 NATIONAL BESTSELLER • A debut collection of witty, biting essays laced with a surprising warmth, from Jen Mann, the writer behind the popular blog *People I Want to Punch in the Throat* *People I want to punch in the throat*: • anyone who feels the need to bling her washer and dryer • humblebraggers • people who treat their pets like children Jen Mann doesn't have a filter, which sometimes gets her in trouble with her neighbors, her fellow PTA moms, and that one woman who tried to sell her sex toys at a home shopping party. Known for her hilariously acerbic observations on her blog, *People I Want to Punch in the Throat*, Mann now brings her sharp wit to bear on suburban life, marriage, and motherhood in this laugh-out-loud collection of essays. From the politics of joining a play group, to the thrill of mothers' night out at the gun range, to the rewards of your most meaningful relationship (the one you have with your cleaning lady), nothing is sacred or off-limits. So the next time you find yourself wearing fuzzy bunny pajamas in the school carpool line or accidentally stuck at a co-worker's swingers party, just think, What would Jen Mann do? Or better yet, buy her book. Praise for *People I Want to Punch in the Throat* "People I Want to Punch in the Throat is so good that it'll make you want to adopt all the cats in the world. I'm not sure about the correlation, but it's that good. It should come with a warning."—Jenny Lawson, author of *Let's Pretend This Never Happened* "Jen Mann has an amazing way of telling stories that will make you cringe and burst out laughing at the same time. From swinger parties to racist toddlers, she makes the suburbs unbelievably funny."—Karen Alpert, author of *I Heart My Little A-Holes* "Jen Mann says the things we're all too afraid to say. Her honest and hilarious writing style reminds me of David Sedaris and Tina Fey."—Robin O'Bryant, author of *Ketchup Is a Vegetable: And Other Lies Moms Tell Themselves* "Jen Mann's shrewd and

unrelenting assault on the absurdity of suburban life is an honest peek into the occasional nightmare that is part of living the American dream. I love Jen. I wish she was my neighbor. It's so refreshing to know that I'm not the only one who wants to punch almost everyone in the f\*\*\*ing throat."—Nicole Knepper, author of *Moms Who Drink And Swear*

Christmas wouldn't be the same without the "things". This book examines why the trees, cards, wrapping paper, toy villages and Macy's holiday parade play such an important role in the festivities. Through the medium of mass culture, Christmas is here primarily defined as a secular celebration.

This open access book offers a timely guide to challenges and current practices to permanently plug and abandon hydrocarbon wells. With a focus on offshore North Sea, it analyzes the process of plug and abandonment of hydrocarbon wells through the establishment of permanent well barriers. It provides the reader with extensive knowledge on the type of barriers, their functioning and verification. It then discusses plug and abandonment methodologies, analyzing different types of permanent plugging materials. Last, it describes some tests for verifying the integrity and functionality of installed permanent barriers. The book offers a comprehensive reference guide to well plugging and abandonment (P&A) and well integrity testing. The book also presents new technologies that have been proposed to be used in plugging and abandoning of wells, which might be game-changing technologies, but they are still in laboratory or testing level. Given its scope, it addresses students and researchers in both academia and industry. It also provides information for engineers who work in petroleum industry and should be familiarized with P&A of hydrocarbon wells to reduce the time of P&A by considering it during well planning and construction.

*Introduction to Permanent Plug and Abandonment of Wells* Little, Brown Books for Young Readers

The spectacular, true story of a scrappy teenager from New York's Lower East Side who stowed away on the most remarkable feat of science and daring of the Jazz Age, *The Stowaway* is "a thrilling adventure that captures not only the making of a man but of a nation" (David Grann, bestselling author of *Killers of the Flower Moon*). It was 1928: a time of illicit booze, of *Gatsby* and Babe Ruth, of freewheeling fun. The Great War was over and American optimism was higher than the stock market. What better moment to launch an expedition to Antarctica, the planet's final frontier? Everyone wanted in on the adventure. Rockefellers and Vanderbilts begged to be taken along as mess boys, and newspapers across the globe covered the planning's every stage. And then, the night before the expedition's flagship set off, Billy Gawronski—a mischievous, first-generation New York City high schooler, desperate to escape a dreary future in the family upholstery business—jumped into the Hudson River and snuck aboard. Could he get away with it? From the soda shops of New York's Lower East Side to the dance halls of sultry Francophone Tahiti, all the way to Antarctica's blinding white and deadly freeze, author Laurie Gwen Shapiro "narrates this period piece with gusto" (Los Angeles Times), taking readers on the "novelistic" (The New Yorker) and unforgettable voyage of a plucky young stowaway who became a Roaring Twenties celebrity, a mascot for an up-by-your bootstraps era.

