Attaching in Adoption Penguin

I Love You Rituals offers more than seventy delightful rhymes and games that send the message of unconditional love and enhance children's social, emotional, and school success. Winner of a 1999 Parent's Guide Children's Media Award, these positive nursery rhymes, interactive finger plays, soothing games, and physically active can be played with children from infancy through age eight. In only minutes a day, these powerful rituals: Prime a child's brain for learning Help children cope with change Enhance attention, cooperation, and self-esteem Help busy families stay close Affirm the parent-child bond that insulates children from

violence, peer pressure, and drugs, and much more. Easy to learn and especially effective in stressful situations, I Love You Rituals gives parents, grandparents, caregivers, and teachers inspiring tools to help children thrive.

Wounded Children, Healing Homes CWLA

This powerful book is written by a teen specifically for children and teens. Trent Taylor, the teen author, addresses the very real and increasing issue of technology and pornography addiction among children and teens in our world today. This guide provides a very frank discussion of the temptations that are present for teens today and gives a list of strategies and techniques that can be used to combat addiction to technology and pornography. This cutting edge book will provide practical and real information in a manner that will draw and engage young readers.

Parent-Wise Solutions, Incorporated

" ... A parenting book [that] demystifies the latest thinking on neurobiology, physiology and trauma, and explains what the research means for parenting children who hurt"--Cover, page [4].

Healing Parents Ballantine Books

Why doesn't our child return our love? What are we failing to understand? What are we failing to do? These questions can fill the minds of adoptive parents caring for wounded, traumatized children. Families often enter into this experience with high expectations for their child and for themselves but are broadsided by shattered assumptions. This book addresses the reality of those unmet expectations and offers validation and solutions for the challenges of parenting deeply traumatized and emotionally disturbed children.

Creating Loving Attachments Harvest House Publishers

Dex is a dragon who likes to play rough. Follow him on his forest walk as he learns to be gentle and kind, so that everyone can enjoy playtime.

No Such Thing as a Bad Kid Houghton Mifflin Harcourt

Written specifically for child- and youth-care professionals, teachers, and foster parents, *No Such Thing As a Bad Kid* is packed with information for anyone who lives or works with kids at risk. Based on the premise that misbehavior is a coded message, this empowering handbook guides you through the decoding process and, via hundreds of hands-on tips and sample dialogues, into approaches capable of revolutionizing your interactions with troubled children and their interactions with the world. Even parents of children not at risk will benefit from this book.

Transforming the Difficult Child Harper Collins

"Wisdom from Adoptive Families" provides parents with experienced advice from other families who have adopted other children as well as experts in the field. Together, there's much hard-earned knowledge from those who can help parents help their children transition into their new families and circumstances.

Trauma Informed Classrooms Routledge

NEW YORK TIMES BESTSELLER • More than 1 million copies in print! • The authors of *No-Drama Discipline* and *The Yes Brain* explain the new science of how a child's brain is wired and how it matures in this pioneering, practical book. "Simple, smart, and effective solutions to your child's struggles."—Harvey Karp, M.D. In this pioneering, practical book, Daniel J. Siegel, neuropsychiatrist and author of the bestselling *Mindsight*, and parenting expert Tina Payne Bryson offer a revolutionary approach to child rearing with twelve key strategies that foster healthy brain development, leading to calmer, happier children. The authors explain—and make accessible—the new science of how a child's brain is wired and how it matures. The "upstairs brain," which makes decisions and balances emotions, is under construction until the mid-twenties. And especially in young children, the right brain and its emotions tend to rule over the logic of the left brain. No wonder kids throw tantrums, fight, or sulk in silence. By applying these discoveries to everyday parenting, you can turn any outburst, argument, or fear into a chance to integrate your child's brain and foster vital growth. Complete with age-appropriate strategies for dealing with day-to-day struggles and illustrations that will help you explain these

