Littlefield

Early feminist theologians
criticized the Christian

doctrine of sin for its focus on female sexual purity and its enabling of the marginalization and oppression of women. Others have questioned whether the entire theological category of sin should be abandoned in favor of other ways of talking about the human predicament. In this new book, Rachel Baard argues for a feminist critique of traditional sin-talk alongside a constructive reinterpretation of the doctrine of sinone that can be life affirming for all persons. She claims that the Christian idea of sinthat tragic flaw at the core of human experienceprovides one of the best tools for understanding the evils of sexism, patriarchy, and traditional sin-talk itself. She likewise provides a new rhetoric of sin-talk, one that accounts for the diverse experiences of the human family, not simply those of powerful men.

The Notorious Reno Gang St. Martin's Press

This is the first book to consider the general course and significance of the European witch craze of the sixteenth and seventeenth centuries since H.R. Trevor-Roper's classic and pioneering study appeared some

fifteen years ago. Drawing upon the advances in historical and social-science scholarship of the past decade and a half, Joseph Klaitis integrates the recent appreciations of witchcraft in regional studies, the history of popular culture, anthropology, sociology, and psychology to better illuminate the place of witch hunting in the context of social, political, economic and religious change. "In all, Klaitis has done a good job. Avoiding the scandalous and sensational, he has maintained throughout, with sensitivity and economy, an awareness of the uniqueness of the theories and persecutions that have fascinated scholars now for two decades and are unlikely to lose their appeal in the foreseeable future."

—American Historical Review "This is a commendable synthesis whose time has come. . . . fascinating . . . " —The Sixteenth Century Journal " . . . comprehensive and clearly written . . . An excellent book . . . " —Choice "Impeccable research and interpretation stand behind this scholarly but not stultifying account . . . " —Booklist "A good, solid, general treatment . . . "

—Erik Midelfort "Servants of Satan is a well written, easy to read book, and the bibliography is a good source of secondary materials for further reading." —Journal of American Folklore
Nashville Haunted Handbook Llewellyn Worldwide

A masterful new survey of sixteenth-century France which examines the vicissitudes of the French monarchy during the Italian Wars and the Wars of Religion. It explores how the advances made under a succession of strong kings from Charles VIII to Henri II created tensions in traditional society which combined with economic problems and emerging religious divisions to bring the kingdom close to disintegration under a series of weak kings from Francois II to Henri III. The political crisis culminated in France's first succession conflict for centuries, but was resolved through Henri IV's timely reconnection of dynastic legitimacy with religious orthodoxy.

Cooking, Eating, Thinking

The Crowood Press

The Dark-Hunters are ancient warriors who have sworn to protect mankind and the fate of the world is in their hands. . . He is

solitude. He is darkness. He is the ruler of the night. Yet Kyrian of Thrace has just woken up handcuffed to his worst nightmare: An accountant. Worse, she's being hunted by one of the most lethal vampires out there. And if Amanda Devereaux goes down, then he does too. But it's not just their lives that are hanging in the balance. Kyrian and Amanda are all that stands between humanity and oblivion. Let's hope they win.

Walking the Twilight Path
Indiana University Press

The author of the bestselling "Buckland's Complete Book of Witchcraft" writes a handbook for anyone who wishes to communicate with spirits, as well as for the less adventurous who simply want to satisfy their curiosity about the subject.

Witch-Hunter Trilogy

Autonomedia

Explore the occult from ancient times to the modern day with one of its most respected scholars and practitioners. Take an enlightening journey through occult history, exploring 100 dramatic incidents, arcane knowledge, and key historical figures from around the world. John Michael Greer delves into

two millennia of tradition, from the earliest alchemists to pagan rituals; from the Philosopher's Stone to Cabala, the first tarot, and the Knights Templar; and from the first horoscopes to fortune-telling trials and the birth of modern witchcraft, or Wicca. Each entry features a stunning image or intriguing item of ephemera.

An ABC of Witchcraft Past and Present Penguin

~The thrilling finale of the Witch-Hunter trilogy~ Hunter Astley has always known that he is different: being a witch-hunter that can use magic has sealed his fate. He must destroy the Shadow Witch once and for all, with the help of some unlikely allies. We delve even deeper into the world of the *Malleus Maleficarum*; into myth, rumour and history that refuses to stay in the past.

