The chilling true story of Garrett Wilson, whose infant children from two marriages mysteriously died, apparently from Sudden Infant Death Syndrome (SIDS). Wilson's second former wife, and the mother of his son who died, accused Wilson, who had remarried and had a third child, of philandering and killing his two children for insurance money. of photos. Martin's Press. (July)

Some parts of sunny Florida can be downright chilling . . . A haunting historical tour with photos included! Does the restless ghost of a murder victim haunt a Gulfport home? Does a doomed pirate search for his lost treasure at John's Pass? Are sea captains and Civil War soldiers still combing the area, years after their deaths? With wit and style, the "Queen of Haunts," Deborah Frethem, calls upon years of experience as the general manager and guide of Tampa Bay Ghost Tours to present legends of

sinister deeds and whispers of the past from Florida's haunted peninsula.

**Simplify the Start-Up Process** Starting a new business can be one of the most exciting things you will ever do—as well as one of the most overwhelming. To ensure the future success of your enterprise, take the time to properly establish yourself right from the start. Let *Start a Business in Florida* help you start your dream business headache and hassle-free. Learn how to: - Develop a Complete Business Plan - Register with State Authorities - Establish a Proper Tax Payment System - Market Your Business for Success Essential documents you need to: - Create a Brand-New Business - Avoid Problems with the IRS - Hire Employees - Comply with State and Federal Regulations - And much more . . .

*Use and Misuse of Social Security Numbers* Inventory of the County Archives of Florida: Pinellas Handbook for Public Playground Safety Acts and Resolutions Adopted by the Legislature of Florida Directory of Postsecondary Institutions Includes universities, colleges at the 4-year and 2-year or community and junior college levels, technical institutes, and occupationally-oriented vocational schools in the United States and its outlying areas. *Simplified Irrigation Design* The Second Edition of this best-selling academic guide to irrigation design has been completely rewritten so you can understand it easily. Created for the irrigation designer and installer, as well as students, *Simplified Irrigation Design* clearly explains irrigation design and related hydraulics, without the need for interpretation by teachers. Each chapter

builds on the other, presenting all the fundamentals of irrigation design before getting into the more complicated aspects of irrigation, such as: \* basic hydraulics \* pipe sizing \* friction loss calculations \* determining water pressure. Photos and illustrations show exactly how every concept and piece of equipment works. In addition, you'll learn how to estimate costs and write specifications. Pipe sizes are described according to ASTM to help you fully understand the limits of irrigation pipe use. The expanded Second Edition of this popular guide to landscape irrigation includes all the latest equipment and techniques. Just a few of the new features include: \* Methods of conserving water to help you anticipate your clients' environmental concerns \* Computerized methods for managing labor and irrigation systems that will help you save money on labor and water costs \* Metric values for every Imperial (U.S.) measurement, enabling you to meet federal metric guidelines and better communicate with an international audience. Another bonus: the author has combed the minds of irrigation designers, contractors, and equipment manufacturers to help you avoid costly mistakes that even veterans make. Whether you're just learning or brushing up on the latest technology, you'll want to read the Second Edition of *Simplified Irrigation Design* from cover to cover.

Includes universities, colleges at the 4-year and 2-year or community and junior college levels, technical institutes, and

occupationally-oriented vocational schools in the United States and its outlying areas.

### **Southern Reporter**

“For people suffering from stress, this book is a godsend.”

—Kristin Neff, PhD, author of *Self-Compassion* “Highly recommended for mental health professionals and consumer health readers looking to manage stress.” —Library Journal (starred review) Modern times are stressful—and it’s killing us. Unfortunately, we can’t avoid the things that stress us out, but we can change how we respond to them. In this breakthrough book, a clinical psychologist and neuroscience expert offers an original approach to help readers harness the power of positive emotions and overcome stress for good. Stress is, unfortunately, a natural part of life—especially in our busy and hectic modern times. But you don’t have to let it get in the way of your health and happiness. Studies show that the key to coping with stress is simpler than you think—it’s all about how you respond to the situations and things that stress you out or threaten to overwhelm you. The *Stress-Proof Brain* offers powerful, comprehensive tools based in mindfulness, neuroscience, and positive psychology to help you put a stop to unhealthy responses to stress—such as avoidance, tunnel vision, negative thinking, self-criticism, fixed mindset, and fear. Instead, you’ll discover unique exercises that provide a recipe for resilience, empowering you to master your emotional responses, overcome negative thinking, and create a more tolerant, stress-proof brain. This book will help you develop an original and effective program for mastering your emotional brain’s response to stress by harnessing the power of neuroplasticity. By creating a more

stress tolerant, resilient brain, you’ll learn to shrug off the small stuff, deal with the big stuff, and live a happier, healthier life.

### Start a Business in Florida

Florida has nearly 101,000 inmates in 49 major state prisons and numerous correctional facilities called annexes and work camps. A clemency commutation of sentence and parole are alternate paths to the same goal, which is to release the inmate early. Both involve compassion, redemption, and forgiveness, and are the ultimate grant of a second chance. To get either, you must convince elected or appointed officials that the inmate will never commit another serious crime. However, clemency and parole involve different decision-makers, rules and timeframes. Here is the so-called secret sauce (the actual “how-to” steps to leave prison early), written by one of Florida’s most distinguished clemency lawyers.

### Transportation for the Elderly

Hire independent contractors without running into trouble Independent contractors (ICs) do every conceivable type of work—from accounting to web development—and “gig economy” websites make it easy to find and hire qualified ICs. Working with independent contractors saves your business money and gives you flexibility in hiring. But there are risks in trying to establish IC relationships. Simply calling a worker an independent contractor doesn’t make them one. This book shows you how to avoid mistakes that can lead to lawsuits or costly fines from the IRS and state agencies. Learn how to: determine who qualifies as an IC document the IC relationship in a written agreement assess the risks of hiring freelancers and gig workers safeguard your company’s intellectual property, and handle—and settle—an IRS

audit. The 10th edition is completely revised to reflect the latest changes in the law and includes detailed examples of how a business should hire independent contractors. With downloadable forms: comes with invaluable forms that let you document a worker's IC status and create strong contracts. Easy to download and tailor to your own situation, details inside.
