Corporate History of the Pennsylvania  
Lines West of Pittsburgh Ballantine  
Books

In the middle of the Mojave Desert, Las Vegas casinos use billions of gallons of water for fountains, pirate lagoons, wave machines, and indoor canals. Meanwhile, the town of Orme, Tennessee, must truck in water from Alabama because it has literally run out. Robert Glennon captures the irony—and tragedy—of America’s water crisis in a book that is both frightening and wickedly comical.

From manufactured snow for tourists in Atlanta to trillions of gallons of water flushed down the toilet each year, Unquenchable reveals the heady extravagances and everyday inefficiencies that are sucking the nation dry. The looming catastrophe remains hidden as government diverts supplies from one area to another to keep water flowing from the tap. But sooner rather than later, the shell game has to end. And when it does, shortages will threaten not only the environment, but every aspect of American life: we face shuttered power plants and jobless workers, decimated fisheries and contaminated drinking water. We can’t

engineer our way out of the problem, either with traditional fixes or zany schemes to tow icebergs from Alaska. In fact, new demands for water, particularly the enormous supply needed for ethanol and energy production, will only worsen the crisis. America must make hard choices—and Glennon’s answers are fittingly provocative. He proposes market-based solutions that value water as both a commodity and a fundamental human right. One truth runs throughout *Unquenchable*: only when we recognize water’s worth will we begin to conserve it.

**Underwater Ghost Towns of North Georgia** Arcadia Publishing

A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views

of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America’s westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana’s stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events

that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

La exposición refleja la historia del Black Mountain College (BMC), fundado en 1933 en Carolina del Norte y concebido como universidad experimental que situaba al arte en el centro de una educación liberal que pretendía educar mejor a los ciudadanos para participar en la sociedad democrática. La educación era interdisciplinaria y concedía gran importancia al debate, la investigación y la experimentación, dedicando la misma atención a las artes visuales –pintura, escultura, dibujo- que a las llamadas artes aplicadas –tejidos, cerámica, orfebrería, así como a la

arquitectura, la poesía, la música y la danza.

**Lost Towns of North Georgia** Lens & Pens Press

Shantyboat is the story of a leisurely journey down the Ohio and Mississippi rivers to New Orleans. For most people such a journey is the stuff that dreams are made of, but for Harlan and Anna Hubbard, it became a cherished reality. In their small river craft, the Hubbards became one with the flowing river and its changing weathers. This book mirrors a life that is simple and independent, strenuous at times, but joyous, with leisure for painting and music, for observation and contemplation.

*The Time Twisters* Columbia University Press

Rossville and Ross' Landing and ferry

grew up together in the years following the War of 1812. John Ross, a veteran of that war and future chief of the Cherokee Nation, founded commercial ventures both at the Tennessee River and along the Federal Road, just south of the river, taking full advantage of personal and professional relationships he and his father had established with merchants in the North, and most especially with the family of U.S. Indian Agent Return J. Meigs. Ross built both his home and a warehouse directly on the Federal Road, providing easy commerce to the steady streams of traffic, but there is no trace of either of these buildings at their original sites today. To find the John Ross House, one has to venture a little farther afield, to the quiet springs lurking just south of the main

road. W. Jeff Bishop develops a new narrative surrounding this historic Native American home.

*Myth and History* Indiana Historical Society

Examines the life of a former slave who became a radical abolitionist and Union spy, recruiting black soldiers for the North, fighting racism within the Union Army and much more.

The play looks at the difficulties in the life of philosophy student André Sevrain as a young man 15-16 years of age in a Catholic school in Paris, his friendship and love for a younger boy aged 11-12

years.

Reconstruction Yale University Press  
From the author of the acclaimed Dinah Washington biography *Queen* comes this complete account of the triumphs and difficulties of the brilliant and high-tempered Nina Simone. Her distinctive voice and music occupy a singular place in the canon of American song. Tapping into newly unearthed material—including stories of family and career—Nadine Cohodas gives us a luminous portrait of the singer who was born Eunice Waymon in Tryon, North Carolina, in 1933, one of eight children in a proud black family. We see her as a prodigiously talented child who is trained in classical piano through the charitable auspices of a local white woman. We witness her devastating disappointment when she is

rejected by the Curtis Institute of Music—a dream deferred that would forever shape her self-image as well as her music. Yet by 1959—now calling herself Nina Simone—she had sung New York City’s venerable Town Hall and was on her way. As we watch Simone’s exciting rise to stardom, Cohodas expertly weaves in the central factors of her life and career: her unique and provocative relationship with her audiences (she would “shush” them angrily; as a classically trained musician, she didn’t believe in cabaret chat); her involvement in and contributions to the civil rights movement; her two marriages, including one of brief family contentment with police detective Andy Stroud, with whom she had her daughter, Lisa; the alienation from the

United States that drove her to live abroad. Alongside these threads runs a darker one: Nina's increasing and sometimes baffling outbursts of rage and pain and her lifelong struggle to overcome a deep sense of personal injustice, which persisted even as she won international renown. *Princess Noire* is a fascinating story, well told and thoroughly documented with intimate photos—a treatment that captures the passions of Nina's life. From the Hardcover edition.

