This brand-new manual offers a diagnostic test and two full-length model exams with all questions answered and explained. An overview familiarizes test takers with the exam's two parts -- multiple choice and essay sections. It also explains scoring and offers test-taking tips. An extensive subject review section covers the history of psychology as a scientific discipline, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, motivation and emotion, developmental psychology, personality traits and testing, abnormal psychology and its treatments, and social psychology. Additional material includes extra multiple-choice practice questions and an analysis of the essay question with a sample essay and related questions.

AP Psychology Premium, 2024: 6 Practice Tests + Comprehensive Review + Online Practice Princeton Review *Cracking the AP Psychology Exam, 2020 Edition*, provides students with in-depth reviews of every exam topic, useful techniques for

cracking the multiple-choice section, a step-by-step guide to writing high-scoring free-response essays, and much more.
