Humanitarian intervention invariably rubs shoulders with politics, albeit awkwardly and sometimes even with tragic results. Tensions between them take many forms, ranging from different assessments of the extent or even the existence of a crisis to claims that humanitarian assistance is not saving innocent lives but sustaining politico-military forces, or to the conclusion that the constraints upon them compel aid agencies to withdraw from the area of operation completely - whether to ensure the safety of their own staff or

because they believe that their integrity is unacceptably compromised by staying. Development and Humanitarianism addresses these and other dilemmas that aid agencies face in interpreting the principles of humanitarianism in contexts where they risk being manipulated by political agendas. The contributors have extensive experience as frontline aid workers, agency policy makers, academics and researchers, and professional consultants around the world. Like every book in the Development in Practice Readers series, Development and Humanitarianism draws on the contents of the acclaimed international journal, Development in Practice and includes an annotated resource list of recent publications, relevant journals, organizations and websites presenting a cutting-edge guide to thinking and action. Other Contributors: Gretchen Alther, Andrew Bonwick, Julia Buckmaster, Udan Fernando, Dorothea Hilhorst, Jonathan Makuwira, Vanessa Pupavac, Volker Schimmel, Astri Suhrke, Frank James Tester, Martha Thompson and Suzanne Williams.

In this stunning prequel to his critically acclaimed Inspector Erlendur series, Arnaldur Indridason gives devoted fans a glimpse of Erlendur as a young, budding detective. The beat on the streets in Reykjavik is busy: traffic accidents, theft, domestic violence, contraband ... And an unexplained death. When a tramp he met regularly on the night shift is found drowned in a ditch, no one seems to care. But his fate haunts Erlendur and drags him inexorably into the strange and dark underworld of the city. The writer whose work The New York Times describes as "having the sweep and consequence of epic story telling" has outdone himself in this multi-layered and masterful suspense story. His latest book in the series, Strange Shores, was nominated for the 2014 Crime Writers of America Gold Dagger Award.
