The Complete Guide to Being an Independent

Contractor F.A. Davis
This incisive, practical guide provides a thorough breakdown of the ins and outs everyone needs to know when turning contracting skills into a business. From summoning the motivation to start

your own business to the intricacies of being your own boss, Claudiu Fatu artfully turns his personal experiences and those of other successful contractors into advice on every aspect of building a business. employed By teaching contractors to anticipate problems that can arise when dealing with clients, and to build a business plan that can support a contractor's talents in the best way possible, Starting Your Career as a Contractor is the ultimate manual to getting the job done right! Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Start a Business in Washington Lulu.com "The Contractor Fight" is what HGTV host and best-selling author

Tom Reber calls the battle between your ears. We all have stories and experiences that have formed us into who we are. We are what we think, and the battleground is our mind. The Fight is not with the people you think are "cheap customers." It's not with the unlicensed competitors or the "illegals," as many contractors think. The Fight is with yourself. Sadly, most of the struggles contractors have are self-imposed. It's friendly fire. The negative ways we think about ourselves and our worth... friendly fire. The growing debt, working too much, small bank account... friendly fire. Winning the Fight is a choice. You're noble and full of integrity. You bend

over backward to serve your family and clients. You have taken it on the chin more times than you can count. Now, it's time to get yours. Earn what you're worth. Create a business that serves you and energizes you, instead of one that beats you down. Choose to own your crap and get better today.
