The Poisonwood Bible Worcester, Mass. : [s.n.]

New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection
 “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review
 The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and

mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

[A-10s Over Kosovo](#) Weiser Books

Richly illustrated with full-color images, this book is a comprehensive, up-to-date description of the planets, their moons, and recent exoplanet discoveries. This second edition of a now classic reference is brought up to date with fascinating new discoveries from 12 recent Solar System missions. Examples include water on the Moon, volcanism on Mercury's previously unseen half, vast buried glaciers on Mars, geysers on Saturn's moon Enceladus, lakes of hydrocarbons on Titan, encounter with asteroid Itokawa, and sample return from comet Wild 2. The book is further enhanced by hundreds of striking new images of the planets and moons. Written at an introductory level appropriate for undergraduate and high-school students, it provides fresh insights that appeal to anyone with an interest in planetary science. A website hosted by the author contains all the images in the book with an overview of their importance. A link to this can be found at www.cambridge.org/solarsystem.

Around the world in 80 Days Om Books International

What if you could transform your life, your health, your relationships, your finances, and your self-image in just five minutes a day? What if you could learn to do all of that while being engrossed in a story that brings the techniques you'll need to life? Introducing a groundbreaking novel that's been compared to *The Karate Kid*, *Dead Poets Society*, and *Way of the Peaceful Warrior*. Dive into the most transformative year in the lives of Kelvin, Christy, Darnell and Jarod as they manifest the seemingly impossible and prove that an activated mind is capable of making dreams of any size a reality. *The Size of Your Dreams* is not just a story, it's a book that teaches you the tools to manifest your own dreams.

On Old-world Highways Modiphuis

The Book of Buried Treasure is a historical account of pirates and piracy, containing true stories of some of the most notorious buccaneers, their heists and robberies and the pirate gold that is lost forever. The book is written by American journalist and adventurer Ralph D. Paine who was indicted for piracy with a capital crime, after sailing on a boat that was smuggling munitions. Table of Contents: The World-Wide Hunt for Vanished Riches Captain Kidd in Fact and Fiction Captain Kidd, His Treasure Captain Kidd, His Trial, and Death The Wondrous Fortune of William Phips The Bold Sea Rogue, John Quelch The Armada Galleon of Tobermory Bay The Lost Plate Fleet of Vigo The Pirates' Hoard of Trinidad The Lure of Cocos Island The Mystery of the Lutine Frigate The Toilers of the Thetis The Quest of El Dorado The Wizardry of the Divining Rod Sundry Pirates and Their Booty Practical Hints for Treasure Seekers

Rose Neighborhood Sketches, Wayne County, New York Harper Collins

From the #1 New York Times bestselling author of *Killers of the Flower Moon* and *The Wager*, a thrilling and powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs. "[Grann is] one of the preeminent adventure and true-crime writers working today."—*New York Magazine* Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity. Look for David Grann's latest bestselling book, *The Wager!*

A Practical Guide to Qabalistic Symbolism Yale University Press

Burn Brae Dinner Theatre presents "Brigadoon," book and lyrics by Alan Jay Lerner, music by Frederick Loewe, producers John Kinnamon, Bernard T. Levin, directed and staged by John Kinnamon, assistant to the director Jean Anne Kain, orchestra direction by Martin Peicuch, Leeann Hillmer, choral direction by Martin Peicuch, Lynda Wilburger, choreography by Steve Wayne, set design D'Arcy Albertson, lighting design Gail Clark, costumes by Betty Parker.

Being Heumann Large Print Edition Doubleday

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York

and becoming the chief spokesman of the Harlem branch of "the Brotherhood", and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky.

A Psalm for the Wild-Built Courier Dover Publications

Fascinating profiles of thirteen researchers and scientists whose ground-breaking research in the microscopic world set the foundation for the current fight against viruses such as SARS-CoV and HIV/AIDS.

Wuthering Heights Beacon Press

Campaign book; compatible with the "5E" edition rules of *Dungeons & Dragons*.