[Blood at the Root: A Racial Cleansing in America](#) Univ of North Carolina Press

Much like the rest of the nation, South Central Pennsylvania struggled with slavery. The institution lingered locally for more than fifty years, although it was virtually extinct everywhere else within

Pennsylvania. Gradually, anti-slavery views prevailed. The Appalachian Mountains and the Susquehanna River provided natural cover for fleeing slaves, causing an influx of travel along the Underground Railroad. Locals like William Wright and James McAllister assisted these runaways while publicly advocating to abolish slavery. Historian Cooper Wingert reveals the struggles between slavery and abolition in South Central Pennsylvania.

*A Day of Blood* Univ of South Carolina Press

An archeologist reveals the mysterious world that disappeared under North

Georgia's man-made lakes in this fascinating history. North Georgia has more than forty lakes, and not one is natural. The state's controversial decision to dam the region's rivers for power and water supply changed the landscape forever. Lost communities, forgotten crossroads, dissolving racetracks and even entire towns disappeared, with remnants occasionally peeking up from the depths during times of extreme drought. The creation of Lake Lanier displaced more than seven hundred families. During the construction of Lake Chatuge, busloads of schoolboys were brought in to help disinter graves for the community's cemetery relocation. Contractors clearing land for the development of Lake Hartwell met with seventy-eight-

year-old Eliza Brock wielding a shotgun and warning the men off her property. Georgia historian and archeologist Lisa Russell dives into the history hidden beneath North Georgia's lakes. *Understanding Oil Spills and Oil Spill Response* Troubador Publishing Ltd William Shatner describes Willows Weep as one of the most haunted locations in North America. Featured on the series "The UnXplained" we learn about the transfer of ownership of this house of horrors from previous owner Brenda Johnson to Dave Spinks. Dave is now the trusted caretaker & owner of this portal to hell. You will find on the pages of this book the true accounts of what author and paranormal investigator Dave Spinks describes as nothing short of pure evil. Murders, suicides, over dose

deaths, disappearances and demons are just a few of the stories that will make your blood run cold as the stories unfold on the page.. This 30 year seasoned paranormal investigator has spine tingling experiences with the demons that call Willows Weep home. The real life occurrences featured throughout the pages of this book are from multiple paranormal investigators, contributors, interview with the previous owner that will allow you to see that there is in fact a doorway to hell, and it may very well be located in Cuyuga Indiana, at Willows Weep. Published Independently by Starborn Illumination Publishing Company.

Island Press

NEW YORK TIMES BESTSELLER From Edward Rutherford, the grand master of

the historical novel, comes a dazzling epic about the magnificent city of Paris. Moving back and forth in time, the story unfolds through intimate and thrilling tales of self-discovery, divided loyalty, and long-kept secrets. As various characters come of age, seek their fortunes, and fall in and out of love, the novel follows nobles who claim descent from the hero of the celebrated poem The Song of Roland; a humble family that embodies the ideals of the French Revolution; a pair of brothers from the slums behind Montmartre, one of whom works on the Eiffel Tower as the other joins the underworld near the Moulin Rouge; and merchants who lose everything during the reign of Louis XV, rise again in the age of Napoleon, and help establish Paris as the great center

of art and culture that it is today. With Rutherford's unrivaled blend of impeccable research and narrative verve, this bold novel brings the sights, scents, and tastes of the City of Light to brilliant life. Praise for Paris "A tour de force . . . [Edward Rutherford's] most romantic and richly detailed work of fiction yet."—Bookreporter "Fantastic . . . as grand and engrossing as Paris itself."—Historical Novels Review "This saga is filled with historical detail and a huge cast of characters, fictional and real, spanning generations and centuries. But Paris, with its art, architecture, culture and couture, is the undisputed main character."—Fort Worth Star-Telegram "Both Paris, the venerable City of Light, and Rutherford, the undisputed master of the

multigenerational historical saga, shine in this sumptuous urban epic."—Booklist "There is suspense, intrigue and romance around every corner."—Asbury Park Press

