A separate section supplies a list of courses and which universities offer them, making it easy for the reader to cross-reference their chosen course with the right university.

Small Man in a Book Heinemann Drama

A rollicking collection of true tales from the founding editor of the Huffington Post.

Funny Business Headline

This book was shortlisted for the 2015 BSA Philip Abrams Memorial Prize. Comedy is currently enjoying unprecedented growth within the British culture industries. Defying the recent

economic downturn, it has exploded into a booming billion-pound industry both on TV and on the live circuit. Despite this, academia has either ignored comedy or focused solely on analysing comedians or comic texts. This scholarship tends to assume that through analysing an artist's intentions or techniques, we can somehow understand what is and what isn't funny. But this poses a fundamental question – funny to whom? How can we definitively discern how audiences react to comedy? *Comedy and Distinction* shifts the focus to provide the first ever empirical examination of British comedy taste. Drawing on a large-scale survey and in-depth interviews carried out at the Edinburgh Festival Fringe, the book explores what types of comedy people like (and dislike), what their preferences reveal about their sense of humour, how comedy taste lubricates everyday interaction, and how issues of social class, gender, ethnicity and geographical location interact with patterns of comic taste. Friedman asks: Are some types of comedy valued higher than others in British society? Does more 'legitimate' comedy taste act as a tangible resource in social life – a form of cultural capital? What role does humour play in policing class boundaries in contemporary Britain? This book will be of interest to students and scholars of sociology, social class, social theory, cultural studies and comedy studies.

Step by Step to Stand-up Comedy Penguin UK

For the last 25 years, Jeff Silverman has been the President of YukYuk's comedy club: one of the world's largest stand-up comedy chains. With a career spanning more than forty years, Jeff has helped launch the careers of Jim Carey, Howie Mandel and Russell Peters, and started his business career with the 99-cent Roxy Theatre back in the '70s, showcasing cult underground movie marathons. He went on to run the New Yorker Theatre and Horseshoe Tavern music venues, bringing in bands like The Police and The Ramones for the very first time. In the '80s, Jeff turned his attention to television production, and produced one of the first all-night television shows, *The All-Night Show*, which was a fusion of zany experimental television, old favorites and interactive programming never seen on the air before, or since. Now, Jeff takes you behind the scenes of how a funny business operates, and explains how the hilarious and insightful ventures and adventures of his unconventional career path have sprung forth a well of invaluable skills along the way.

Bad Before and Laughter"In his mid-twenties, Jimmy was bored, boring, unfulfilled and underachieving. He wasn't exactly depressed, but he was very sad. Think of a baby owl whose mum has recently died in a windmill accident. He was that sad. This book tells the story of how Jimmy turned it around and got happy, through the redemptive power of dick jokes. Written to take advantage of the brief window between the end of lockdown and Jimmy getting cancelled for saying something unforgivable to Lorraine Kelly, this book is as timely as it is unnecessary. Because you might be interested in Jimmy's life but he's damn sure you're a lot more interested in your own, *Before & Laughter* is about both of you. But mainly him. It tells the story of Jimmy's life - the transformation from white-collar corporate drone to fake-toothed donkey-laugh plastic-haired comedy mannequin - while also explaining how to turn your own life around and become the you you've always dreamt of being. At just \$30, it's cheaper than Scientology, quicker than therapy, and significantly less boring than church"--Publisher's description.

 Cheaper than Scientology, quicker than therapy and much less boring than church - this is the hugely funny and insightful book about happiness by top comedian Jimmy Carr, and anyone feeling stuck in a rut should devour it. And for readers in the West Country: yes, there are pictures (actually, sorry, there are no pictures, but there's a book about a hungry caterpillar you'll love). Because it's Jimmy Carr - recently scientifically proved to be the funniest comedian in the UK - there are jokes, jokes and more jokes throughout. If laughter really was the best medicine, the NHS would be handing out this book in Nightingale Hospitals. Fascinating, thoughtful and insightful - are all words that appear in the book.

