"I love you." "What can I

get you?" "Let's take a walk." Wanting to say simple things like these but not being able to is frustrating and disheartening—but learning how to communicate can be easy and fun! This book is a basic guide to the alphabet, vocabulary, and techniques it takes to connect using American Sign Language. Whether signing out of necessity or learning for the sake of growing, you will enjoy this practical primer. After reading this book, you will be able to use American Sign Language in a social, educational, or professional setting. Whether the goal is to communicate with hearing-impaired grandparent, a child with special needs in school, or an infant, people learn sign language for many different reasons. Easy to read and reference—and complete with images and examples of common signs—this basic guide allows you to make a meaningful connection that's otherwise impossible.

The Art of Letting Go Allyn & Bacon

This text offers a unique approach to using American Sign Language (ASL) and English in a bilingual setting. Each of

the 25 lessons involves sign language conversation using colloquialisms that are prevalent in informal conversations. It also includes practice tests and a glossed alphabetical index.

*Teaching Respect*

Gallaudet University Press Teaches the basics of American Sign Language, providing hundreds of words and phrases for young learners.

**a Hurry** Rockridge Press

Start "talking" with your baby today and discover what they're really trying to tell you With the gift of sign language, you can communicate with your child as early as four to six months, reduce tantrums, build verbal language skills, and create a stronger bond than ever! Using trusted American Sign Language (ASL), *Baby Signing Essentials* is the go-to guide for parents, caregivers, and educators looking to create effective two-way communication. Designed to grow with your baby by covering physical, emotional, mental, and linguistic development at each age, this shows you how to start signing right from your baby's birth or later on. Featuring: •200

illustrated ASL signs (including 50 essential signs like MILK, MORE, and EAT) •Easy-to-follow instructions to help you make each sign correctly

•Age-specific advice on working with infants, toddlers, and beyond

•Fun tips to incorporate signing into daily routines

*Intermediate*

*Conversational Sign Language* John Wiley & Sons

Lucas, Valli (both Gallaudet U.) and Bayley (U. of Texas, San Antonio) present materials

designed to introduce members of the Deaf community and the general public to the sociolinguistic variation in American Sign Language (ASL). These materials are a part of the resulting products from a seven-year

*My First Book of Sign Language* Penguin

Discover the intricacies of American Sign Language with this comprehensive, essential guide to learning the basics of sign language. The appeal of American Sign Language (ASL) has extended beyond the Deaf community into the mainstream—it's even popular as a class in high school and college. You are guided through the basics of ASL with clear

instruction and more than 300 illustrations. With a minimum of time and effort, you will learn to sign: the ASL alphabet; questions and common expressions; numbers, money, and time. With info on signing etiquette, communicating with people in the Deaf community, and using ASL to aid child development, this book makes signing fun for the entire family.

This dissertation examines the connection between language ideologies and second language learning, specifically in the case of American Sign Language. I argue that students' and teachers' ideologies about American Sign Language (ASL) influence the goals and pedagogies of ASL teachers. ASL students enter the classroom with ideologies that conflate ASL with gesture or view it as simplified visual English. ASL students also view deafness as a disability that needs to be fixed. This contrasts with ASL teachers' view that Deaf people are a distinct cultural minority who wish to remain Deaf. As a result, ASL teachers' goals focus on teaching ASL

students to respect Deaf people and their language. This leads to three major pedagogical differences with teachers of spoken languages.

First, ASL teachers focus their cultural lessons on teaching their students a non-pathological view of Deafness. Second, ASL teachers are far more likely than spoken language teachers to think that a member of Deaf Culture should teach ASL. Finally, ASL teachers go to greater lengths than spoken language teachers to avoid the use of English in their classrooms. This research was conducted at five different public universities in the United States. I observed ASL classes at all five universities and a Spanish class at one university. I administered a survey at four of the five universities. I interviewed ASL teachers and teachers of other languages at all five universities.

**The American Sign Language Phrase Book**  
Barrons Educational Series

"Dictionary of all known texts featuring illustrations of early American Sign Language and historical images of French Sign language and linking them with

contemporary signs"--

*Dad and Me in the Morning* Gallaudet University Press

A stunning work of journalism and memoir that explores the intimate truths of the silent but articulate world of the deaf. In American Sign Language, "train go sorry" means "missing the boat." Leah Hager Cohen uses the phrase as shorthand for the myriad missed connections between the deaf and the hearing. As she ushers readers into New York's Lexington School for the Deaf, Cohen (whose grandfather was deaf and whose father was the school's superintendent) she also forges new connections.

**ASL Journal** Albert Whitman & Company  
Are you looking for a perfect notebook which will help you to learn American Sign Language faster and more efficiently? We designed and created this notebook exclusively for ASL learning process! The notebook was published after being approved by ASL users. Why is this notebook is better than other common notebooks? *The Use of Signing Space in a Shared Sign Language of Australia* Barrons Educational Series

Story Time with Signs & Rhymes presents playful stories for read-aloud fun! This rhythmic tale invites readers to chant along and learn American Sign Language signs for vehicles such as cars, fire trucks, and rocket ships. Bring a new, dynamic finger-play experience to your story time! Looking Glass Library is an imprint of Magic Wagon, a division of ABDO Group. Grades P-4.

