The young George III was  
a poignant figure,  
humdrum on the surface  
yet turbulent beneath:

hiding his own passions,  
he tried hard to be a  
father to his siblings and  
his nation. This intimate,  
fast-moving book tells  
their intertwined stories.  
His sisters were doomed  
to marry foreign princes  
and leave home forever;  
his brothers had no role  
and too much time on  
their hands - a recipe for  
disaster. At the heart of

Tillyard's story is Caroline  
Mathilde, who married the  
mad Christian of Denmark  
in her teens, but fell in  
love with the royal doctor  
Struensee: a terrible fate  
awaited them, despite  
George's agonized  
negotiations. At the same  
time he faced his  
tumultuous American  
colonies. And at every  
step a feverish press

pounced on the gossip, fostering a new national passion - a heated mix of celebrity and sex.

How did the West End of London become the world's leading pleasure district? What is the source of its magnetic appeal? How did the centre of London become Theatreland? London's West End, 1800-1914 is the first ever history of the area which has enthralled millions. The reader will discover the growth of theatres, opera

houses, galleries, restaurants, department stores, casinos, exhibition centres, night clubs, street life, and the sex industry. The area from the Strand to Oxford Street came to stand for sensation and vulgarity but also the promotion of high culture. The West End produced shows and fashions whose impact rippled outwards around the globe. During the nineteenth century, an area that serviced the needs of the aristocracy was opened up to a wider public whilst retaining the

imprint of luxury and prestige. Rohan McWilliam tells the story of the great artists, actors and entrepreneurs who made the West End: figures such as Gilbert and Sullivan, the playwright Dion Boucicault, the music hall artiste Jenny Hill, and the American Harry Gordon Selfridge who wanted to create the best shop in the world. At the same time, McWilliam explores the distinctive spaces created in the West End, from the glamour of Drury Lane and Covent Garden,

through to low life bars and taverns. We encounter the origins of the modern star system and celebrity culture. London's West End, 1800-1914 moves from the creation of Regent Street to the glory days of the Edwardian period when the West End was the heart of empire and the entertainment industry. Much of modern culture and consumer society was shaped by a relatively small area in the middle of London. This pioneering study establishes why that was.

Bestselling and award-winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die, near-death experiences, heaven, and hell. We all want to know what awaits us on the other side of death, but is there any reliable evidence that there is life after death? Investigative author Lee

Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts--a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near-death experiences, and an atheist-turned-Christian-philosopher--Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical

accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel examines the alternative of Hell and the logic of damnation, and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life

after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of the entirely credible, believable, and exhilarating life to come. Race Music Cambridge University Press From its beginnings in fascist northern Italy in the early 1940s, this novel reaches into the London of the 1950s and 1970s, drawing on the author's personal experiences of

the London theatre of the time. It follows the progress of Walter Napley, gifted in the arts but intent on a life as a business entrepreneur.

A fresh and intimate portrait of Queen Victoria 'at the play'. Through Victoria's diary, artwork and correspondence we see her as enraptured spectator, bountiful

patron and tyrannical director of private theatricals. At times she appears formidable. More frequently she is impudent, high-spirited and unruly; a woman who delights in gory melodramas and circus acts. *Queen Victoria and the Theatre of Her Age* gives readers a deeply personal account of her lifelong devotion to the stage. It will appeal to anyone interested in monarchy's place in popular culture.

Long held to be among the world's greatest filmmakers, Ingmar Bergman shaped international art cinema from the 1950s to the 1980s. Among his many works, *Persona* is often considered to be his masterpiece and is often described as one of the central works of Modernism. Bergman himself claimed that this film 'touched wordless secrets only the cinema can discover'. The essays collected in this volume, and published for the first time, use a variety of

methodologies to explore topics such as acting technique, genre, and dramaturgy. It also includes translations of Bergman's early writings that have never before been available in English, as well as an updated filmography and bibliography that cover the filmmaker's most recent work.

For forty uninterrupted years, Robert Moses was the most powerful man in New York. Though never elected to office, he

manipulated those who were through a mix of guile, charm and intimidation. Motivated at first by a determination to improve the lives of New York City's workers, he created parks, bridges and 627 miles of expressway to connect the people to the great outdoors. But in the 1950s, groups of citizens began to organize against his schemes and against the motor car, campaigning for a very different idea of what a city should be. David Hare's blazing account of

a man - played by Ralph Fiennes - whose iron will exposed the weakness of democracy in the face of charismatic conviction, premieres at the Bridge Theatre, London, in March 2022.