concepts to your child, *The Whole-Brain Child* shows you how to cultivate healthy emotional and intellectual development so that your children can lead balanced, meaningful, and connected lives. “[A] useful child-rearing resource for the entire family . . . The authors include a fair amount of brain science, but they present it for both adult and child audiences.”—Kirkus Reviews “Strategies for getting a youngster to chill out [with] compassion.”—The Washington Post “This erudite, tender, and funny book is filled with fresh ideas based on the latest neuroscience research. I urge all parents who want kind, happy, and emotionally healthy kids to read *The Whole-Brain Child*. This is my new baby gift.”—Mary Pipher, Ph.D., author of *Reviving Ophelia* and *The Shelter of Each Other* “Gives parents and teachers ideas to get all parts of a healthy child’s brain working together.”—Parent to Parent

Positive Discipline Bombardier Books

Provides new and highly effective techniques for parents dealing with behavioral challenges with their children. Intended for parents, adoptive parents, foster parents and caretakers of at-risk, ADD/ADHD/RAD, ODD, adopted children and children with behavioral and emotional challenges, Bryan Post speaks to parents about the challenges they face when dealing with behaviors that are often present for adopted children.

Adult Children of Emotionally Immature Parents Jessica Kingsley Publishers

Kids in danger are treated instrumentally to promote the rehabilitation of their parents, the welfare of their communities, and the social justice of their race and tribe—all with the inevitable result that their most precious developmental years

are lost in bureaucratic and judicial red tape. It is time to stop letting efforts to fix the child welfare system get derailed by activists who are concerned with race-matching, blood ties, and the abstract demands of social justice, and start asking the most important question: Where are the emotionally and financially stable, loving, and permanent homes where these kids can thrive? “Naomi Riley’s book reveals the extent to which abused and abandoned children are often injured by their government rescuers. It is a must-read for those seeking solutions to this national crisis.” —Robert L. Woodson, Sr., civil rights leader and president of the Woodson Center “Everyone interested in child welfare should grapple with Naomi Riley’s powerful evidence that the current system ill-serves the safety and well-being of vulnerable kids.” —Walter Olson, senior fellow, Cato Institute, Robert A. Levy Center for Constitutional Studies

Suddenly Siblings Zondervan

Now in 15 languages. Understand the different types of upsets and traumas your child may experience—and learn how to teach them how to be resilient, confident, and even joyful. The number of anxious, depressed, hyperactive and withdrawn children is staggering—and still growing! Millions have experienced bullying, violence (real or in the media), abuse or sexual molestation. Many other kids have been traumatized from more “ordinary” ordeals such as terrifying medical procedures, accidents, loss and divorce. *Trauma-Proofing Your Kids* sends a lifeline to parents who wonder how they can help their worried and troubled children now. It offers simple but powerful tools to keep children safe from danger and to help them “bounce back” after feeling scared and overwhelmed. No longer will kids have to be passive

prey to predators or the innocent victims of life's circumstances. In addition to arming parents with priceless protective strategies, best-selling authors Dr. Peter A. Levine and Maggie Kline offer an antidote to trauma and a recipe for creating resilient kids no matter what misfortune has besieged them. *Trauma-Proofing Your Kids* is a treasure trove of simple-to-follow "stress-busting," boundary-setting, sensory/motor-awareness activities that counteract trauma's effect on a child's body, mind and spirit. Including a chapter on how to navigate the inevitable difficulties that arise during the various ages and stages of development, this ground-breaking book simplifies an often mystifying and complex subject, empowering parents to raise truly confident and joyful kids despite stressful and turbulent times.

