Test yourself and your friends! Fans of the Warriors Raptors, Lakers, Celtics, the UNC Tar Heels, Duke Blue Devils, UCLA Bruins, Kentucky Wildcats, and every other great pro or college team will be puzzled, challenged, and amused by these questions and answers about the NBA, NCAA, WNBA, and everything in between. In this collection of 600 questions, Sam Amico tests your level of expertise on all things basketball. Every era of basketball history is represented, from Bob Cousy to Chris Paul, Moses Malone to Joel Embiid, Michael Jordan to LeBron James, Wilt Chamberlain to Shaquille O'Neal ,and everyone in between. Some of the many questions that Amico poses include: Who was the inventor of the game of basketball (called "Basket Ball") and how many original rules were written by the game's founder? What player scored the most points in an NCAA Tournament Game? Who was the first international player to be inducted into the Hall of Fame? Can you name the four ABA teams that joined the NBA in 1976? From the Celtics dynasty to the most exciting Final Four games of all time, from Magic Johnson and Larry Bird to Stephen Curry and James Harden, here is the definitive test for knowledgeable basketball fans!

Historical Dictionary of Basketball Diversion Books

From its early days as a physical, plodding game with franchises parked in outpost towns like Fort Wayne, Moline, and Rochester, to today's international showcase sport, professional basketball has evolved dramatically over the decades. But the development of the National Basketball Association and its star players was not preordained. There were moments, both obvious and subtle, that steered the direction of the sport, whether it was Bill Russell's swan song, a near-miss on Michael Jordan, Kobe Bryant's All-Star debut at nineteen, a LeBron James legacy game or a deep 3-point-shot by Steph Curry, these moments gradually brought us the NBA we know today—a scrappy league that was jump-started by a 24-second timer and will be defined by the 30,000 3-pointers its players knock down per season. Veteran NBA reporter and editor Sean Deveney will explore the unique characters and backstories of 12 crucial games in the history of the NBA, while putting them into the context of their influence on the direction of the league.

The journey from childhood to manhood is a difficult time in every boy's life, and never has this transition been more challenging than it is today. In addition to the trials of peer pressure, hormones and popularity, young men must grapple with a culture that places enormous emphasis on physical appeal, material wealth and celebrity status. Television, film and video game heroes have become role models to a generation, and boys are hard-pressed to find reliable answers to the question of what it really means to be a man. Stepping in to help fill the void, 'A Better Man' features interviews and first-person narratives from some of the most respected and engaging men in America today. With sincerity and humor, these

surrogate fathers and grandfathers share their experience and advice on courage, service, anger, respect, and a host of other topics. An open letter from one generation to the next, 'A Better Man' sheds some much-needed light on the path to manhood, showing boys another way. A better way.

A biographical account featuring the secrets to success from one of the greatest basketball players of all time: LeBron James “Nothing is given.

Everything is earned.” His power, speed, and killer instincts made him a basketball phenom, but it was blood, sweat, and determination that turned him into an undisputed champion. From the day Sports Illustrated deemed him “The Chosen One” when he was still in high school, LeBron James, a skinny kid from Akron, Ohio, rose to stardom for his world-class athleticism. Two decades, four NBA championships, three Olympic medals, four MVP awards, three teams, and eighteen All-Star selections later, LeBron is the reigning king of the NBA. The world watches in awe as he breaks countless records and sets jaw-dropping new ones. He has taken his success further than anyone imagined, proving himself a savvy investor and businessman, making a splash in the entertainment industry, and emerging as a powerful voice for social justice. Brian Boone's *LeBron: Life Lessons from The King* offers courtside seats to the highs and lows of LeBron's unbelievable journey and reveals valuable insights for anyone trying to make their own lofty dreams come true. - Motivating and empowering quotes from King James himself - A biographical look at LeBron's early years, his rise to fame, and his most spectacular achievements - Original art from Gilang Bogy that captures the spirit of a champion - Guiding truths and hard-earned lessons to inspire your own path to excellence

Every great sports coach is a life coach. This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. Coach: The Greatest Teachers in Sports and Their Lessons for Us All profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. From field to court, diamond, rink, and pitch, the big leagues to the Olympics, college, and high school, Coach delivers the most teachable moments and methods—for play, for competition, and for life. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world's most envied and admired athletes. His profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canqueteau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

From the creators of the #1 New York Times bestseller *The Book of Useless Information* comes another enlightening, entertaining, and ultimately useless assortment of trivia. If you find yourself transfixed by the most trivial of trivia, or mesmerized by the most minor of minutiae, *The Useless Information Society's* latest findings can satisfy your every need. This wide-ranging collection will fill every nook and cranny of your brain with information you'll surely never need, but will enjoy learning anyway! Did you know... - that penguins can jump six feet out of the water? - that everyone is color-blind at birth? Would you care to know... - what the first meal eaten on the moon was? - what country drinks the most Coca-Cola? (Hint: It's not the United States.) In 1995, a secret society was formed comprising Britain's foremost thinkers, writers, and artists to trade and share in useless information (or, as founding member Keith Waterhouse, playwright and journalist, would have it, "totally bloody useless").

Most people believe that being extremely tall would be fantastic. It isn't. It has its advantages, but it also has nearly as many disadvantages. It can be useful in basketball, business, and politics, and when friends are trying to find you in a crowded place. However, it's also inconvenient, expensive, sometimes harmful to one's health, and a little tedious to be bombarded almost daily with questions about how the weather is up there. In this book,

the author takes a lighthearted look at the various aspects of extreme height, and those affected by it, from the perspective of someone who has spent the majority of his life towering above the crowd.