The Dark-Hunter

Companion OUP Oxford

The essays in this Handbook, written by leading scholars working in the rapidly developing field of witchcraft studies, explore the historical literature regarding witch beliefs and witch trials in Europe and colonial America between the early fifteenth and early eighteenth centuries.

During these years witches were thought to be evil people who used magical power to inflict physical harm or misfortune on their neighbours. Witches were also believed to have made pacts with the devil and sometimes to have worshipped him at nocturnal assemblies known as sabbaths. These beliefs provided the basis for defining witchcraft as a secular and ecclesiastical crime and prosecuting tens of thousands of women and men for this offence. The trials resulted in as many as fifty thousand executions. These essays study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English, Spanish, and Portuguese colonies in the Americas. They also relate these prosecutions to the Catholic and Protestant reformations, the introduction of new forms of criminal procedure, medical and scientific thought, the process of state-building, profound social and economic change, early modern patterns of gender relations, and the wave of demonic possessions that occurred in Europe at the same time. The essays survey the current state

of knowledge in the field, explore the academic controversies that have arisen regarding witch beliefs and witch trials, propose new ways of studying the subject, and identify areas for future research.

Matthias Thulmann: Witch Hunter Llewellyn

Worldwide

Witch hunts are the result of gendered, cultural and socioeconomic struggles over acute structural, economic and social transformations in both the formation of gendered class societies and that of patriarchal capitalism. It combines political economy with gender and cultural analysis to explain the articulation of cultural beliefs about women as causing harm, and struggles over patriarchy in periods of structural economic transformation. It brings in field data from India and South-East Asia and incorporates a large body of works on witch hunts across geographies and histories. Witch Hunts is a scholarly analysis of the human rights violation of women and its correction through changes in beliefs, knowledge practices and adaptation in structural transformation.

Stress is a universal phenomenon that impacts adversely on most people. Following on the heels of Stress Science:

Neuroendocrinology and Stress Consequences:

Mental,

Neuropsychological and Socioeconomic, this third

derivative volume will

provide a readily accessible and affordable compendium that

explains the phenomenon of stress as it relates physically and mentally to war, conflict and disaster.

The first section will be dedicated to study of the link between stress and various forms of conflict.

Specific instances of conflict will be discussed - the Gulf wars, Korea, Hiroshima bombing, the Holocaust, 9/11, Northern Ireland, terrorism in general, torture. The second section will

explore the stress impact of more general physical disasters such as airline

and vehicle accidents, earthquakes, floods, and hurricanes. The final

section will focus on the clinical relationship between conflict stress

and various mental diseases - PTSD, suicide, disaster syndrome, etc -

as well as the adverse

impact of stress on human physical health in general. Comprised of about 100 top articles selected from Elsevier's Encyclopedias of Stress, the volume will provide a valuable desk reference that will put relevant articles readily at the fingertips of all scientists who consider stress.

Chapters offer impressive and unique scope with topics addressing the relationship between stress generated by war, conflict and disaster and various physical/mental disorders Richly illustrated with over 200 figures, dozens in color Articles carefully selected by one of the world's most preeminent stress researchers and contributors represent the most outstanding scholarship in the field, with each chapter providing fully vetted and reliable expert knowledge

The Sea Glass Hunter's Handbook Indiana

University Press

The true story of the world's first robbery of a moving train, and the real origins of the Wild West They were the first outlaws to rob a moving train. But from 1864 to 1868, the Reno brothers and their gang of counterfeiters, robbers, burglars, and safecrackers

also held the town of Seymour, Indiana, hostage, making a large hotel near the train station their headquarters. When the gang robbed the Adams Express car of the Ohio & Mississippi Railroad on the outskirts of Seymour on October 6, 1866, it shocked the world—and made other burgeoning outlaws like Jesse James sit up and take notice. The extraordinary—and extra-legal—efforts to take them out defined the term “frontier justice.” In the end, ten members of the Reno Gang were hanged, including three of the Reno brothers. The Notorious Reno Gang tells the complete story for the first time, revealing how these gangsters, Pinkerton’s National Detective Agency, and the little city of Seymour ushered in the Wild West. Compendium Maleficarum Springer Nature

Philosophy has often been criticized for privileging the abstract; this volume attempts to remedy that situation. Focusing on one of the most concrete of human concerns, food, the editors argue for the existence of a philosophy of food. The collection provides various approaches to the subject matter, offering new

readings of a number of texts—religious, philosophical, anthropological, culinary, poetic, and economic. Included are readings ranging from Plato's *Phaedo* and *Verses of Sen-No-Rikyu* to Peter Singer's "Becoming a Vegetarian" and Jean-François Revel's *Culture and Cuisine*. This reader will have particular appeal for philosophers working in social theory, feminist theory, and environmental ethics, and for those working on alternative approaches to such traditional subject areas as epistemology, aesthetics, and metaphysics.