Trauma-Proofing Your Kids Getting to Calm

The groundbreaking book that explains Sensory Processing Disorder (SPD)--and presents a drug-free approach that offers hope for parents--now revised and updated. Does your child exhibit... Over-responsivity--or under-responsivity--to touch or movement? A child with SPD may be a "sensory avoider," withdrawing from touch, refusing to wear certain clothing, avoiding active games--or he may be a "sensory disregarder," needing a jump start to get moving. Over-responsivity--or under-responsivity--to sounds, sights taste, or smell? She may cover her ears or eyes, be a picky eater, or seem oblivious to sensory cues. Cravings for sensation? The "sensory craver" never gets enough of certain sensations, e.g., messy play, spicy food, noisy action, and perpetual movement. Poor sensory discrimination? She may not sense the difference between objects or experiences--unaware of what she's holding unless she looks, and unable to

sense when she's falling or how to catch herself. Unusually high or low activity level? The child may be constantly on the go--wearing out everyone around him--or move slowly and tire easily, showing little interest in the world. Problems with posture or motor coordination? He may slouch, move awkwardly, seem careless or accident-prone. These are often the first clues to Sensory Processing Disorder--a common but frequently misdiagnosed problem in which the central nervous system misinterprets messages from the senses. *The Out-of-Sync Child* offers comprehensive, clear information for parents and professionals--and a drug-free treatment approach for children. This revised edition includes new sections on vision and hearing, picky eaters, and disorders such as autism, among other topics.

From Fear to Love Createspace Independent Publishing Platform

Imagine that there is a medication you could administer to your teens that would help regulate their moods, increase their sense of trust, and improve their overall brain function. Imagine, moreover, that it's free, has no negative side effects, and helps to boost the immune system. And it's available in an unlimited supply. It sounds too good to be true, but in *You're Ruining My Life!* Jennifer Kolari shows how her unique approach to parenting can have all these effects and more. Kolari's CALM technique is based on the therapeutic strategy of mirroring. Used regularly, it can strengthen the parent-child bond and build emotional independence. Kolari provides information, advice, sample conversations, and anecdotal examples to show how parents can turn what they have learned into everyday practices that help them to reconnect with their teens so they can spend more time

enjoying each other—and less time at war.

The Connected Child: Bring Hope and Healing to Your Adoptive Family WaterBrook

Redo Roo is a silly kangaroo. He has lots of energy and likes to play. Sometimes he has trouble following directions-- until he learned about the redo!

You're Ruining My Life! Tyndale House

At the age of 14 years old, Roy found himself homeless due to domestic violence. He moved from house to house to survive. With only a duffle bag to call home, he was at the mercy of the streets. After navigating his way to college, Roy swore to never return to that life again. However, one dream would change it all. This riveting memoir journeys through Roy's decision to live homeless once again, but this time, *Homeless by Choice*, with a mission to inspire youth to never give up on life, their dreams and understand the power of higher education. This journey would lead him to uncover the hidden issues that plague America's youth. Surprised by what he finds, Roy is forced to face his own childhood and the demons that have haunted him for years. Just because you have a house doesn't mean you have a home. Are you homeless by choice?

[The Redo Roo](#) Jessica Kingsley Publishers

"An extremely useful parenting handbook... truly outstanding ... strongly recommended." --Library Journal (starred review) "A tremendous resource for parents and professionals alike." -- Thomas Atwood, president and CEO, National Council for Adoption The adoption of a child is always a joyous moment in the life of a family. Some adoptions, though, present unique challenges. Welcoming these children into your family--and

addressing their special needs--requires care, consideration, and compassion. Written by two research psychologists specializing in adoption and attachment, *The Connected Child* will help you:

Build bonds of affection and trust with your adopted child

Effectively deal with any learning or behavioral disorders

Discipline your child with love without making him or her feel

threatened "A must-read not only for adoptive parents, but for all families striving to correct and connect with their children." --

Carol S. Kranowitz, author of *The Out-of-Sync Child* "Drs. Purvis and Cross have thrown a life preserver not only to those just

entering uncharted waters, but also to those struggling to stay afloat." --Kathleen E. Morris, editor of *S. I. Focus* magazine "Truly

an exceptional, innovative work . . . compassionate, accessible, and founded on a breadth of scientific knowledge and clinical

expertise." --Susan Livingston Smith, program director, Evan B. Donaldson Adoption Institute "The *Connected Child* is the literary

equivalent of an airline oxygen mask and instructions: place the mask over your own face first, then over the nose of your child.

