When Thomas
D. Clark was
hired to teach
history at the
University of
Kentucky in
1931, he
began a
career that
would span
nearly three-
quarters of a
century and
would
profoundly
change not
only the
history
department
and the
university but
the entire
Commonwealt
h. His still-
definitive
History of
Kentucky
(1937) was
one of more
than thirty
books he
would write or
edit that dealt
with Kentucky,
the South, and
the American
frontier. In
addition to his
wide scholarly
contributions,
Clark devoted
his life to the
preservation
of Kentucky's
historical
records. He
began this
crusade by
collecting vast
stores of
Kentucky's
military
records from
the War of
1812, the
Mexican War,
and the Civil
War. His
efforts
resulted in the
Commonwealt
h's first
archival
system and
the
subsequent
creation of the
Kentucky
Library and
Archives, the
University of
Kentucky
Special
Collections
and Archives,
the Kentucky
Oral History
Commission,
the Kentucky
History Center
(recently
named for
him), and the
University
Press of
Kentucky.
Born in 1903
on a cotton
farm in
Louisville,
Mississippi,
Thomas

Dionysius Clark would follow a long and winding path to find his life's passion in the study of history. He dropped out of school after seventh grade to work first at a sawmill and then on a canal dredgeboat before resuming his formal education. Clark's earliest memories—hearing about local lynch-mob violence and witnessing the destruction of virgin forest—are an invaluable

window into the national issues of racial injustice and environmental depredation. In many ways, the story of Dr. Clark's life is the story of America in the twentieth century. In *My Century in History*, Clark offers vivid memories of his journey, both personal and academic, a journey that took him from Mississippi to Kentucky and North Carolina, to leadership of the nation's major historical organizations, and to visiting

professorships in Austria, England, Greece, and India, as well as in universities throughout the United States. An enormously popular public lecturer and teacher, he touched thousands of lives in Kentucky and around the world. With his characteristic wit and insight, Clark now offers his many admirers one final volume of history—his own.

dabbled in high politics. Above all he was an autobiographer of enduring brilliance and subtlety who left behind him what is probably the most remarkable confession ever written. Casanova explored to the full all the possibilities of eighteenth-century Venice offered by way of love and profit before being imprisoned, escaping from jail, and fleeing from the city to begin travels that took him

across Europe. In Moscow and London, Berlin and Constantinople, he met the famous men and women of his time—Catherine the Great, Voltaire, Louis XV, Rousseau—and recorded his encounters for the memoirs he wrote in retirement at the end of his life. *History of My Life* is by turns touching, thrilling, wonderfully comic, and quite irresistible. The present edition, which includes

approximately one third of Casanova's enormous (and unfinished) book, contains all his major adventures and all his greatest affairs of the heart. [Memoirs to Illustrate the History of My Time](#) Univ of North Carolina Press
Sister Lucy Hennessy, a member of the Servants of the Mother of God, became interested in her family history after her parents died. With both of them

gone, she wanted to connect with the relatives that walked the roads she walked, prayed in the church she prayed in, and who, in some cases, went to the school she attended. What were their names? Where were they born? What were their hopes and dreams? She explores those questions and more in this family history, revealing a hardworking, Irish-Catholic family who lovingly and courageously

passed on the deeds of the Lord, His power, and the wonders He has done. They toiled and labored in difficult times and lived out their lives doing routine tasks. They were men and women like us who lived ordinary lives and struggled with ordinary problems - and in some cases, very difficult problems. This book presents a history, including documents and photos, of the author's parents (Patrick

Reardon Hennessy and Annie Murphy Donovan), their parents and grandparents, and sketches of other family members. Pause and reflect on your own family and its wonderful history as the author delves into the past to reveal the glory of God. **The Golden Hour**

They cover his formative years, his struggle against racism and imperialism, his attitude to religion and the partiton of India, his public life, and the relevance of his political economic thought in the twenty-first century. wars, Otter jumped ship and came to New York City in 1801. He apprenticed as a plasterer and joined an urban gang; later he was a master plasterer, tavernkeeper, slavecatcher, "Jackson man," bigot, town bully, notorious practical joker, borderline psychopath, mayoral candidate, and all-round "jolly fellow." History of My Own Times is one of the few first-person accounts of a rural artisan in

pre-genteel America. The book depicts the ambiguities of race relations in the early nineteenth century, sheds light on its definition of manhood, and conveys a sense of humor very different from today's. Richard B. Stott's introduction and commentary place Otter in the context of his times and explore the significance of his autobiography in understanding the social and

cultural history of the early American republic. Oxford University Press
A compelling and evocative novel with an unsettling question at its heart, The Golden Hour from acclaimed author T. Greenwood explores the power of art to connect, to heal, and to reveal... On a spring afternoon long ago, thirteen-year-old Wyn Davies took a shortcut through the woods in her

New Hampshire hometown and became a cautionary tale. Now, twenty years later, she lives in New York, on the opposite side of a duplex from her ex, with their four-year-old daughter shuttling between them. Wyn makes her living painting commissioned canvases of birch trees to match her clients' furnishings. But the nagging sense that she has sold her artistic soul is soon eclipsed by a greater fear. Robby Rousseau, who has spent the past two decades in prison for a terrible crime against her, may be released based on new DNA evidence—unless Wyn breaks her silence about that afternoon. To clear her head, refocus her painting, and escape an even more present threat, Wyn agrees to be temporary caretaker for a friend's new property on a remote Maine island. The house has been empty for years, and in the basement Wyn discovers a box of film canisters labeled "Epitaphs and Prophecies." Like time capsules, the photographs help her piece together the life of the house's former owner, an artistic young mother, much like Wyn. But there is a mystery behind the images too, and unraveling it will force Wyn

to finally confront what happened in those woods—and perhaps escape them at last.

In volume two of this series, historian Christopher Shores begins by exploring the 8th Army's movements after Operation Crusader when they were forced back to the Gazala area in	northeastern Libya, as well as their defeat in June, 1942, the loss of Tobruk, and the efforts of Allied air forces to protect their retreating troops. Shores continues with the heavy fighting that followed in the El Alamein region. This features the Western Desert Air Force and the arrival of the first Spitfires. defeat of Rommel's Deutsche Afrika Korps at Alam el Halfa, after which came the Second Battle of El Alamein. With the arrival of the United States Army Air Force, the Allied air forces gained dominance over the Axis. Shores recounts the lengthy pursuit of the Italo-German forces right across Libya, including the capture of Tripoli and the breakthrough into Southern Tunisia. This allowed a

linkup with other Allied forces in Tunisia (whose story appears in Volume 3). Included with the action are stories of some of the great fighter aces of the Desert campaign such as Jochen Marseille and Otto Schulz of the Luftwaffe, Franco Bordoni-Bisleri of the Regia Aeronautica and Neville Duke, Billy Drake, and "Eddie" Edwards of the Commonwealth air forces. Finally, Shores

touches on the Allied and Axis night bombing offensives and the activities of the squadrons cooperating with the naval forces in the Mediterranean .