Abject Eroticism in Northern Renaissance Art

The Witch Hunter's A full-blooded and characterful background book about the dreaded witch hunters who inhabit Warhammer's dark and gothic fantasy universe, the Old World. Full of details on how they root out evil and disorder, many secrets are revealed about the Templars of Sigmar. Accompanying the text is wonderful design and fantastic internal illustrations. Certainly the grimmest book about the Old World so far! The Witch Hunter

Now available as a

complete trilogy - the story of prejudice, betrayal, and forbidden love. ~~~~~ When a new witch threat rises, only Hunter Astley can stop them... In the face of dark magic and evil witches, a secret witch-hunting society works tirelessly to keep them at bay. The Malleus Maleficarum Council have strict rules and practises for eradicating magic. Due to their work, witches have been almost forgotten, relegated to myth; but rumours are starting to emerge of a new power that will throw the world into chaos. As the only 7th generation witch-hunter, Hunter Astley is the best the MMC has to offer. With the help of his colleagues, it's a race to track down this new threat and stop them... in any way he can.

The Witch of Lime Street Westminster John Knox Press

Introduces a spiritual path of personal transformation and rebirth. This book draws on the wisdom of shamans, Tibetan Buddhists, and ancient Egyptians, Michelle

Belanger and illuminates death as a beautiful gateway to change and regeneration.--Worldcat. *Caliban and the Witch* Cambridge University Press

In 1924 the wife of a Boston surgeon came to embody the raging national debate over Spiritualism, a movement devoted to communication with the dead. Reporters dubbed her the blonde Witch of Lime Street, but she was known to her followers simply as Margery. Her most vocal advocate was Sir Arthur Conan Doyle, who believed so thoroughly in Margery's powers that he urged her to enter a controversial contest, sponsored by Scientific American. Her supernatural gifts beguiled four of the judges. There was only one left to convince ... the acclaimed escape artist, Harry Houdini. Jaher captures their electric public rivalry and the competition that brought them into each other's orbit.

Chicago Press
Examines the enormous popular appeal of vampires from early Greek and Slavic folklore to present-day popular culture.

The Penguin Book of Witches Routledge

This book investigates the normalisation of blame-shifting within ideological discourse as a broad feature of history, working from Churchill's truism that history is written by the victors. To that end, it explores historical episodes of political persecution carried out under cover of moral panic, highlighting the process of 'Othering' common to each and theorising a historical model of panic-driven scapegoating from the results. Building this model from case studies in witch panic, communist panic and terrorist panic respectively, *The Oldest Trick in the Book* builds an argument that features common to each case study reflect broader historical patterning consistent with Churchill's maxim. On this basis it argues that the periodic construction of bogeymen or 'folk demons' is a useful device for enabling the kind of victim-playing and victim-blaming critical to protecting elite

privilege during periods of crisis and that in being a recurring theme historically, panic-driven scapegoating retains great ongoing value to the privileged and powerful, and thus conspicuously remains an ongoing feature of world politics.

The Witch's Book of Power Clerisy Press

"Take a journey into the macabre in search of those ultimate creatures of the night: the immortal beings who defy death by feeding on the lifeblood of others - vampires.

Generation after generation has found vampire lore - printed in old books, inscribed in medieval manuscripts, whispered by firelight in chimney corners, or written in moldering tombs and ancient bones - to be as fascinating as it is frightening. Yet its origins have always been shrouded in mystery."

"Where did vampires first arise? Was Dracula really inspired by a 15th-century nobleman with the bloodcurdling name of Vlad the Impaler? Why are vampires so closely associated with epidemic disease and bats? What can we learn from the amazing recent discovery by National Geographic grantee Dr. Matteo Borrini of the buried remains of a

16th-century Venetian plague victim and suspected vampire? And what is it about graveyards that made people believe that the dead could prey on the living?" "In Vampire

Forensics, historian Mark Jenkins probes vampire legend and shows how modern forensics, anthropology, and archaeology have helped to dig up historical truths enshrined in these gruesome tales." --Book

Jacket.
