A Pocket Full of Wishes: This book was fun with Scooter and “Pocket!” Who can resist a genie in a bottle and a bit of magic! David Dorris never misses a one liner when he writes, and while I have heard most of them in my 59+ years, I learned a few new ones this time! My favorite was “You left your voice in my ear” said by Scooter to Hannibal. These

two characters sure can sling words! Entertaining book, fun to read! The development of how twins relate to each other and their single partners is explored through life stories and clinical examples in this telling study of twin interconnections. While the quality of a nurturing family life is crucial, Dr. Klein has found there are often issues with separation anxiety, loneliness, competition with each other, and finding friendships outside of twinship. When twin lives are entwined because of inadequate parenting and estrangement, twin loss is possible and traumatic, creating a crippling fear of

expansiveness—an inability to be yourself. Therapists and twins seeking an understanding of twin relationships will find this clinically compelling book a valuable resource.

You begin to embark on a series of Spiritual lessons and soul awakening experiences that bring enlightenment into your life. Even if you were not a spiritual person before, you start awakening to the calling from your soul. The Twin Flame process, therefore, has

both physical and spiritual aspects of the connection. During the physical aspects of the Twin Flame process; the Twin Flames move the obstacles that get in the way of their connection like ending Karmic cycles and relationships. The Spiritual aspect of the Twin Flame experience asks both Twin Flames to embark on a journey of re-discovering their authentic selves to fully embody unconditional love within themselves by opening themselves up to the Spiritual aspect of the Twin Flame journey. My Life will never be back to what it was before I met my Twin Flame because every day I am changing to become the authentic version of myself. I have had to face my inner pain within myself so that the pain can be cleaned out to heal my inner wounding is also healed. It has been

over two years since I found my Twin Flame and my life first turned upside down in every aspect of it; change took over my life because my physical situations were mirroring the emotional chaos that the Twin Flame encounter had triggered. The journey to self-rediscovery has brought Self-love in my life and every new day is another opportunity for me to re-discover my Self-power. There is no more "normal" for me after I met my Twin Flame because the intensity of the connection only gets stronger, and the love that I feel for my Twin Flame only gets purer. It was difficult to accept the whole package of the Twin Flame process at first especially during the times when I was going through the Dark Night Of The Soul because I was naive to the experiences

that pertain encountering a Twin Flame for the first time. Also, when I was starting this journey, everything about the Twin Flame experience seemed complicated for me. I am ascending higher and higher into a Spiritual being because of this Twin Flame experience. I did not know the meaning of Spiritual awakening until I discovered that I am going through a Twin Flame Spiritual Love. Everything about my life will never be the same again for me after I met my Twin Flame. After two years of being on a Twin Flame journey, I have a fresh perspective towards life, I look for love in everything that I do and I have learned to surround myself with a life of meaning and purpose. The Twin Flame revolution has helped to bring a personal revolution, and transformation in my life,

and I am very grateful for the authentic person that I have become.

Even twins are unique. Most people idealize twins, fantasizing a close, perpetually loving relationship. Yet Klein, herself an identical twin, demonstrates that twins have complicated and intense relationships that range from over-identification or excessive closeness to profound estrangement and conflict. Most twins who are raised as individuals deal with the significant emotional pain of separation in adolescence or young adulthood, yet as mature adults can come to love and respect each other as individuals. As Klein makes clear, the parenting that twins receive as infants and young children affects the

relationships that they have with one another and with the world they choose to function in. Because parenting is a critical determinant of psychological well-being, it should be treated as a serious but manageable challenge. This book is a must-read for twins, their parents, and scholars, students, and other researchers and professionals dealing with mental health and child development.

Vital and Health Statistics Questions  
Twin Flame Newbies AskYour connection is multi-faceted -- your Twin Flame is your best friend, lover, teacher, nurturer, and muse all at once. Your Twin Flame doesn't try to change you. They accept you for who you are and what stage you at during your spiritual growth. My Twin Flame is the most magical person that I

have ever known. The three weeks I got to know him were the most magical moments of my life. I have not been able to move on for over three years. Your Twin Flame is a mirror of what you fear and simultaneously desire the most, and they are a catalyst for your inner healing because they trigger you into purging your core pain to heal your inner wounding. If you are a highly strung person, your Twin Flame will most likely be relaxed and messy. If you like to play the victim in your life, your Twin Flame will be a strong character who refuses to give you pity or sympathy to perpetuate your complex. Suddenly, he walked into my life like a missing piece of the puzzle. Everything amiss started to come back together. The chaos in my life started to make sense. I finally understood why I

am me. The familiarity is so natural; you feel like you are meeting your eternal best friend. Everything that you talk about feels like you have had that conversation from before because meeting your Twin Flame feels like you are picking up from where you left off in your previous lifetime. In conclusion, our Twin Flames challenge and infuriate us -- they also teach us the important lessons about our inner fears, core wounds, and repressions that exist within ourselves. Are you new? **Living the Questions of the Bible** presents questioning as a viable and faithful Christian practice. We may think the Bible is only about getting answers, but the Bible is also a question book, revealing how the life of faith is a quest with and for God. By exploring various passages in the Bible, this book attempts to invite readers into an interrogative spirituality, one in which we learn that even God questions. Faith seeks and keeps on seeking. It may reach understanding, or it may not. Either way, our questions are a way to live the Christian life honestly, faithfully, and doxologically.
