### **The Wisdom of Perversity**

Hachette  
Australia  
DIVDIVSusan  
Brownmiller's  
groundbreaking bestseller  
uncovers the culture of  
violence against women  
with a devastating

exploration of the history  
of rape—now with a new  
preface by the author  
exposing the  
undercurrents of rape still  
present today./divDIV  
Rape, as author Susan  
Brownmiller proves in her  
startling and important  
book, is not about sex but  
about power, fear, and  
subjugation. For  
thousands of years, it has  
been viewed as an

acceptable “spoil of war,”  
used as a weapon by  
invading armies to crush  
the will of the conquered.  
The act of rape against  
women has long been  
cloaked in lies and false  
justifications./divDIV It is  
ignored, tolerated, even  
encouraged by  
governments and military  
leaders, misunderstood by  
police and security  
organizations, freely

employed by domineering husbands and lovers, downplayed by medical and legal professionals more inclined to “blame the victim,” and, perhaps most shockingly, accepted in supposedly civilized societies worldwide, including the United States./divDIV *Against Our Will* is a classic work that has been widely credited with changing prevailing attitudes about violence against women by awakening the public to the true and continuing tragedy of rape around

the globe and throughout the ages./divDIV Selected by the New York Times Book Review as an Outstanding Book of the Year and included among the New York Public Library’s Books of the Century, *Against Our Will* remains an essential work of sociological and historical importance./divDIV/div/div *On Violence and On Violence Against Women* Macmillan Higher Education  
NEW YORK TIMES BESTSELLER • From the author of *Uprooted* and

*Spinning Silver* comes the first book of the Scholomance trilogy, the story of an unwilling dark sorceress who is destined to rewrite the rules of magic. FINALIST FOR THE LODESTAR AWARD • “The dark school of magic I’ve been waiting for.”—Katherine Arden, author of the *Winternight Trilogy* I decided that Orion Lake needed to die after the second time he saved my life. Everyone loves Orion Lake. Everyone else, that is. Far as I’m concerned, he can keep his flashy combat

magic to himself. I'm not joining his pack of adoring fans. I don't need help surviving the Scholomance, even if they do. Forget the hordes of monsters and cursed artifacts, I'm probably the most dangerous thing in the place. Just give me a chance and I'll level mountains and kill untold millions, make myself the dark queen of the world. At least, that's what the world expects. Most of the other students in here would be delighted if Orion killed me like one more evil thing that's

crawled out of the drains. Sometimes I think they want me to turn into the evil witch they assume I am. The school certainly does. But the Scholomance isn't getting what it wants from me. And neither is Orion Lake. I may not be anyone's idea of the shining hero, but I'm going to make it out of this place alive, and I'm not going to slaughter thousands to do it, either. Although I'm giving serious consideration to just one. With flawless mastery, Naomi Novik creates a school bursting

with magic like you've never seen before, and a heroine for the ages—a character so sharply realized and so richly nuanced that she will live on in hearts and minds for generations to come. The magic of the Scholomance trilogy continues in *The Last Graduate* “The can't-miss fantasy of fall 2020, a brutal coming-of-power story steeped in the aesthetics of dark academia. . . . A Deadly Education will cement Naomi Novik's place as one of the greatest and most versatile fantasy

writers of our time.”—BookPage (starred review) “A must-read . . . Novik puts a refreshingly dark, adult spin on the magical boarding school. . . Readers will delight in the push-and-pull of El and Orion’s relationship, the fantastically detailed world, the clever magic system, and the matter-of-fact diversity of the student body.”—Publishers Weekly (starred review) *Black Masculinity and Sexual Politics* Mantra The New York Times and USA TODAY bestselling

author of the explosively sexy *Inside Out* and the *Secret Life of Amy Bensen* series will seduce you with this sultry tale of possession and ecstasy, wild fantasies and dangerous secrets—first in the racy and suspenseful *Careless Whispers* series. Ella awakes alone in Italy, no longer sure of who she is. One thing is certain: a gorgeous man has claimed her as his own. He’s tall, dark, and sexy, the kind of rich, powerful man who makes a girl long to be possessed. And

possess her he does, whispering wicked promises in her ear, indulging her deepest desires, stealing her trust—and her cautious heart. Soon, though, she discovers that nothing is as it seems. The truth will shatter her world, but it will also set her free...if it doesn’t destroy her first. New York Times and USA TODAY bestselling author Lisa Renee Jones, whose searing novels generate “enough heat...to start a fire” (RT Book Reviews), dares you to fall in love with her irresistibly

surprising and scandalously erotic new series.