Microbe Hunters www.Militarybookshop.CompanyUK

In this groundbreaking book, Knight shows how the Qabalah and its basic diagram, the Tree of Life, is a system of relationships among mystical symbols that can be used to gain access to the hidden reaches of the mind. He also demonstrates how the Qabalah is applicable to all mystical traditions and religious beliefs, including Christian mysticism, Greek, Egyptian and Celtic mythologies, and even Native American beliefs. It is indeed symbolic of our universal search for the Divine. Included here are two books in one. The first compares the Western Mystery Tradition with the Eastern system of yoga, analyzes the Tree of Life in full detail, and describes the practical application and theories of Qabalistic symbolism. The second gives the most comprehensive analysis ever published of the twenty-two 'Paths of Concealed Glory' that join the Spheres of the Tree of Life taking into account the Hebrew alphabet, astrological signs, and tarot trumps. A large section explores the history of tarot design and the varying systems of correspondence with the Tree of Life.

Howard Pyle's Book of the American Spirit Cambridge University Press

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

From Puritanism to Postmodernism Penguin

The complete guide for building *Forgotten Realms* characters. This guide presents this changed world from the point of view of the adventurers exploring it. This product includes everything a player needs to create his character for a D&D campaign in the *Forgotten Realms* setting.

Paradise Lost Odyssey of the Dragonlords RPG

Wuthering Heights is the name of Mr. Heathcliff's dwelling. Wuthering being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500 and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here the house pre-eminently. It includes kitchen and parlour, generally; but I believe at *Wuthering*

Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

Midgard Worldbook Lionstail Press

A Publishers Weekly Best Book of the Year for Nonfiction "...an essential and engaging look at recent disability history."—*Buzzfeed* One of the most influential disability rights activists in US history tells her personal story of fighting for the right to receive an education, have a job, and just be human. A story of fighting to belong in a world that wasn't built for all of us and of one woman's activism—from the streets of Brooklyn and San Francisco to inside the halls of Washington—Being Heumann recounts Judy Heumann's lifelong battle to achieve respect, acceptance, and inclusion in society. Paralyzed from polio at eighteen months, Judy's struggle for equality began early in life. From fighting to attend grade school after being described as a "fire hazard" to later winning a lawsuit against the New York City school system for denying her a teacher's license because of her paralysis, Judy's actions set a precedent that fundamentally improved rights for disabled people. As a young woman, Judy rolled her wheelchair through the doors of the US Department of Health, Education, and Welfare in San Francisco as a leader of the Section 504 Sit-In, the longest takeover of a governmental building in US history. Working with a community of over 150 disabled activists and allies, Judy successfully pressured the Carter administration to implement protections for disabled peoples' rights, sparking a national movement and leading to the creation of the Americans with Disabilities Act. Candid, intimate, and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.

Jane Eyre Legare Street Press

Winner of the Hugo Award! In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new *Monk and Robot* series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Little History of the World Weiser Books

First published in 2003. The NATO-led Operation Allied Force was fought in 1999 to stop Serb atrocities against ethnic Albanians in Kosovo. This war, as noted by the distinguished military historian John Keegan, "marked a real turning point . . . and proved that a war can be won by airpower alone." Colonels Haave and Haun have organized firsthand accounts of some of the people who provided that airpower—the members of the 40th Expeditionary Operations Group. Their descriptions—a new wingman's first combat sortie, a support officer's view of a fighter squadron relocation during combat, and a Sandy's leadership in finding and rescuing a downed F-117 pilot—provide the reader with a legitimate insight into an air war at the tactical level and the airpower that helped convince the Serbian president, Slobodan Milosevic, to capitulate.

The Legends and Myths of Hawaii Penguin

After years of work as a small town doctor and a research scientist, Arrowsmith heads for the West Indies with a serum to halt an epidemic. A tragic turn of events forces him to come to terms with his career and his personal life.