**Persona** Oxford University Press Bringing together studies in theater history, print culture, and literature, this book offers a new consideration of Romantic-period writing in Britain. Recovering a wide

range of theatrical criticism from newspapers and periodicals, some of it overlooked since its original publication in Regency London, Jonathan Mulrooney explores new contexts for the work of the actor Edmund Kean, essayist William Hazlitt, and poet John Keats. Kean's ongoing presence as a figure in the theatrical news presented readers with a provocative re-imagining of personal subjectivity and a reworking of the British theatrical tradition. Hazlitt

and Keats, in turn, imagined the essayist and the poet along similar theatrical lines, reframing Romantic prose and poetics. Taken together, these case studies illustrate not only theater's significance to early nineteenth-century Londoners, but also the importance of theater's textual legacies for our own re-assessment of 'Romanticism' as a historical and cultural phenomenon.

It was a sad generation

that limped past 1865. Almost every family had been touched by death, and many had been torn apart as sons, brothers, and fathers chose different sides in the Civil War. Murder at Fords Theatre is a history of an assassination with the Civil War as its tragic backdrop and with characters to match this tragedy. There was Lewis Paine, the devoted follower and David Herold who wanted desperately to belong and lose his reputation as an untrustworthy loafer.

There are tragic failures of Mary Surratt and Dr. Samuel Mudd, as well as Abraham Lincoln, unappreciated by the public until his martyrdom. Lincoln refused security and put himself in harms way. Harm came in the form of John Wilkes Booth, an acclaimed actor, who wanted to save his beloved South and believed there was only one way to accomplish his goal. Booth had grown up with his own demons--depression and odd behavior were part of his

family background. His darker side was hate. When the war broke out, Booth took up the southern cause -- the rest of the family sided with the North. Lincoln was a perfect object for Booths hatred. He suspended Habeas Corpus, put many anti-war advocates in jail, continued the war with its grisly pile of human deaths, refused to negotiate a treaty, and wrote Emancipation Proclamation. Booth, who had spent the war in a noncombat position at the behest of his mother,

received news of the end of the war with increased anger. Soon it would be too late to become a hero. His hasty and disorganized plan to assassinate Lincoln went awry. Booth did shoot Lincoln, but during his escape he broke his ankle, an injury that slowed him and led to his capture and death. Only the Bible has been written about more than the Civil War, and the assassination of Lincoln is a part of that story. This is that story.

"In Milly Barranger, Margaret Webster has found the perfect biographer. In Margaret Webster, Milly Barranger has found her perfect subject. She brings to vivid life a fascinating and

important theater figure whose public and private lives were of equal interest. In this carefully researched book, Webster's colleagues, lovers, and friends shine as brightly as she did. I wish she were here to read it." -Marian Seldes "Margaret Webster is a highly welcome addition to our knowledge of the first important female director in American theater. Remembered now especially for her staging of Othello with Paul Robeson, Uta Hagen, and Jose Ferrer, Margaret

Webster was probably the best-known, in-demand, and admired director of Shakespeare in America in the 1940s and 1950s. Fascinating throughout, the book's discussions of working with Robeson, and of HUAC, which targeted her just as her career was reaching a peak, make for especially engrossing reading." - Oscar Brockett Margaret Webster: A Life in the Theater is an engrossing backstage account of the life of pioneering director Margaret Webster (1905-72). This is the first

book-length biography of Webster, a groundbreaking stage and opera director whose career challenged not only stage tradition but also mainstream attitudes toward professional women. Often credited with first having brought Shakespeare to Broadway, and renowned for her bold casting of an African American (Paul Robeson) in the role of Othello, Webster was a creative force in modern American and British theater. Her story reveals the independent-minded

artist undeterred by stage tradition and unmindful of rules about a woman's place in the professional theater. In addition to providing fascinating glimpses into Webster's personal and family life, *Margaret Webster: A Life in the Theater* also offers a who's-who list of the biggest names in New York and London theater of the time, as well as Hollywood: John Gielgud, Noël Coward, George Bernard Shaw, Uta Hagen, Sybil Thorndike, Eva LeGallienne, and John Barrymore, among others,

all of whom crossed paths with Webster. Capping Webster's amazing story is her investigation by Senator Joseph McCarthy and HUAC, which left her unable to work for a year, and from which she never fully recovered.