In Zero Comments, internationally renowned media theorist and

'net critic' Geert Lovink revitalizes worn out concepts about the Internet and interrogates the latest hype surrounding blogs and social network sites. In this third volume of his studies into critical Internet culture, following the influential *Dark Fiber* and *My First Recession*, Lovink develops a 'general theory of blogging.' He unpacks the ways that blogs exhibit a 'nihilist impulse' to empty out established meaning structures. Blogs, Lovink argues, are bringing about the decay of traditional broadcast media, and they are driven by an in-crowd dynamic in which social ranking is a primary concern. The lowest rung of the new Internet hierarchy are those blogs and sites that receive no user feedback or 'zero comments'. *Zero Comments* also explores other important changes to Internet culture, as well, including the silent globalization of the Net in which the West is no longer the main influence behind new media culture, as countries like India, China and Brazil expand their influence and looks forward to speculate on the Net impact of organized networks, free cooperation and distributed aesthetics.

'For a collection of good old-fashioned gags, it's one of the best out there, a rich buffet of inventive wordplay that's best savoured a little at a time to fully appreciate the joy of these perfectly-constructed morsels. For original, hilarious gags you'll want to share, this is the real deal.' - Chortle 'A rollicking joyride. . . Pundamentalist has puns for the whole family: rude ones, daft ones, deft ones, stinkers and absolute belters.' - British Comedy Guide Gary Delaney, one-liner extraordinaire, has appeared on shows like *Mock the Week* and written for the likes of Jimmy Carr, Jason Manford, and James Corden. Now, for the first time, comes the first collection of his finest jokes. Featuring the likes of: Garden centres can't reopen fast enough for me, I've been living on borrowed thyme. We can't even afford a garden, so when my girlfriend bought us a trampoline I hit the roof. Sure everyone cares about straws killing dolphins now, but they've been breaking camels' backs for years. Genius is 1% inspiration and 99% perspiration, which explains why Prince Andrew is so stupid. Sad news: The British simile champion has died. We shall not see his like again. My mom doesn't trust my dad's secretary. I asked her why, and she just said 'I've seen her type before'. Today someone told me that I look good with a salt 'n' pepper beard, so I took that as a condiment. My French pen friend just said 'Le Monde', which means the world to me. Can anyone tell me what FOMO stands for? Everyone else seems to know. Actors have got Equity, Magicians have got the Magic Circle, but it's a shame ventriloquists don't have anyone to speak for them. Does anyone know if it's safe to dye your pubes? It's a bit of a grey area. And make sure you look out for Gary's next book, about Stockholm Syndrome: it starts off badly but by the end you'll really enjoy it. . .

Public speaking can be terrifying. For David Nihill, the idea of standing in front of an audience was scarier than cliff jumping into a thorny pit of spiders and mothers-in-law. Without a parachute or advanced weaponry. Something had to change. In what doesn't sound like the best plan ever, David decided to overcome his fears by pretending to be an accomplished comedian called "Irish Dave" for one full year, crashing as many comedy clubs, festivals, and shows as possible. One part of the plan was at least logical: he was already Irish and already called Dave. In one year, David went from being deathly afraid of public speaking to hosting a business conference, regularly performing stand-up comedy and winning storytelling competitions in front of packed houses. And he did it by learning from some of the best public speakers in the world: stand-up comedians. *Do You Talk Funny?: 7 Comedy Habits to Become a Better (and Funnier) Public Speaker* shows how the key principles of stand-up comedy can be applied to your speaking engagements and presentations to make you funnier, more interesting, and better looking. (Or at least two of the three.) Whether you are preparing for a business presentation, giving a wedding toast, defending your thesis, raising money from investors, or simply want to take on something you're afraid of, this book will take you from sweaty to stage-ready. You'll learn how to: - Craft a story and content that

your audience will want to listen to - Find the funniest parts of your material and how to get to them faster - Deal with stage fright - Master the two most important parts of your performance: timing and delivery Ten percent of the author's proceeds from this book will go to Arash Bayatmakou via Help Hope Live until he is fully back on his feet and thereafter to one of the many facing the same challenges after suffering a severe spinal cord injury.
