Virtual Reality Magician Macmillan
Just Passing Through explores the many ways people face lifes troubles. Though scientific ideas have forced their way into some of these stories, the focus is on the characters lives: A loving mother dictates her sons life as a despot a priest discovers he has sinned two recent widowers find their mutual attraction disturbing a watchmaker learns the exact date of his death a man sees the

world collapsing and cannot decide if he is hallucinating or losing his mind; perhaps he can reverse the collapse beings from a distant planet plan to settle on earth. Several stories are nonfictional, personal memoirs.

Surviving Heartbreak New York : Funk & Wagnalls Company

Fearless Ruby, a plucky little bird, ventures through life, making new friends, learning new skills and asking questions which may have some very surprising answers.

Christmas in St Ives Packt Publishing Ltd
The United States has collapsed. Bandits

stalk the highways, preying on the weak and unaware. In order to transport goods between heavily fortified cities, companies hire convoy escorts. Maxine is the best of these new road warriors: tough, smart, and unbelievably fast. But she also has a secret: She's the niece of New York's most notorious outlaw, a man hunted by what's left of the nation's law enforcement. Maxine wants to live a normal, upstanding life. But a bad incident on the road leaves her mauled, penniless...and fired. If she wants to survive, she's going to need to embrace her outlaw roots—and carry off the biggest heist that the post-apocalypse has ever seen. It's a journey that will take her through obstacle after obstacle to the edge of death itself—and beyond. Maxine Unleashes Doomsday smashes

the gritty frenzy of Mad Max: Fury Road with the top-notch suspense of a crime saga like Heat. It's a brutal thriller that offers a terrifying glimpse of our future. Praise for MAXINE UNLEASHES DOOMSDAY: "Take one of Richard Stark's Parker novels and throw it in the blender with DVDs of Mad Max and The Warriors. Guess what? You just broke your blender. Find solace in this book, which is what you should have done in the first place." —Rob Hart, author of The Warehouse and New Yorked "Maxine Unleashes Doomsday rolls in with bang-up premise and keeps on punching. This is a trip into the far future and then the near future, where the oceans have swallowed up the coasts, the United States has fractured, and people like Maxine are left in the dust. But Maxine is

tough and she's got no patience for any crap and she will survive...one way or another. Filled with a terrific carnival cast of characters, cracker-jack scenes, and Kolakowski's witty prose, Maxine Unleashes Doomsday is a fantastic read and definitely well worth your time.”

—Jen Conley, author of *Seven Ways to Get Rid of Harry and Cannibals: Stories from the Edge of the Pine Barrens* “Loaded with savvy world-building, memorable characters and precise, sharp plotting, I devoured Nick Kolakowski’s latest. The post-apocalyptic and wonderfully bonkers Maxine Unleashes Doomsday will keep you turning pages at a breakneck pace.”

—Alex Segura, author of *Blackout* and *Dangerous Ends* “I don’t know which is more terrifying: how wildly inventive this

book is, or how close this fractured world is to ours. In Maxine, Kolakowski gives us the hero we need for the apocalypse we deserve.” —Nik Korpon, author of *Wear Your Home Like a Scar* and *Old Ghosts*

A New English-Russian and Russian-English Dictionary Down & Out Books

In this celebrated novel, Margaret Laurence writes with grace, power, and deep compassion about Rachel Cameron, a woman struggling to come to terms with love, with death, with herself and her world. Trapped in a milieu of deceit and pettiness – her own and that of others – Rachel longs for love, and contact with another human being who shares her rebellious spirit. Through her summer affair with Nick Kazlik, a schoolmate from earlier years, she learns at last to reach out to another

person and to make herself vulnerable. A Jest of God won the Governor General's Award for 1966 and was released as the successful film, Rachel, Rachel. The novel stands as a poignant and singularly enduring work by one of the world's most distinguished authors. *The Vampire's Favorite* The Superhero's Clone (action-adventure superheroes) A wonderfully festive ebook short that will get you excited for the Christmas season, by the author of the bestselling Fairytale of New York. 'This is Miranda at her sparkliest best. Christmas In St Ives is Christmassy perfection; brimming with romance, warmth and magic. But it's not just a novella, it's a tantalizing prequel to Somewhere Beyond The Sea and I can't wait to read that!' Cathy Bramley, author of The Lemon Tree Cafe.

