## **CASSIUS ALANI**

---

*Poker Faces* University of Illinois Press  
A NEW YORK TIMES BESTSELLER More people than ever before see themselves as addicted to, or recovering from, addiction, whether it be alcohol or drugs, prescription meds, sex, gambling, porn, or the internet. But despite the unprecedented attention, our understanding of addiction is trapped in unfounded 20th century ideas, addiction as a crime or as brain disease, and in

equally outdated treatment. Challenging both the idea of the addict's "broken brain" and the notion of a simple "addictive personality," The New York Times Bestseller, *Unbroken Brain*, offers a radical and groundbreaking new perspective, arguing that addictions are learning disorders and shows how seeing the condition this way can untangle our current debates over treatment, prevention and policy. Like autistic traits, addictive behaviors fall on a spectrum -- and they can be a normal response to an extreme situation. By illustrating what addiction is, and is not, the book illustrates

how timing, history, family, peers, culture and chemicals come together to create both illness and recovery- and why there is no "addictive personality" or single treatment that works for all. Combining Maia Szalavitz's personal story with a distillation of more than 25 years of science and research, *Unbroken Brain* provides a paradigm-shifting approach to thinking about addiction. Her writings on radical addiction therapies have been featured in *The Washington Post*, *Vice Magazine*, *The Wall Street Journal*, and *The New York Times*, in addition to multiple other publications. She has been

interviewed about her book on many radio shows including Fresh Air with Terry Gross and The Brian Lehrer show.

**Understand and Overcome Gambling Addiction** Heinemann

Based on a true story, told in the author's own words, without polish or prose, a haunting tale of addiction and....

Hearings, Reports and Prints of the Senate Committee on the Judiciary John Wiley & Sons

The new edition of this highly-regarded book includes comprehensive discussion of the nature of an affair and the five types of affairs and their underlying dynamics. The author addresses issues regarding revealing the affair,

management of the consequences, rebuilding, and treating an unmarried third party, as well as the host of complex issues regarding children and custody arrangements. New material for the second edition includes cybersex and the effects of new technology on fidelity in marriage; the effects of managed care on treatment; marriage to the third party; and a new chapter on affairs and violence.

JHU Press

Read this book to learn about the methods of the most successful bosses in business, illegal business and politics. It uses quotes from Machiavelli's The Prince, Sun Tzu's The Art of War and Confucius. Just as 7 Habits of Highly Effective People teaches you 7 things, The Boss teaches you 7 things as well. 1) What it means to be the boss 2) How to identify mooks 3) How to become the boss 4) How to manage human assets 5) How to manage material assets 6) How to deliver justice 7) Why the boss mentality is boss

**The College Football Problem** Polity Special Anniversary Omnibus: Get all three books for the price of one! \_\_\_\_ Part 1: Going to New York \_\_\_\_ The strange true story of the first influencer. Oliver, a hacker living in Germany, meets Donna

online. She's an American girl living in New York. After chatting and talking on the phone for months, he finally decides to surprise her with a visit. But he soon finds out that things are not what they appeared to be, and that this visit will change his life forever. "Nobody has ever killed themselves over a broken arm. But every day, thousands of people kill themselves because of a broken heart. Why? Because emotional pain hurts much worse than physical pain." -Oliver Markus Malloy, Bad Choices Make Good Stories "Don't ever think you're better than a drug addict, because your brain works the same as theirs. You have the same circuits. And drugs would affect your brain in the same way it affects theirs. The same thought process that makes them screw up over and over again would make you screw up over and over as well, if you were in their shoes. You probably already are doing it, just not with heroin or crack, but with food or cigarettes, or something else you shouldn't be doing." -Oliver Markus Malloy, Bad Choices Make Good Stories "A must read. One of those rare books that sucks you in from the first to the last page." ★★★★★ - Amazon Review \_\_\_\_ Part 2:

The Heroin Scene in Fort Myers \_\_\_\_ America has a heroin problem. Oliver moves from New York to Florida. Battling with depression, he gets sucked into the seedy underworld of Fort Myers, where he encounters a number of female drug addicts. He empathizes with them because of his own traumatic past. Oliver feels compelled to try to help them escape the addict lifestyle, but learns the hard way that he is in way over his head. "A truly fascinating and unexpected look at the darker side of addiction." ★★★★★ - A. Allyson, Goodreads \_\_\_\_ Part 3: Finding Happiness in Los Angeles \_\_\_\_ If you're a fan of Dave Chappelle or John Oliver, you'll love this book. After writing a book about his bizarre adventures in America's underbelly, Oliver finally finds love among his readers on Goodreads. "I think it will become a standard for people who are dealing with loved ones struggling with addictions." ★★★★★ - B. Bridges, Amazon Review Dear Reader, You're a little late to the party. Where the hell have you been? This is already the third and final part of the trilogy, and you're only joining us now? Tsk tsk tsk. Let me get you up to speed on what you've missed so far: In book one,

