Oct. 4 hearing was held in Castine, Maine; Oct. 6 hearing was held Portland, Maine; Oct. 24 hearing was held in Boston, Mass.; Oct. 26 hearing was held in Fort Schuyler, N.Y.; Oct. 27 and 28 hearings were held in Kings Point, N.Y.; and Oct. 31 hearings were held in San Francisco, Calif. and Washington, D.C. *Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1998*

Heritage of the Sea

Your vessel may be equipped with the most advanced technology and the most powerful engines, but the failure to apply the basic principles of bridge resource management can still prevent you from getting where you are going. Satellite systems, ARPA, electronic charts, AIS, sophisticated communication equipment and integrated navigational systems—all these advanced technologies provide valuable capabilities. But accidents still happen, and they usually involve human error. This simple fact has made Bridge Resource Management (BRM) training a requirement for watchkeepers worldwide. *Bridge Resource Management for Small Ships: The Watchkeeper's Manual for Limited-Tonnage Vessels* is the first book to address the unique needs of operators of small ships (limited-tonnage vessels) including tugs, ferries, yachts, and other passenger-carrying vessels. Features: Case histories to illustrate important points A complete course in BRM, suited

for studying on your own as well as a complement to your classwork Topics include: Introduction to BRM, Standard Operating Procedures, Passage Planning, Implementing the Passage Plan, Building a Passage Plan, Situational Awareness and Human Factors, including: Overreliance, Distraction, Stress, Fatigue, Complacency, and Transition; and Human Interactions, including Communications, Teams and Teamwork, Decision Making and Leadership, and Human Error

Bridge Resource Management for Small Ships (PB) Whittles

Set on Maine's rocky coast, enveloped in centuries of maritime tradition, Maine Maritime Academy has trained generations of seafarers. This is the full history of the Academy and her 14 training ships, from the sailing schooner *Mattie*, (built in 1882 and still an active ship!) to the modern State of Maine ex-Tanner.

**Maritime Education and Training**

The first leadership book of its kind, written by a mariner specifically for commercial shipping.

Midshipman Days

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in*

Congress (1824-1837), and the Congressional Globe (1833-1873) *Federal Maritime Training Program...* Mariners Weather Log contains articles, news and information about marine weather events and phenomenon, storms at sea, weather forecasting, the NWS Voluntary Observing Ship (VOS) Program, Port Meteorological Officers (PMOs), cooperating ships officers, and their vessels. It provides meteorological information to the maritime community, and contains a comprehensive chronicle on marine weather. It recognizes ships officers for their efforts as voluntary weather observers, and allows NWS to maintain contact with and communicate with over 10,000 shipboard observers (ships officers) in the merchant marine, NOAA Corps, Coast Guard, Navy, etc. [International Commerce](#)  
 "This book contains authentic

photographs and salient facts covering 358 troopships used in World War II. In addition, other vessels of miscellaneous character, including Victory and Liberty type temporary conversions for returning troops, are listed in the appendices ..."-- Pref.
