ideal for teens who are on that bittersweet cusp of change.” —Booklist “[A] romantic comedy of errors.” —Publishers Weekly Father of the Bride meets Sixteen Candles in the latest novel from New York Times bestselling author Morgan Matson. Charlie Grant’s older sister is getting married this weekend at their family home, and Charlie can’t wait—for the first time in years, all four of her older siblings will be under one roof. Charlie is desperate for one last perfect weekend, before the house is sold and everything changes. The house will be filled with jokes and games and laughs again. Making decisions about things like what college to attend and reuniting with longstanding crush Jesse Foster—all that can wait. She wants to focus on making the weekend perfect. The only problem? The weekend is shaping up to be an absolute disaster. There’s the unexpected dog with a penchant for howling, house alarm that won’t stop going off, and a papergirl with a grudge. There are the relatives who aren’t speaking, the (awful) girl her favorite brother brought home unannounced, and a missing tuxedo. Not to mention the

neighbor who seems to be bent on sabotage and a storm that is bent on drenching everything. The justice of the peace is missing. The band will only play covers. The guests are all crazy. And the wedding planner's nephew is unexpectedly, distractingly... cute. Over the course of three ridiculously chaotic days, Charlie will learn more than she ever expected about the family she

thought she knew by heart. And she'll realize that sometimes, trying to keep everything like it was in the past means missing out on the future.

 A timely reference for all public librarians who serve the business community in libraries, regardless of size or location—from small rural outposts to

bustling big-city branches.
 Serving communities today entails serving businesses—in particular, local businesses, entrepreneurs, and those looking to become entrepreneurs.
 Understandably, many librarians are not prepared for this role, and as a result feel uncomfortable in it.
 Supporting Local Businesses and Entrepreneurs in the Digital Age: The

Public Librarian's Toolkit explains how librarians and libraries can better serve the business community, offering specific guidance on everything from information resources—including books, databases, and free online sites—to programming, special events, marketing, and outreach. Readers will gain insight into key topics ranging from embedded business

librarianship, virtual business librarianship, and government documents to seminars, one-on-one appointments, and trade shows. Providing invaluable guidance based on the authors' real-world experience and research as well as interviews with librarians in all sizes of libraries around the country, this book offers practical, actionable advice and proven best

practices for serving local business owners and entrepreneurs .

Combining the practical and academic aspects of event management this text presents an industry perspective, with real-life event examples and contemporary and relevant case studies. It provides lecturers with a useful platform to integrate key event topics

into the learning environment. The book discusses the management process throughout the 'event cycle', from the pre-event planning stage; on-site delivery to the post event stage. The book is divided into 4 distinct phases, which are: The Event cycle; Before the event; Throughout the event and Beyond the event. Within each of these 4 sections, there are 2 or 3 separate chapters, each

with their own objectives. The book discusses practical and operational elements, such as project management, marketing, sponsorship deals and risk assessment, that need to be put in place both before and during the event. The final section: Beyond the event, examines current and future event trends and issues, and discusses the various career paths that exist and the

skills and qualifications required to gain employment and start a successful career in events. Each chapter profiles someone currently working within the events industry, and presents a scenario of a real event challenge they have faced in their work role, relevant to the chapter. Further viewpoints from a second event practitioner and academic are included,

before the final outcome is presented, showing us in each case, how real life situations develop and are resolved in practice within the events industry. The feature Event Ethics explores a topical issue that should encourage lively discussion and the Did you know? section reveals an interesting and chapter-specific event fact. At the end of every chapter students can revise and

extend their event knowledge with the list of Chapter Summary Questions, which help consolidate the learning outcomes. Additionally the Key Terms section explains any terminology used within the chapter. Each chapter concludes with a section called For the Classroom, featuring discussion points and activities based around the chapter content, as well as reference

sources and suggested reading. Some of the forms and inserts used to contextualise the learning, will appear as weblinks for the students to download and use throughout. *The Event Planning Toolkit* Jones & Bartlett Learning The dynamic and fast-expanding business events sector plays a vital role in the professional lives of hundreds of millions of people worldwide by

providing settings in which they can meet for the purposes of negotiation, deliberation, motivation, the dissemination of knowledge, and the celebration of their greatest career-related achievements. This book provides a sound practical and theoretical context for the study of this subject by covering, in depth, all categories of business-related events including corporate meetings,

association conferences, political events, incentive travel, exhibitions, corporate hospitality, awards ceremonies and SMERF (social, military, educational, religious and fraternal) gatherings. This new edition has been extensively revised and updated to reflect recent developments in business events, including: Five new chapters on business events

destination marketing, knowledge, sustainability, ethics and technology
New 'It's my job' voice boxes offering practical insights from people employed in the business events industry A wide range of new case studies illustrating business events throughout the world, including emerging business events destinations such as Russia and the Middle East

Written in an accessible yet analytical manner, Business Events is essential reading for all students of events, tourism and hospitality management.

Crooked Lane Books Modeled on the format and presentation of Business Graphics, this book features a vast collection of designs for special events from around the globe. Designing for special events such as fundraisers, trade shows, and conferences is becoming commonplace

for many designers as the need to compete for attendance at these events increases.

Small Business and the Public Library Human Kinetics Impending motherhood serves up a confusing cocktail of heroic strength and terrifying vulnerability. Our culture has seized on the “vulnerability” part of this experience and tends to reinforce a pregnant woman’s insecurities

instead of encouraging her to embrace this most natural time and trust her body, her intuition, and her own mind. Feng Shui Mommy takes a different approach, helping the expecting mother build her own unique, epic journey to motherhood. It’s about supporting her while she shores up her mind-body-spirit alignment so she can best handle the cosmic kick in the uterus and juicy kiss on

the soul that pregnancy is. Bailey Gaddis guides women through the experience, providing specific suggestions for mind, body, and spirit for each trimester (including the “fourth,” after birth), leading to birth preparation designed for each mother and baby, and culminating in strong mother-child bonding. She includes detailed and practical information about prenatal exercise and nutrition, birth

preferences and birthing positions, breath work, breastfeeding, and much more. Her advice allows mothers to welcome delight and curiosity into the journey while taking each phase with purpose and calm — and even a sense of fun.

This comprehensive guide makes challenge and change joyful, allowing new life to be as incomparably wonder-filled as it is meant to be.

For most schools and organizations, fundraisers bridge the gap between budgets and the money they need in order to operate. Despite the continued rise in childhood and adult obesity and increased attention to humankind’s ecological impact, many fundraisers still rely on the sale of high-calorie, low-nutrient foods or ask supporters to become consumers of incidental

items and paper products “to support the cause.” Healthy and Sustainable Fundraising Activities offers innovative and thoughtful options that raise money for your cause without contradicting the physical activity, health, and ecological messages emphasized in your school or organization. In contrast to traditional fundraisers involving food and incidental products, the ideas in

Healthy and Sustainable Fundraising Activities encourage personal, community, and environmental health and reinforce the health and social responsibility initiatives in place in your school or organization. With Healthy and Sustainable Fundraising Activities you’ll learn how to involve not just your school or organization but the entire community in health-promoting,

environmentally friendly activities. With Healthy and Sustainable Fundraising Activities, you’ll find a range of ideas—from ink cartridge recycling to a dance competition—and a unique approach to fundraising sure to energize your students, members, and community to meet and exceed your fundraising goals.