Going to New York, you missed the utterly fascinating, nay spellbinding saga of me growing up in Germany and later emigrating to New York. I was a brooding, troubled teenage hacker. Wow! Good stuff! It's almost like my life was the perfect kind of crazy to make a really awesome book! Anyway, being a teenage hacker came in handy later in life. I went from rags to riches thanks to my keen understanding of technology and how to use the web to my advantage. In New York I was married to Donna, a girl I had met online. She was an agoraphobic, prone to temper tantrums. And fun was had by all, which led to a divorce 16 years later. That's where the story gets really interesting. I began dating. It didn't go well. I was no good at it. OK, truth be told, I was really bad at it. Apparently I had terrible taste in women. A heroin-addicted hooker named Alice broke my heart and robbed me of my will to live. Doesn't sound very fun, does it? But it's a fun read, I promise. Dark, but fun. Mesmerizing even! Brokenhearted, I moved from New York to Florida. That's where the first book ends. The second book you missed (I'm not mad at you. I'm just disappointed.) is

called *The Heroin Scene* in Fort Myers, which is a very fitting title, believe me. Sometimes I'm a slow learner, so I dated my way through the heroin scene in Florida, and I couldn't figure out for years why I wasn't finding any wife material. But oh how I tried. And tried. In all the wrong places. Pretty sad. I'm not proud of it. After years of sad pathetic sex with heroin addicts I was a wreck. My younger self wouldn't have even recognized me. Lucy and Veronica had turned me into a broken, humiliated shell of a man. My heart had been ripped out of my chest so many times, it was a miracle I hadn't killed myself yet. (Seriously, it's a fun read. I promise!) At the end of the book I had it up to here with heroin addicts. I told myself never again would I let myself be sucked in by the sweet lies of manipulative, fake love. The name of the final chapter was NO MO HO. No more whores. I needed to change my life before my life was going to kill me. I hopped on a plane, back to my native Germany, to lick my wounds and heal before returning to America. That's where the second book ended. And now, for our third and final act...

*Dangerous Normal People* Academic Press  
DATING, RELATIONSHIPS, LIVING TOGETHER & MARRIAGE. Typically, men are good at creating rifts in relationships but terrible at mending them, especially after they've repeatedly betrayed their partner through sexual infidelity. For the most part, cheating men are both intimacy-challenged and empathy-challenged, and, as such, they lack the skills needed to overcome the damage wrought by their infidelity. Robert Weiss has spent over twenty years in the treatment of sex and intimacy issues, helping both cheating men and their betrayed spouses. In *Out of the Doghouse* he shares his expertise, illuminating the ways in which men can move beyond their usual feeble efforts to smooth things over. Sure, saying "I'm sorry" and trying to "buy forgiveness" with flowers and jewelry may temporarily calm the stormy seas, but these actions do nothing to re-establish trust, which is what a distraught woman needs if she hopes to feel better about her relationship over the long-term.  
**Hearings** Simon and Schuster  
This title covers many of the key topics taught in classrooms today.

### Inside Rehab Bookmaester

The reputation of journalists is continually being questioned. Nearly every public opinion poll shows that people have lost respect for journalists and lost faith in the news media. In this fully updated and expanded 6th edition of *Ethics in Journalism*, author Ron F. Smith provides a highly readable introduction to journalism ethics, and offers solutions for the many ethical dilemmas facing journalists today. Utilizes dozens of new case studies, mostly taken from everyday experiences of reporters at both large and smaller newspapers and TV stations Explores the practical ethical issues involved in developing sources, coming to terms with objectivity, and bringing compassion to the pressures of journalism Considers the impact of blogs and the internet on traditional values of journalism Compares journalistic practices across different free societies

### Traffic In, and Control Of, Narcotics, Barbiturates, and Amphetamines

Penguin  
Advocates against ending a relationship due to cheating, teaching both victims and perpetrators of infidelity how to deal with their feelings, reduce their sense of

despair, and begin rebuilding a strong relationship.

### Kodel Group

This is absolutely a must read. This book answers the many questions that we all have about addiction. What causes so many problems in our societ?. How can we prevent our children and loved ones from experiencing this fate? As one who has worked in the feild of drug addiction for so many years, finally a book has been published that explains the addiction and the person.