Heartbroken Cerrie Austin is doing her best to hold it together in the run up to Christmas. Not easy when her cheating ex works in the same school and everyone's eyes are on her. The last thing she needs is a new teacher meddling in her beloved nativity play, even if he is charming, handsome and a talented musician. The Christmas performance is her pride and joy, and she won't be undermined. Seren McArthur has recently returned to her Cornish hometown and is enjoying being close to her family and her oldest friends again. St Ives is at its most magical at Christmas, with fairy lights and tinsel in every shop window, tempting locals and holidaymakers alike as they pick up gifts. But an exciting opportunity is just around the corner: will she stay or will

she go? Meanwhile, the St Ives Christmas celebrations are in crisis: plans for a giant lantern parade through the starlit streets have ground to a halt. As the snow starts to fall, can Cerrie, Seren and their friends Kieran and Aggie rally around in time to save the big day? 'Christmas in St Ives sparkles with Miranda magic!' Holly Hepburn, author of the bestselling Little Picture House By the Sea series Christmas in St Ives is a charming novella that introduces you to the characters from Miranda Dickinson's upcoming novel, Somewhere Beyond the Sea. Available for preorder now!

The Superhero's Clone (action-adventure superheroes) MacMillan Publishing Company

Nancy Kress returns with Terran Tomorrow, the final book in the thrilling hard science fiction trilogy based on the Nebula Award-winning novella Yesterday's Kin. io9—New Sci-Fi and Fantasy Books You Need to Put on Your Radar for Fall The diplomatic mission from Earth to World ended in disaster, as the Earth scientists discovered that the Worlders were not the scientifically advanced culture they believed. Though they brought a limited quantity of the vaccine against the deadly spore cloud, there was no way to make enough to vaccinate more than a few dozen. The Earth scientists, and surviving diplomats, fled back to Earth. But once home, after

the twenty-eight-year gap caused by the space ship transit, they find an Earth changed almost beyond recognition. In the aftermath of the spore cloud plague, the human race has been reduced to only a few million isolated survivors. The knowledge brought back by Marianne Jenner and her staff may not be enough to turn the tide of ongoing biological warfare. The Yesterday's Kin Trilogy #1 Tomorrow's Kin #2 If Tomorrow Comes #3 Terran Tomorrow At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Cassell's German and English Dictionary HarperCollins

As a manager for the Grateful Dead, Rock Scully was with the band from its early days in San Francisco to the years

it spent touring the globe as one of the most enduring legends in music history. In *Living with the Dead*, Scully gives a complete account of his outrageous experiences with the band, during years that saw the Grateful Dead transform from a folksy revivalist band to psychedelic explorers of outer space. In addition to close-up portraits of band members Jerry Garcia, Bob Weir, Pigpen, Phil Lesh, Micky Hart and Bill Kreutzmann, Scully brings into the story many of the people the Dead encountered in their journeys across America's musical landscape, including Ken Kesey, Janis Joplin, Etta James, Bob Dylan, Paul Simon, and the Jefferson Airplane. Scully tells the story of the band with genuine feeling; the tour disasters, acid trips, and burnouts, but

most importantly the exaltation of delivering fantastic music.

Popular Photography Christopher Juion Young

A gripping YA sci-fi thriller by German and Spiegel-bestselling author, Karl Olsberg. *The Boy in a White Room* was nominated for Deutscher Jugendliteraturpreis 2018, Germany's most prestigious youth fiction award. A fifteen-year-old boy wakes to find himself locked in a white, cube-shaped room. No windows. No doors. Total silence. He has no memories. No clue how he got there. No idea who he is. A computer-generated voice named Alice responds to his questions. Through her, he is able to access the internet. As the boy uncovers snippets of his story -- an attempted abduction, a critical injury, a

murder -- it becomes clearer. But when some of the pieces don't fit, how can he tell what's real and what's not? Who can he trust? And who is he really?

Los Angeles Magazine Squidlord LLC

Jason Belmont used to be a typical athlete. Tall, strong, and disciplined, he was the epitome of a college basketball star, and had the sexual appetite to match. Until he met Eric Logan. Overnight, Jason found himself immersed in a dark, dangerous world, a world where he found the kind of love he never dreamed of having, and the worst heartache he would ever live through. Months later, Jason returns to his family's home in Crookston, Minnesota, to heal after a crippling blow bound him to a wheelchair. There, he and Eric are captured by the vicious vampire Oriana,

whose plans for reuniting her former mistress' territory have more of an impact on Jason's life than even he knows, plans that could destroy his family if Jason can't find a way to regain his strength and crush Oriana once and for all.