*A Manual for Writers of Research Papers, Theses, and Dissertations, Ninth Edition* Del Rey

Michigan Salvage is the first scholarly collection on celebrated writer Bonnie Jo Campbell, the author of two novels and three short story collections, including National Book Award finalist *American Salvage* (2009). Her writing captures a diverse and bustling rural America, brimming with complex

characters who struggle with addiction, poverty, and land degradation—issues that have become, undeniably, part of the southwestern Michigan landscape that she calls home. The essays in this volume demonstrate many rich ways to approach Campbell's writing, from historical and cultural overviews to essays examining the class and gender implications of her stories and novels, to teaching essays highlighting how to use her work in the classroom

and beyond. Along with each essay, *Michigan Salvage* also features lesson plans and writing prompts meant to spark discussion and encourage further investigation into these stories and novels. This essential and teachable collection makes plain Campbell's contributions to contemporary American literature. *Michigan Salvage* Farrar, Straus and Giroux *Work with Me* is the timely collaboration of two of the world's foremost authorities on gender

relations—Barbara Annis and John Gray. Here they team up to resolve the most stressful and confusing challenges facing men and women at work, revealing, for the first time, survey results of over 100,000 in-depth interviews of men and women executives in over 60 Fortune 500 companies. Readers will discover the 8 Gender Blind Spots: the false assumptions and opinions men and women have of each other, and in many ways, believe of themselves. Also unveiled

are the biology and social influences that compel men and women to think and act as they do, and direct how they communicate, solve problems, make decisions, resolve conflict, lead others, and deal with stress, enabling them to achieve greater success and satisfaction in their professional and personal lives. *Work with Me* is the definitive work-life relational guide, filled with "ah-ha!" moments and discoveries that will remove the blind spots and enable men and

women to work and succeed together. *Reform of the Federal Criminal Laws* Columbia University Press Language Awareness helps students understand that writing makes things happen in the world. This collection teaches students how language operates and how it evolves over time?and this understanding, in turn, helps students use language more effectively in their own writing. The supportive apparatus includes unique Language

in Action activities, which connect the everyday and the academic by examining current language-related debates that deepen students' understanding of each reading. This beloved reader has stood the test of time and has been revised with feedback from instructors across the country. The new edition features a blend of classic and contemporary readings that examine a wide range of topics through the lens of language. New readings include a range of

perspectives around current topics like "fake news," gender-neutral pronouns, and the #MeToo movement.

**Imagining Sex** Grove Press

A new sexual revolution is sweeping the country, and college students are on the front lines. Few places in America have felt the influence of #MeToo more intensely. Indeed, college campuses were in many ways the harbingers of #MeToo. Grigoriadis captures the nature of this cultural reckoning without shying

away from its complexity. College women use fresh, smart methods to fight entrenched sexism and sexual assault even as they celebrate their own sexuality as never before. Many "woke" male students are more open to feminism than ever, while others perpetuate the cruelest misogyny. Coexisting uneasily, these students are nevertheless rewriting long-standing rules of sex and power from scratch. Eschewing any political agenda, Grigoriadis travels to schools large and small,

embedding in their social whirl and talking candidly with dozens of students, as well as to administrators, parents, and researchers. *Blurred Lines* is a riveting, indispensable illumination of the most crucial social change on campus in a generation.

**Call Your "Mutha"** Open Road Media  
 Providing an alphabetical listing of sexual language and locution in 16th and 17th-century English, this book draws especially on the more immediate literary modes: the

theatre, broadside ballads, newsbooks and pamphlets. The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings; and more broadly, to chart, through illustrative quotation, shifting and recurrent linguistic patterns. Linguistic habit is closely bound up with the ideas and assumptions of a period, and the figurative language of sexuality across this period is highly illuminating of socio-cultural change as well as

linguistic development. Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden.

*Jasmine Springer*

Deliberative democracy – whereby people debate competing ideas before agreeing upon political action – must rest on its capacity to include all points of view. But how does this inclusive framework engage with activism that occurs in opposition to deliberative systems themselves?

Through the examples of ACT UP, Black Lives Matter, and other contemporary activist movements, *Activism, Inclusion, and the Challenges of Deliberative Democracy* explores the systemic oppression that prevents activists from participating in deliberative systems as equals. Anna Drake concludes that only by addressing activism separately and on its own terms can we acknowledge its distinct democratic contribution. *Language Awareness*

HarperCollins  
Interweaving commentary and interviews, the author captures the outrage of women whose lives have been touched by sexual violence and sexual harassment and calls for change

**Denial** Oxford University Press on Demand  
Rape does not have to happen. The fact that it does--and in the United States a rape is reported every six minutes--indicates that we live in a rape-prone culture where rape or the threat of rape functions as a tool for

enforcing sexual difference and hierarchy. *Rape and Representation* explores how cultural forms construct and reinforce social attitudes and behaviors that perpetuate sexual violence. The essays proceed from the observation that literature not only reflects but also contributes to what a society believes about itself. Fourteen essays by authors in the fields of English, American and African-American, German, African, Brazilian, Classical, and

French literatures and film present a wide range of texts from different historical periods and cultures. Contributors demythologize patriarchal representation in literature and art in order to show how it makes rape seem natural and inevitable. Contributors include: the editors, John J. Winkler, Patricia Klindiest Joplin, Susan Winnett, Ellen Rooney, Coppélia Kahn, Eileen Julien, Marta Peixoto, Kathryn Gravdal, Carla Freccero, Nellie V. McKay, Nancy A. Jones, and

Froma I. Zeitlin. Their work raises pressing--and often difficult--questions for feminist criticism.

