The Law of Damages in International Sales Plunkett Research, Ltd.

Double and triple your sales--in any market. The purpose of this book is to give you a series of ideas, methods, strategies, and techniques that you can use immediately to make more sales, faster and easier than ever before. It's a promise of prosperity that sales guru Brian Tracy has seen fulfilled again and again. More sales people have become millionaires as a result of listening to and applying his ideas than from any other sales training process ever developed.

Clever Girl Finance John Wiley & Sons

Steve Jobs was a chief architect of Apple's burgeoning significance in our culture. Under Jobs' leadership, Apple introduced the revolutionary iPod, iTunes, and the iPhone, forever changing how people access and process information. This compelling volume takes an incisive look at the life of Steve Jobs. Chapters discuss his life as a prankster, his early forays into electronics, his spiritual and technological experiments, the start of the Apple empire, and his tragic death from cancer.

'Saidov has produced a detailed and highly readable text that considers in turn the methods of limiting damages, the determination of loss and the calculation of damages. It will doubtless become a first point of reference for academics and practitioners alike.' Martin J Doris, Edinburgh Law Review
The second edition of this internationally acclaimed book explores damages for breach of an international sales contract, one of the most important and frequently invoked remedies. The focus is on the international contract law instruments such as the Convention on Contracts for the International Sale of Goods (CISG), the UNIDROIT Principles of International Commercial Contracts and the Principles of European Contract Law. The book draws on the experience of some major legal systems and engages with legal scholarship on the international instruments and on contract damages, providing the most comprehensive, in-depth and thorough examination of damages under the instruments to date. The second edition is updated, reflecting the latest developments in legal thinking on contract damages. It incorporates around 60 new cases and now covers more than 370 cases decided by courts and arbitration tribunals from around the world. The new edition is substantially revised, including new commentary on damages for a documentary breach. Truly international in spirit, this book is analytically rigorous and practically oriented, offering distinctive analyses of, and solutions to, some of the most challenging problems surrounding contract

damages.

400 Items You Can Sell on EBay: 10 Manuscripts Plunkett Research, Ltd.

I am not a financial adviser. I'm a single father of two with passive income solution. As any parent knows, having kids will teach you lessons in finances that no economics course ever could (although I do have a business degree). When my wife and I divorced in 2018, it was like a bomb went off. I had no more help with childcare, no more partner to stay up at night with a sick baby. I knew I had to get my finances in better shape in order to provide for myself and my family. I knew I wanted to provide for my children and their future, needing such things as college fund, a home where they had more space, and their own rooms. I interacted with the individuals whose finances trumped mine. I began to see patterns on how to make money and what makes someone successful and applied them to my own life. The idea of ways to make money, leveraging my income, and making my money work for me instead me working for it triggered, and it

became my goal to build passive income. Especially now, I realize how expensive it is to raise children, be single, and pay for day care. Even though as of writing this book we share the kids fifty-fifty, I still have to take them to day care so I can work. Not all the passive income ideas and tips mentioned in this book will work for you. Personally, I've implemented a few of the tips written. Each tip is different for each individual, and you have to do what you feel is best for you. What works for me may not necessarily work for you, and vice versa. I hope something in this book will ignite that fire in you to run with it in your life. Whether it's to build wealth, add to your retirement, or just put a few more bucks in your pocket, I am sure there's something in here for you. And, oh yes, I would like to thank our Lord and Savior because without Him, none of this would be possible.