*A Standard History of Georgia and Georgians* University of Georgia Press  
Hanna Slivka is on the cusp of fourteen when Hitler's army crosses the border into Soviet-occupied Ukraine. Soon, the Gestapo closes in, determined to make the shtetle she lives in "free of Jews." Until the German occupation, Hanna spent her time exploring Kwasova with her younger siblings, admiring the drawings of the handsome Leon Stadnick, and helping her neighbor dye decorative pysanky eggs. But now she, Leon, and their families are forced to flee and hide in the forest outside their

shtetele-and then in the dark caves beneath the rolling meadows, rumored to harbor evil spirits. Underground, they battle sickness and starvation, while the hunt continues above. When Hanna's father disappears, suddenly it's up to Hanna to find him-and to find a way to keep the rest of her family, and friends, alive. Sparse, resonant, and lyrical, weaving in tales of Jewish and Ukrainian folklore, *My Real Name Is Hanna* celebrates the sustaining bonds of family, the beauty of a helping hand, and the tenacity of the human spirit.

### **Buried in the Bitter Waters**

Underwater Ghost Towns of North Georgia

The very first full biography of The Association, one of the most successful bands to come out of the mid-1960s US

folk-rock boom, with some of the most distinctive harmony sounds of the era, but one that is largely overlooked today. The group achieved two US Billboard Number One hits, a number of further Top 20 places, along with a run of successful best-selling LPs. In addition, whilst often credited as being one of the hardest working bands of the era, they are also honoured as having the second-most played song on US radio history during the 20th century! This extensive biography looks at the early foundations of the line-up, from the various group member's struggles in an early 1960s Los Angeles, touring the folk clubs and coffee houses, through to their 1965 breakthrough and their first recording contract. Then, follow the band through the heady days of a psychedelic 1960s

America, and into the confusion of the 1970's where tragedy, disappointment and disarray left the band on the edge of breakup. The careers of each of the band members are discussed at length as they came, left and re-joined, most notably during the 1980s reunion tour, with full access to the recollections from principle members Jules Alexander, Terry Kirkman and Jim Yester. Finally, we bring the story fully up to date, with the band celebrating their 50th Anniversary and still out on the road, playing to packed venues across the country. Cherish IS indeed the word

*The Ojibwa Dance Drum* Рипол Классик  
If changed by development, the authors found the present Osage valley landscape expressive. Illustrated with hundreds of color photographs, period

maps, and vintage images, this book tells the dramatic saga of human ambition pitted against natural limitations and forces beyond man's control.

**Beyond the Mist** St. Martin's Press

When the bustle of a city slows, towns dissolve into abandoned buildings or return to woods and crumble into the North Georgia clay. The remains of numerous towns dot the landscape—pockets of life that were lost to fire or drowned by the water of civic works projects. In 1832, Auraria was one of the sites of the original American gold rush. Cassville was a booming educational and cultural epicenter until 1864. Allatoona found its identity as a railroad town. Author and professor Lisa M. Russell unearths the forgotten towns

of North Georgia.

*Damming the Osage* University Press of Kentucky

"[A] vital investigation of Forsyth's history, and of the process by which racial injustice is perpetuated in America." —U.S. Congressman John Lewis Forsyth County, Georgia, at the turn of the twentieth century, was home to a large African American community that included ministers and teachers, farmers and field hands, tradesmen, servants, and children. But then in September of 1912, three young black laborers were accused of raping and murdering a white girl. One man was dragged from a jail cell and lynched on the town square, two teenagers were hung after a one-day trial, and soon bands of white "night riders" launched a

coordinated campaign of arson and terror, driving all 1,098 black citizens out of the county. The charred ruins of homes and churches disappeared into the weeds, until the people and places of black Forsyth were forgotten. National Book Award finalist Patrick Phillips tells Forsyth's tragic story in vivid detail and traces its long history of racial violence all the way back to antebellum Georgia. Recalling his own childhood in the 1970s and '80s, Phillips sheds light on the communal crimes of his hometown and the violent means by which locals kept Forsyth "all white" well into the 1990s. In precise, vivid prose, *Blood at the Root* delivers a "vital investigation of Forsyth's history, and of the process by which racial injustice is perpetuated in America" (Congressman John Lewis).

Our Towns London, McClelland  
Reeling from her boyfriend's indiscretions at a party, Lacey Montgomery escapes into the throes of a torrential storm. Her car spins out of control and hurtles into the depths of an icy, black lake. She awakens in the arms of a handsome stranger, in a place she's never heard of—thirty-four years before she was born. Bobby Reynolds is smitten the moment the storm-ravaged woman

opens her eyes. Learning the truth about her origin does nothing to stop the passion taking root in his heart and leaves him torn between finding a way to return Lacey to her time and convincing her stay with him. Will the couple be able to discover the key to a mysterious portal before time rips them apart? Or will their spirits wander forever through a ghost town buried beneath the lake?