### **Eat Drink And Be My Best; Forget The Rest** Addicted to Dimes (Confessions of a Liar and a Cheat)

This book provides you with the knowledge needed to overcome gambling addiction, which is the “most insidious and baffling” disease according to Gamblers Anonymous. The book draws on the author’s 20 years of gambling addiction, the trials and tribulations of users from a self-help community started in 2003 (GamblingHelper.com), and the latest scientific findings. The book discusses the symptoms, triggers, and causes of gambling addiction from the perspectives of biology, psychology, environment,

economics, and spirituality. The book includes solutions to overcome the disease based on the most current research. The Gamblers Anonymous program was founded in 1957 and is based on Alcoholics Anonymous, which was founded in 1935. New and important findings on compulsive gambling have been found since that time. This book discusses these new findings. Gambling addiction can be overcome and this book shows you how. *Illicit Narcotics Traffic* Central Recovery Press, LLC

Partners experience dire consequences as a result of being in a relationship with someone suffering from compulsive sexual behavior. Their emotional well-being requires developing new skill sets for self-care and self-protection as they confront the difficult and painful process of discovery, disclosure, and beyond. In other words—they need boundaries. This is the first book specifically for partners affected by addictive behavior that addresses, in detail, how to identify, create, and maintain boundaries as a vital component of self-care and an indispensable tool for healing and growth. *Moving Beyond Betrayal* guides partners to define the

current problem(s); identify needs that aren't being met; find where they have the power to effect change; take action; and evaluate the results to determine if their goal has been accomplished. The author examines all aspects of effective boundary work, including what to do when boundaries are violated. Through working the 5-Step Boundary Solution partners will: Gain clarity Reduce the chaos inherent in relationships impacted by sex addiction Feel more empowered and in control of their lives Discover whether or not their relationship with the addict is salvageable

Vicki Tidwell Palmer is a Licensed Clinical Social Worker (LCSW), Certified Sex Addiction Therapist (CSAT), and Somatic Experiencing Practitioner (SEP) in private practice in Houston, Texas. She is the author of the blog for partners Survival Strategies for Partners of Sex Addicts.

### **The Secrets of Surviving Infidelity** Crown

Although the media focus on the rise of cocaine use and the evils of its abuse, the public receives little real information about the scope of the problem and its treatment. This timely, practical, and honest volume gets to the heart of the

cocaine addiction problem. Cocaine Solutions not only addresses the difficulties experienced by addicts and their families in coping with the devastating financial, emotional, and psychological toll that addiction takes, it also identifies specific sources of help that exist for addicts and their families. Both recovered drug addicts themselves, the authors discuss some of the obstacles to recovery and the ways to overcome them. Cocaine Solutions includes the stories of recovering addicts to illustrate firsthand what addicts' lives are like, giving you a better understanding of the people who are afflicted with the disease of addiction. This important book is required reading for a wide audience--cocaine addicts, potential addicts, the families of addicted or potentially addicted persons, professionals who see addiction daily in their patients, and anyone who is interested in the problem of cocaine addiction.

**Illicit Narcotics Traffic** iUniverse  
"Excellent book, the best I have read."  
—John McCullogh, South Hills Business School Counseling Criminal Justice Offenders, Second Edition takes a practical

view of offenders, their problems, and the difficulties counselors face working with them in criminal justice settings. Author Ruth E. Masters examines criminal justice counseling on an individual and group basis and in a variety of settings such as prisons, probation and parole agencies, diversion programs, group homes, halfway houses, prerelease facilities, and U.S. jails. The book also explores the many faces of offenders — young, old, male, female, and across many cultures. The Second Edition of Counseling Criminal Justice Offenders recognizes that individuals who counsel offenders in the criminal justice system often have not had the extensive training of a licensed psychologist and this text is designed to provide readers with an understanding of the counseling process. The book explores practical knowledge of legal principles, appropriate and effective counselor attitudes, and the past and present protocols of American corrections. Features and Benefits: Each chapter begins with Chapter Highlights and Key Terms and ends with corresponding exercises and discussion questions. A section at the end of each chapter lists relevant Internet sites and suggested

readings. The book includes Counselor/Offender role-play scenarios that prepare students for situations such as how to restore order over a group counseling session, handle their own personal feelings about an offender, and much more. An Instructor's Manual including test items and skill-building exercises is available. New to the Second Edition: Chapters have been reorganized to emphasize the importance of

counselors creating an alliance with offenders. Discussions have been updated on topics such as multicultural counseling, counseling victims, counseling paraprofessionals, cognitive-behavioral counseling, multimodal counseling, brief counseling, and counseling outcome effectiveness. New chapters have been added on counseling criminal psychopaths, the role of emotions in the counseling process, counseling male and female offenders, and the relationship

between trauma, addiction, and human behavior. Primarily designed for criminal justice students taking correctional counseling courses, *Counseling Criminal Justice Offenders, Second Edition* is also a vital resource for any Criminal Justice, Social Work, Psychology, or Counseling practitioner interfacing with offenders.