This book first assists the parent, saying, in effect, 'Calm down, you're not the first mom or dad in the world to face this hurdle,

breathe deeply, then follow these simple steps.' The sense of not facing these issues alone--the relief that your child's behavior is

not off the charts--is hugely comforting. Other children have

behaved this way; other parents have responded thusly; welcome to the community of therapeutic and joyful adoptive families." --

Melissa Fay Greene, author of *There is No Me Without You: One Woman's Odyssey to Rescue Africa's Children*

On Becoming Baby Wise *The Connected Child: Bring Hope and Healing to Your Adoptive Family*

For anyone who is married, preparing for marriage, or desperate to save a relationship teetering on the brink of divorce, marriage coaches Dave and Ann Wilson offer hope and strategies gleaned from personal experience and Scripture that really work. Vertical Marriage will give you the insight, applications, and inspiration to transform your marriage into everything you hoped it would be. Honest to the core and laugh-out-loud funny, Dave and Ann Wilson share the one secret that brought them from the brink of divorce to a healthy and vibrant relationship. If you had asked Dave how their marriage was doing on the night of their tenth wedding anniversary, Dave would have rated it a 9.8 out of 10, and he would have even guaranteed that Ann would say the same. But instead of giving him a celebratory kiss, Ann whispered, "I've lost my feelings for you." Divorce seemed inevitable for the Wilsons, but starting that night, God began to reveal to Dave and Ann the most overlooked secret of getting the marriage we are looking for: a horizontal marriage relationship just doesn't work until your vertical relationship with Christ is first. As founders of a multi-campus church and marriage coaches with 30 years of experience, Dave and Ann share the hard-earned but easy-to-apply biblical principles that ensure a strong marriage. Written in a highly relatable dialogue between both husband and wife, Vertical Marriage will guide you toward building a vibrant relationship at every level, giving you the tools you need to embrace: Effective communication Fair conflict True romance A deeper connection Through their unique perspectives, Dave and Ann share an intimate, sometimes hilarious, and at times deeply poignant narrative of one couple's journey to reconnecting with God and discovering the joy and power of a

vertical marriage.

Reparenting the Child who Hurts W. W. Norton & Company

If you grew up with an emotionally immature, unavailable, or selfish parent, you may have lingering feelings of anger, loneliness, betrayal, or abandonment. You may recall your childhood as a time when your emotional needs were not met, when your feelings were dismissed, or when you took on adult levels of responsibility in an effort to compensate for your parent's behavior. These wounds can be healed, and you can move forward in your life. In this breakthrough book, clinical psychologist Lindsay Gibson exposes the destructive nature of parents who are emotionally immature or unavailable. You will see how these parents create a sense of neglect, and discover ways to heal from the pain and confusion caused by your childhood. By freeing yourself from your parents' emotional immaturity, you can recover your true nature, control how you react to them, and avoid disappointment. Finally, you'll learn how to create positive, new relationships so you can build a better life. Discover the four types of difficult parents: The emotional parent instills feelings of instability and anxiety The driven parent stays busy trying to perfect everything and everyone The passive parent avoids dealing with anything upsetting The rejecting parent is withdrawn, dismissive, and derogatory

1-2-3 Magic Parent Magic

Adopted children who have suffered trauma and neglect have structural brain change, as well as specific developmental and emotional needs. They need particular care to build attachment and overcome trauma. This book provides professionals with the knowledge and advice they need to help adoptive families build positive relationships and help children heal. It explains how neglect, trauma and prenatal exposure to drugs or alcohol affect brain and emotional development, and explains how to recognise these effects and attachment issues in children. It also provides ways to help children settle into new families and home and school approaches that encourage children to flourish. The book also includes practical resources such as checklists, questionnaires, assessments and tools for professionals including social workers, child welfare workers and mental health workers. This book will be an invaluable resource for professionals working with adoptive families and will support them in nurturing positive family relationships and resilient, happy children. It is ideal as a child welfare text or reference book and will also be of interest to parents.