*Basic ASL Dictionary* Gallaudet University Press

As confirmed by the American Academy of Pediatrics, infant sign language is a boon for enhancing communication between parents and babies, helping to forge an important bond early in a child's life. The Baby Signing Bible provides

step-by-step instructions for parents and other caregivers, as well as insight into why baby sign language is useful for children of all ages. Kids with special needs can also benefit greatly from this program. Featuring 400 signs, the book covers essential nouns such as milk, verbs such as eat, and descriptors such as more. In addition, The Baby Signing Bible features real-life stories from parents who have successfully signed with their children, along with fun songs and games that help families learn to "sign and sing." Confidence-building illustrations enhance the basics for mastering vocabulary words.

*Teach Your Baby to Sign, Revised and Updated 2nd Edition* McGraw-Hill Companies

American Sign Language (ASL) is a vibrant, easy-to-learn language that is used by approximately half a million people each day. Current with the latest additions to ASL and filled with thousands of brand new photographs by Deaf actors, Learn American Sign Language is the most comprehensive guide of its kind. - Learn more than 800 signs, including signs for school, the workplace,

around the house, out and about, food and drink, nature, emotions, small talk, and more. - Unlock the storytelling possibilities of ASL with classifiers, easy ways to modify signs that can turn "fishing" into "catching a big fish" and "walking" into "walking with a group." - Find out how to make sentences with signs, use the proper facial expressions with your signs, and other vital tips.

Open up a whole new world of communication through ASL You can easily learn ASL with help from The American Sign Language Phrase Book. With more than 500 phrases, this is the reference guide to everyday expressions in American Sign Language, providing a quick way for you to converse with deaf people. Clearly illustrated with hundreds of line drawings, this book focuses on areas such as health, family, school, sports, travel, religion, time, money, food and

drink, and small talk. This edition's new chapter on technology boasts 50 phrases to help you communicate about the Internet, computing, video relay, and more. There is even a chapter that gives you phrases for communicating about signing: asking people to sign slower, indicating your fingerspelling ability, and requesting help with your fledgling skills. From asking simple questions ("How are you?") to more complex phrases ("There's no sign for that, you have to fingerspell it."), *The American Sign Language Phrase Book* gives you the power to communicate easily and comfortably in ASL.

**Learn American Sign Language** Simon and Schuster

The complete resource for communicating with your baby! Whether you're new to signing with your baby or looking to expand both of your vocabularies, *The Complete Guide to Baby Sign Language*--from TinySigns® founder Lane Rebelo--makes it a snap. Featuring more than 200 American Sign Language (ASL) signs, this book will have you and your little one signing up a storm. Infants and toddlers can use sign language well before they can speak,

offering an exciting opportunity for the two of you to communicate in deeper and more complete ways. Start things off with baby sign language essentials--like "eat," "more," and "all done"--then move on to more complex ideas--like different foods, the outside world, opposites, and emotions. *The Complete Guide to Baby Sign Language* includes: Songs and activities-- Incorporate baby sign language into everyday fun and master advanced signing concepts. Fully illustrated--Detailed illustrations simplify the learning process and make sure both of you are signing perfectly.

Advanced tips--Get helpful advice and practical tools (including memory tips and baby sign approximations) that

show how easy teaching your baby sign language it can be. Discover a new way to truly connect with your baby using *The Complete Guide to Baby Sign Language*.

*The Everything Sign Language Book* Wellfleet Press

Provides hearing people with an understanding of and skill in Pidgin Sign English (PSE) and/or Manually Coded English (MCE).

**Baby Sign Language Flash Cards** Simon and Schuster

Current estimates have more than one million people using American Sign Language (ASL) in the United States, including approximately 450,000 deaf people. As growing numbers of deaf students are integrated into standard schools, the need for ASL interpreters continues to increase.

Today, many public education systems offer an ASL course as a language elective in their curriculum, and this book—which can be used to teach both interpreters and the deaf—is an ideal text for such courses.

Following a general introduction to American Sign Language and Deaf Culture, the author explains the use of "facial grammar" as a preliminary step to learning and understanding manual signing. Two succeeding chapters present the first eleven key grammatical rules of ASL. The 36 lessons that follow are divided into four groups that put these rules into practice and introduce additional rules. All lessons conclude with a practice session that reviews the lesson's material and

progressively develops the student's proficiency in communicating in ASL. Following each of the four groups of nine lessons is a brief chapter dealing with Deaf Culture. The book's many line drawings illustrate approximately 720 ASL signs and their multiple meanings. The author has focused the text to make learning American Sign Language as easy as it is useful, both for instructors and students.

*Baby Sign Language Basics* Capstone  
Teaches the sign language alphabet.

**The Complete Guide to Baby Sign Language**

Xlibris Corporation  
In this newly expanded edition, a renowned baby-signing expert provides more than 300 American Sign Language (ASL) signs, illustrated with the same clear, easy-to-understand photos and descriptions. Since 2004, *Baby Sign Language Basics* has introduced hundreds of thousands of parents and caregivers around the globe to the miracle of signing with their babies—and left them wanting more! Baby-specific signing techniques, songs, and games are also included to make learning fun and to quickly open up two-way communication.

Parents will meet real signing families and learn how to make sign language a part of their everyday interactions with their children. Also included is a video signing dictionary featuring all the signs from the book. Just point and click, and see the sign you want to learn come alive! This is a must-have for all parents, grandparents, and anyone else who spends time with preverbal children. After all, what parent or caregiver doesn't want to know what their baby is trying to tell them? Now includes streaming video, additional tips, advice, and updated resources!
