intended for use on the bar exam and may not be appropriate for use as a practicing attorney. Subjects covered: Business Associations, Civil Procedure, Conflict of Laws, Constitutional Law, Contracts (including UCC Article 2), Criminal Law and Procedure, Evidence, Family Law, Real Property, Torts, Trusts and Estates and UCC Article 9.

**About Our Book:** If you are carrying around a huge commercial bar review book and are unsure what information you actually need to learn, you are not alone. Most companies cram every possible piece of information into their outlines regardless of whether it is actually tested. Such information overload causes problems

during the exam. Our book is comprised of "Comprehensive Outlines," "Primer Outlines," and "Issue Spotters." Everything you need to pass the bar is at your fingertips. The "Comprehensive Outlines" are designed to be studied from until the last three weeks before the bar. Needless to say, they are comprehensive and explain the law in the way it should be written on the bar exam. The "Primer Outlines" are concise and are designed to make the most efficient use of your study time during the final weeks before the bar exam. They are structured to form an active approach that you can work through to make sure you hit all of the issues and

maximize points. The "Issue Spotters" are short, one page checklists that are designed to be memorized prior to taking the bar exam. Exam takers use these checklists to make sure no issue goes uncovered. With this book, success can be yours!

The Ultimate Guide to the UBE (Uniform Bar

Exam) is your “one stop shop” for all things UBE (Uniform Bar Exam). Now administered in over 35 jurisdictions, bar exam takers don’t want to just pass – they want to excel and obtain the highest score possible so they have their choice of UBE jurisdictions. This Guide covers it all – from the basics of what is tested on the UBE, to the best ways to personalize your bar exam study, to the most important of all – how to maximize your score on each of the three sections of the UBE. With over 40 years of combined experience in preparing students to pass the bar exam, Tania Shah, Melissa Hale, and Antonia (Toni) Miceli bring their expertise in the bar

exam field directly to you and use actual bar exam answers from real bar examinees to show you exactly what you need to do to pick up points on the UBE! Key features: Whether you are in a new UBE jurisdiction, or one of the original UBE jurisdictions, this guide provides you with a detailed approach to the UBE, combining the authors’ expertise in bar exam preparation with access to actual bar exam answers from real bar examinees that were written during past bar exams and graded by actual bar exam graders. The Ultimate Guide to the UBE shows readers what an actual bar exam answer looks like, rather than just telling them what the “perfect,” and mostly impossible, essay

answer looks like. The material in this book appeals to readers with its straightforward approach, providing outlines, charts, easily digestible content, and good humor to engage readers with what could seem to be overwhelming and dry content. The Ultimate Guide to the UBE is organized and broken down into four sections: First, the Guide introduces the reader to the UBE, including what is tested on the UBE, how it is tested, and how it is scored, before guiding readers into their bar exam study, with tips on memory, time management, and scheduling. Next, the Guide introduces the reader to the Multistate Essay Exam (MEE), which is the essay component of the UBE.

After breaking down how to prepare for the MEE, and how to structure an MEE answer, the Guide uses actual MEE questions and actual bar exam answers to take the reader, step by step, through maximizing your MEE score. Readers are given the chance to “be the grader” and learn how to self-assess their own answers to improve their MEE score. The Guide repeats this same process with the Multistate Performance Test (MPT), which is the closed-universe skills portion of the UBE. The Guide next tackles the Multistate Bar Exam (MBE), which is the multiple choice section of the UBE. The Guide focuses on each of the seven MBE subjects in independent chapters,

where readers are guided through how to best attack MBE questions in that subject area, which include very detailed answer explanations and strategy pointers. Finally, the Guide provides readers with all of the law needed to answer the actual UBE questions presented in the Guide, including quick reference handouts and charts. *2020 Arizona Bar Exam Total Preparation Book Practising Law Inst Updated for the 2020 bar exams, Quest Bar Review* (QuestBarReview.com) presents the most effective and comprehensive bar review book in the business - the last bar review book you will purchase! Model Code of Judicial Conduct Bar Review

In 2006 the Pennsylvania Board of Law Examiners added employment discrimination as a tested subject on the essay portion of the state's bar exam, thereby making Pennsylvania the only state to test on Title VII of the Civil Rights Act, the Age Discrimination in Employment Act (ADEA), and the employment title of the Americans with Disabilities Act (ADA). It matters some which substantive subjects are tested on a bar exam, and to that extent, Pennsylvania's decision to add

employment discrimination-a subject of considerable prominence in law practice and in the lives of ordinary people-is smart and forward-thinking. Equally wise was Pennsylvania's choice not to test on its own state law variations from the federal employment discrimination laws, which, albeit very important in day-to-day law practice within the Commonwealth, are too arcane to be the stuff of which bar exams should be made. However, Pennsylvania, like so many other states, continues to test on arcane state law variations within so many other subjects, including all those tested on the Multistate Bar

Examination (MBE). Bar exams ought to be a means for evaluating fundamental lawyering skills and not the ability to engage in rote memorization of two layers of law within a myriad of subjects. Accordingly, the Pennsylvania Board of Law Examiners ought to follow its own example with employment discrimination and stop testing Pennsylvania law variations from fundamental legal principles or federal law within all subjects.