Memory—and the Christmas spirit—can be powerful and miraculous! In a little house, in a big city, an old man remembers Christmases long ago—when friends and family gathered to tell stories and sing carols and children made gold paper stars to welcome visitors. Now the city is filled with skyscrapers, bright lights, and signs. Who would even notice old-fashioned paper stars hanging in a window? But when the old man decorates a park tree with his basket full of paper stars—the whole community discovers just how powerful the Christmas spirit can be in this joyous holiday story. "A quiet appeal for simple pleasures and old-fashioned celebrations."—School Library Journal  
**Christmas** Vintage

Lauren's job as a cold case homicide detective is her life. And life just got complicated. Lauren Riley is an accomplished detective who has always been on the opposite side of the courtroom from slick defense attorney Frank Violanti. But now he's begging to hire her as a private investigator to help clear his client of murder. At first Lauren refuses, wanting nothing to do with the media circus surrounding the case—until she meets the eighteen-year-old suspect. To keep an innocent teen from life in prison, Lauren must unravel the conflicting evidence and changing stories to get at the buried facts. But the more she digs, the more she discovers that nothing is what it first appears to be. As Lauren puts her career and life in danger, doubt lurks on every corner . . . and so does her stalker. Praise: "Recommend this one to anyone who loves courtroom dramas where lawyers tear into witnesses like pit bulls. And to anyone hot for a police procedural where tired cops make mistakes but slowly, relentlessly—and with morbid humor—get the job done. Redmond delivers both in one package...The real attraction here is a keyhole view into a world that turns our expectations upside down—a world where a bullying, quasi-fascist cop can be the only one with a handle on reality. Keep your eyes on Redmond, a retired cop who knows how to write."—Booklist "Redmond, a recently retired Buffalo PD homicide detective, keeps everything moving nicely in this well-constructed crime novel."—Publishers Weekly "An excellent police procedural combined with a psychological thriller."—Kirkus Reviews "A Cold Day in Hell is a fine first novel and Lauren Riley is cool new addition to the world of PI and cop protagonists. A retired detective, Lissa Marie Redmond gives it to the reader without the sugarcoating and lifts the veil off how the system really works...or doesn't."—Reed Farrel Coleman, New York Times bestselling author of *What You Break* "Ex-cop Lissa Redmond has a sure hand with police procedure, which should be no surprise. The joy of *A Cold Day in Hell* comes from her equally sure hand

with storytelling. This is a welcome new voice on the crime scene."—SJ Rozan, bestselling author of *Ghost Hero* "Redmond has concocted a well-crafted story with plenty of twists, but more importantly good characterization."—Mystery Scene Magazine

A celebration of Christmas in the 1950s and '60s Midcentury America was a wonderland of department stores, suburban cul-de-sacs, and Tupperware parties. Every kid on the block had to have the latest cool toy, be it an Easy Bake Oven for pretend baking, a rocket ship for pretend space travel, or a Slinky, just because. At Christmastime, postwar America's dreams and desires were on full display, from shopping mall Santas to shiny aluminum Christmas trees, from the Grinch to Charlie Brown's beloved spindly Christmas tree. Now design maven Sarah Archer tells the story of how Christmastime in America rocketed from the Victorian period into Space Age, thanks to the new technologies and unprecedented prosperity that shaped the era. The book will feature iconic favorites of that time, including: • A visual feast of Christmastime eats and recipes, from magazines and food and appliance makers • Christmas cards from artists and designers of the era, featuring Henry Dreyfuss, Charles & Ray Eames, and Alexander Girard • Vintage how-to templates and instructions for holiday decor from *Good Housekeeping* and the 1960's craft craze • Advice from *Popular Mechanics* on how to glamorize your holiday dining table • Decorating advice for your new Aluminum Christmas Tree from ALCOA (the Aluminum Company of America) • The first American-made glass ornaments from Corning Glassworks
