"Ruth has chronicled a brave, bold and honest journey. Her quest to record an eye opening bird's eye view into the educational systems of America is sure to help many souls successfully navigate the valleys and hills that lie ahead as we strive for freedom in a world that often buries its jewels in the muck and mire of political correctness. Indeed, we were born to shine, and this book will help us

to believe." (Dr. Alveda C. King, Founder of King for America.) "I want to encourage you to take the time not just to read but think through this book by my dear friend, Ruth Stafford. She has shown great courage to honestly, yet lovingly challenge the prevalent thinking in our country. Ruth asks us to reconsider the value of all people, born and pre-born, and to understand that when we choose one life, we really devalue all life. It is imperative that we get honest with ourselves, even question the "status quo" thinking and begin to realize that our only hope is to begin to see people through God's eyes." (Lead

Pastor, Chets Creek Church) "Ruth boldly opens the door to societal problems, exposing how a child's home life affects everything: morality, goals, intellect, dreams and character. She declares, 'Reading is knowledge.'" "With facets of poetry, life experiences, statistics, and resources, Ruth woos the reader towards a shining, conclusive hope. In this book a window opens allowing God's light to illuminate the dark places. Silently, a God consciousness streams in, restoring the broken spirit in practical application. Open the mind. Breathe the truth. Live the faith. Care for one another. Make a difference. Be a conduit of His light."

Do you ever feel burned out, beat up, or just plain bored, wondering, "Is this all there is?" Do you ever feel trapped in a stressful job that leaves you unhappy and unsatisfied? Do you ever question if you're doing what you're supposed to be doing—if you're fulfilling your life's purpose? If so, you are not alone. Like millions of Americans, Brian Souza found

himself in this precarious position a few years back. Despite attending dozens of motivational seminars and devouring the best the self-help industry had to offer, Souza was left wanting more. The turning point came when he finally realized it wasn't artificial motivation he was after; he was really searching for a legitimate reason to be motivated. Thousands of hours of research and countless interviews later, Souza finally uncovered the secrets he was looking for all along: Just as musicians must make music, poets must write, and artists must paint, we all have a unique gift designed for a specific vocation that will bring both meaning and purpose to our lives. True joy and happiness will continue to elude us until we use that gift to become who we were born to be.

Become Who You Were Born to Be is a blueprint for discovering your unique gift and using it to realize your personal and professional potential. Souza's program for achieving success in all areas of life reveals:

- Four steps to discovering your gift, uncovering your passion, and unlocking your purpose
- How to overcome fears and deal with change
- How to work passion into your profession
- Why a midlife crisis should be celebrated
- How to stop stressing and start living
- How to diagnose and fix flawed life patterns
- The untold secrets of top achievers

To illustrate his life-changing philosophy, Souza relates true stories of everyday people and world-famous celebrities—including Lance Armstrong, Amy Tan, Sylvester Stallone, Garth Brooks, and Oprah Winfrey—who

became heroes by overcoming adversity and squeezing every ounce of opportunity from their gifts.

The 12 Principles of the Work We Were

Born to Do Independently Published

Have you ever met someone with the perfect job? To the outside observer, it seems like they've won the career

lottery—that by some stroke of luck or circumstance they've found the one thing they love so much that it doesn't even feel like work—and they're getting paid well to do it. In reality, their good fortune has nothing to do with chance. There's a method for finding your perfect job, and Chris Guillebeau, the bestselling author of *The \$100 Startup*, has created a practical guide for how to do it—whether within a traditional company or business, or by striking out on your own. Finding the work you were “born to do” isn't just about discovering your passion. Doing what brings you joy is great, but if you aren't earning a living, it's a hobby, not a career. And those who jump out of bed excited to go to work every morning don't just have jobs that turn their passions into paychecks. They

have jobs where they also can lose themselves for hours in the flow of meaningful work. This intersection of joy, money, and flow is what Guillebeau will help you find in this book. Through inspiring stories of those who have successfully landed their dream career, as well as actionable tools, exercises, and thought experiments, he'll guide you through today's vast menu of career options to discover the work perfectly suited to your unique interests, skills, and experiences. You'll learn how to:

- Hack the job of your dreams within a traditional organization by making it work for you
- Find not only your ideal work but also your ideal working conditions
- Create plans that will allow you to take smarter career risks and "beat the house" every time
- Start a

profitable "side hustle" and earn extra cash on top of your primary stream of income

- Escape the prison of working for someone else and build a mini-empire as an entrepreneur
- Become a rock star at any creative endeavor by creating a loyal base of fans and followers

Whichever path you choose, this book will show you how to find that one job or career that feels so right, it's like you were born to do it.