The Hard SF Renaissance Macmillan
From award-winning author Sara

Pennypacker comes the long-awaited sequel to Pax; this is a gorgeously crafted, utterly compelling novel about chosen families and the healing power of love. A New York Times bestseller! It's been a year since Peter and his pet fox, Pax, have seen each other. Once inseparable, they now lead very different lives. Pax and his mate, Bristle, have welcomed a litter of kits they must protect in a dangerous world. Meanwhile Peter—newly orphaned after the war, racked with guilt and loneliness—leaves his adopted home with Vola to join the Water Warriors, a group of people determined to heal the land from the scars of the war. When one of Pax's kits falls desperately ill, he turns to the one human he knows he can trust. And no matter how hard Peter tries to harden

his broken heart, love keeps finding a way in. Now both boy and fox find themselves on journeys toward home, healing—and each other, once again. As he did for Pax, Jon Klassen, New York Times bestseller, Caldecott medalist, and two-time Caldecott Honoree, has created stunning jacket and interior illustrations.

Successful Farming Tor Books

Create amazing 360 and virtual reality content that runs directly in your browsers with JavaScript and React VR 2.0

About This Book A practical guide to developing virtual reality experiences targeting web and mobile browsers

Create customized 3D graphics for your virtual reality experiences with Three.js

Explore the ReactVR library to create objects that seem real and see how they move in the Virtual world

Import free

models into VR and include those in your code

Who This Book Is For This book is for web developers who want to use their existing skill set of HTML, CSS, and JavaScript to create virtual reality experiences.

What You Will Learn

- Use Blender 2.79 to make virtual reality objects for Web VR.
- Import free models into VR and how to include those in your code
- Build a Virtual Museum with interactive art pieces
- Create your first VR App and customizing it
- Build animations by procedurally changing an object's position, using timers and Animated APIs
- Incorporate React Native code and JavaScript code in your VR world

In Detail This book takes you on a journey to create intuitive and interactive Virtual Reality experiences by creating your first VR application using

React VR 2.0.0. It starts by getting you up to speed with Virtual Reality (VR) and React VR components. It teaches you what Virtual Reality (VR) really is, why it works, how to describe 3D objects, the installation of Node.js (version 9.2.0) and WebVR browser. You will learn 3D polygon modeling, texturing, animating virtual objects and adding sound to your VR world. You will also discover ways to extend React VR with new features and native Three.js. You will learn how to include existing high-performance web code into your VR app. This book will also take you through upgrading and publishing your app. By the end of this book, you'll have a deep knowledge of Virtual Reality and a full-fledged working VR app to add to your profile! Style and approach A step-by-step practical guide

to help readers build their first VR application.

Working Mother AuthorHouse

After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last

Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have .

. . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

A Jest of God Greg Alldredge

Sydney Taylor Award Winner A girl's kindness to a mysterious magician leads to a Passover miracle. Beautifully illustrated and deftly told, this story full of hope, tradition-- and just a touch of magic-- is a new Passover classic in the making. It's the Spring of 1933 in Washington D.C., and the Great Depression is hitting young Muriel's

family hard. Her father has lost his job and her family barely has enough food most days-- let alone for a Passover Seder. They don't even have any wine to leave out for the prophet Elijah's ceremonial cup. With no feast to rush home to, Muriel wanders by the Lincoln Memorial, where she encounters a mysterious magician in whose hands juggled eggs become lit candles. After she makes a kind gesture, he encourages her to run home for her Seder, and when she does, she encounters a holiday miracle: a bountiful feast of brisket, soup, and matzah, enough for their whole community to share. But who was this mysterious benefactor? When Muriel sees Elijah's cup is empty, she has a good idea. Sean Rubin's finely-detailed, historically-

accurate illustrations, with a color palette inspired by Marc Chagall, bring a strong sense of setting to this fresh retelling of the I.L. Peretz story best known through Uri Shulevitz's 1973 adaptation *The Magician*. A perfect gift for those celebrating Passover, or to introduce the holiday traditions to young readers, *The Passover Guest* is sure to enchant readers of all ages. Brief essays at the end of the story detail author Susan Kusel's inspiration for this retelling, artist Sean Rubin's influences and research, and introduce the traditions associated with Passover celebrations.
