage negative emotions; cope with flashbacks and nightmares; and develop trusting, healthy relationships—even if your trust in others has been shaken to the core. You'll also learn more about the diagnosis and symptoms of PTSD and understand what kind of help is available to you. Whether you've been diagnosed with PTSD or are simply living with the aftereffects of a traumatic event, you shouldn't have to suffer alone. Aw, a new puppy! How sweet! How precious and adorable! How wrong! Little Ozzy turns out to be the monster that destroys a family's peace and harmony. Or does he? The whole situation is so complex, and the run-up to the Dog War so fraught with complications, that it is completely unreasonable to conclude that it began with any one event - not even the arrival of Ozzy on that fateful day in April. It makes no sense to see the Dog War as an isolated episode, and once it really exploded, it stirred up a lot of old feelings and memories, recollections and resentments that perhaps would have been better forgotten. The Dog War was just a scrimmage in a much larger and longer running series of conflicts. And while the history of the Dog Wars is a story of conflict, it is also a story of victory. Although it is a story of struggle, it is a story of triumph too.

First broadcast in 1968, *Please Sir!* is generally considered to hold a firm place in the distinguished ranks of the greatest British sitcoms. Along the way he shares hilarious anecdotes and fond memories that for the first time give a behind-the-scenes look at what it was like to film the much-loved show that has remained a smash hit for more than fifty years. This journey through the golden age of British sitcom and beyond will bring back all kinds of memories for those lucky enough to have seen *Please Sir!* first-time around... and is an enjoyable waltz through TV history for those that didn't. BOOKER PRIZE WINNER • NATIONAL BESTSELLER • A novel that follows a middle-aged man as he contends with a past he never much thought about—until his closest childhood friends return with a vengeance: one of them from the grave, another maddeningly present. A novel so compelling that it begs to be read in a single setting, *The Sense of an Ending* has the psychological and emotional depth and sophistication of Henry James at his best, and is a stunning achievement in Julian Barnes's oeuvre. Tony Webster thought he left his past behind as he built a life for himself, and his career has provided him with a secure retirement and an amicable relationship with his ex-wife and daughter, who now has a family of her own. But when he is presented with a mysterious legacy, he is forced to revise his estimation of his own nature and place in the world.

Laurel Rae Dickinson started her life during the Great Depression on an Iowa farm. The third daughter of a farmer who needed boys she was expected to command mules, drive tractors, milk the cows, and keep the old sow in line. While she did her best, in the end she didn't prove as "manly" as her two older sisters and may have been a disappointment to her father. This changed after her "accidental" entry into the nursing profession. She started out as assistant to a neurosurgeon and eventually found the high adrenaline life as an emergency room nurse where eventually she rose to be the director. Just as her career and family life should have been peaking everything started falling apart as she found herself divorced and lying in her own emergency room with a broken neck looking up at her co-workers. For many life would have ended here or at least been dimmed. For Laurel it turned out to be just a new beginning in her journey from a hog farm in Iowa

to finding a bit of Heaven on Earth. Follow Laurel on her journey where, through the decisions and deeds in her life, she gives great insights into opportunity, courage, priorities, perseverance, and love.
