Mary Rowlandson was a colonial American woman who was captured by Native Americans in 1676 during King Philip's War and held for 11 weeks before being ransomed. In 1682, six years after her ordeal, 'The Sovereignty and Goodness of God: Being a Narrative of the Captivity and Restoration of Mrs. Mary Rowlandson' was published. It captures her ordeal in vivid details of its brutality. The book is considered a formative American work in the literary genre of captivity narratives.

When President Clinton sent Richard Holbrooke to Bosnia as America's chief negotiator in late 1995, he took a gamble that would eventually redefine his presidency. But there was no saying then, at the height of the war, that Holbrooke's mission would succeed. The odds were strongly against it. As passionate as he was controversial, Holbrooke believed that the only way to bring peace to the Balkans was through a complex blend of American leadership, aggressive and creative diplomacy, and a willingness to use force, if necessary, in the cause for peace. This was not a universally popular view. Resistance was fierce within the United Nations and the chronically divided Contact Group, and in Washington, where many argued that the United States should not get more deeply involved. This book is Holbrooke's gripping inside account of his mission, of the decisive months when, belatedly and reluctantly but ultimately decisively, the United States reasserted its moral authority and leadership and ended Europe's worst war in over half a century. *To End a War* reveals many important new details of how America made this historic decision. What George F. Kennan has called Holbrooke's "heroic efforts" were shaped by the enormous tragedy with which the mission began, when three of his four team members were killed during their first attempt to reach Sarajevo. In Belgrade, Sarajevo, Zagreb, Paris, Athens, and Ankara, and throughout the dramatic roller-coaster ride at Dayton, he tirelessly imposed, cajoled, and threatened in the quest to stop the killing and forge a peace agreement. Holbrooke's portraits of the key actors, from officials in the White House and the Élysée Palace to the leaders in the Balkans, are sharp and unforgiving. His explanation of how the United States was finally forced to intervene breaks important new ground, as does his discussion of the near disaster in the

early period of the implementation of the Dayton agreement. *To End a War* is a brilliant portrayal of high-wire, high-stakes diplomacy in one of the toughest negotiations of modern times. A classic account of the uses and misuses of American power, its lessons go far beyond the boundaries of the Balkans and provide a powerful argument for continued American leadership in the modern world.

**Narrative of the Captivity and Restoration of Mrs. Mary Rowlandson** The Princeton Review

"An incisive and necessary" (Roxane Gay) debut for fans of *Get Out* and Paul Beatty's *The Sellout*, about a father's obsessive quest to protect his son—even if it means turning him white "Stunning and audacious . . . at once a pitch-black comedy, a chilling horror story and an endlessly perceptive novel about the

possible future of race in America."—NPR LONGLISTED FOR THE DUBLIN LITERARY AWARD, THE CENTER FOR FICTION FIRST NOVEL PRIZE, THE PEN/OPEN BOOK AWARD, AND THE PEN/FAULKNER AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE WASHINGTON POST "You can be beautiful, even more beautiful than before." This is the seductive promise of Dr. Nzinga's clinic, where anyone can get their lips thinned, their skin bleached, and their nose narrowed. A complete demelanization will liberate you from the confines of being born in a black body—if you can afford it. In this near-future Southern city plagued by fenced-in ghettos and police violence, more and more residents are turning to this experimental medical procedure. Like any father, our narrator just wants the best for his son, Nigel, a biracial boy whose black birthmark is getting bigger by the day. The darker Nigel becomes, the more frightened his father feels. But how far will he go to protect his son? And will he destroy his family in the process? This electrifying, hallucinatory novel is at once a keen satire of surviving racism in America and a profoundly moving family story. At its center is a father who just wants his son to thrive in a broken world. Maurice Carlos Ruffin's work evokes the clear vision of Ralph Ellison, the dizzying menace of Franz Kafka, and the crackling prose of Vladimir Nabokov. *We Cast a Shadow* fearlessly shines a light on the violence we inherit, and on the desperate things we do for the ones we love.

American criminal justice is a dysfunctional mess. Cops are too violent, the punishments are too punitive, and the so-called Land of the Free imprisons more people than any other country in the world. Understanding why means focusing on color—not only on black or white (which already has been studied extensively), but also on green. The problem is that nearly everyone involved in criminal justice—including district attorneys, elected judges, the police, voters, and politicians—faces bad incentives. Local towns often would rather send people to prison on someone else's dime than pay for more effective policing themselves. Local police forces can enrich themselves by turning into warrior cops who steal from innocent civilians. Voters have very little incentive to understand the basic facts about crime or how to fix it—and vote accordingly. And politicians have every incentive to cater to voters' worst biases. *Injustice for All* systematically diagnoses why

and where American criminal justice goes wrong, and offers functional proposals for reform. By changing who pays for what, how people are appointed, how people are punished, and which things are criminalized, we can make the US a country which guarantees justice for all. Key Features: Shows how bad incentives, not "bad apples," cause the dysfunction in American criminal justice Focuses not only on overincarceration, but on overcriminalization and other failures of the criminal justice system Provides a philosophical and practical defense of reducing the scope of what's considered criminal activity Crosses ideological lines, highlighting both the weaknesses and strengths of liberal, conservative, and libertarian agendas Fully integrates tools from philosophy and social science, making this stand out from the many philosophy books on punishment, on the one hand, and the solely empirical studies from sociology and criminal science, on the other Avoids disciplinary jargon, broadening the book's suitability for students and researchers in many different fields and for an interested general readership Offers plausible reforms that realign specific incentives with the public good. *Distinguished Asian Americans* University of Northwestern Ohio (UNO). This book addresses the forced removal and confinement of Japanese Americans during World War II—a topic significant to all Americans, regardless of race or color. The internment of Japanese Americans was a violation of the Constitution and its guarantee of equal protection under the law—yet it was authorized by a presidential order, given substance by an act of Congress, and affirmed by the U.S. Supreme Court. Japanese internment is a topic that we as Americans cannot afford to forget or be ignorant of. This work spotlights an important subject that is often only described in a cursory fashion in general textbooks. It provides a comprehensive, accessible treatment of the events of Japanese American internment that includes topical, event, and biographical entries; a chronology and comprehensive bibliography; and primary documents that help bring the event to life for readers and promote inquiry and critical thinking.