**Activism, Inclusion, and the Challenges of Deliberative Democracy**

Grove/Atlantic, Inc.

This book is about how African American males experience masculinity politics, and how U.S. sexism and racial ranking influences relationships between black and white males. Lemelle argues that the only way to accommodate African American males is to

eliminate sexism, particularly as it appears in the organization of families

*Studies in Population*  
Routledge

In this pathbreaking book, a well-known feminist and sociologist--who is also the Founding Editor of *Gender & Society*--challenges our most basic assumptions about gender. Judith Lorber views gender as wholly a product of socialization subject to human agency, organization, and interpretation. In her new paradigm, gender is an

institution comparable to the economy, the family, and religion in its significance and consequences. Drawing on many schools of feminist scholarship and on research from anthropology, history, sociology, social psychology, sociolinguistics, and cultural studies, Lorber explores different paradoxes of gender: -- why we speak of only two "opposite sexes" when there is such a variety of sexual behaviors and relationships; --why

transvestites, transsexuals, and hermaphrodites do not affect the conceptualization of two genders and two sexes in Western societies; --why most of our cultural images of women are the way men see them and not the way women see themselves; --why all women in modern society are expected to have children and be the primary caretaker; --why domestic work is almost always the sole responsibility of wives, even when they earn

more than half the family income; --why there are so few women in positions of authority, when women can be found in substantial numbers in many occupations and professions; --why women have not benefited from major social revolutions. Lorber argues that the whole point of the gender system today is to maintain structured gender inequality--to produce a subordinate class (women) that can be exploited as workers, sexual partners, childbearers, and

emotional nurturers. Calling into question the inevitability and necessity of gender, she envisions a society structured for equality, where no gender, racial ethnic, or social class group is allowed to monopolize economic, educational, and cultural resources or the positions of power.

*A Deadly Education*  
Algonquin Books  
A fully revised and updated edition to a classic bestseller, *The Macho Paradox* is the first book to show how violence against women is

a men's issue—and how all genders can come together to stop it. From the #MeToo movement to current discussions about gender norms in schools, sports, politics, and media culture, *The Macho Paradox* incorporates the voices and experiences of the women, men, and others who have confronted the problem of gender violence from all angles. Bestselling author Jackson Katz is a pioneering educator and activist on the topic of men's violence against women. In this revised

edition of his heralded book, Katz outlines the ways in which cultural ideas about "manhood" contribute to men's sexually harassing and abusive behaviors and that men have a positive role to play in challenging and changing the sexist cultural norms that too often lead to gender violence. This important book for abused women covers topics ranging from mental and emotional abuse to sexual harassment to domestic violence and is a vital read for women with

controlling partners or as a self-help book for men. Praise for *The Macho Paradox*: "A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist "If only men would read Katz's book, it could serve as a potent form of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of

the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry and Controlling Men* **Against Our Will** Rape Culture, Gender Violence, and Religion The New York Times–bestselling author of *Bad Feminist* shares a collection of stories about hardscrabble lives, passionate loves and vexed human connection. The women in these stories live lives of

privilege and of poverty, are in marriages both loving and haunted by past crimes or emotional blackmail. A pair of sisters, grown now, have been inseparable ever since they were abducted together as children, and must negotiate the elder sister's marriage. A woman married to a twin pretends not to realize when her husband and his brother impersonate each other. A stripper putting herself through college fends off the advances of an overzealous customer. A black engineer moves to

Upper Michigan for a job and faces the malign curiosity of her colleagues and the difficulty of leaving her past behind. From a girls' fight club to a wealthy subdivision in Florida where neighbors conform, compete, and spy on each other, Roxanne Gay delivers a wry, beautiful, haunting vision of modern America with her "signature wry wit and piercing psychological depth" (Harper's Bazaar).

**Asking for It** Vintage  
'Imagining Sex' examines a variety of material from

17th century England to argue that, unlike today, pornography was not a discrete genre, nor was it usually subject to suppression. The book explores contemporary thinking on these issues and wider cultural concerns.

**Difficult Women** MSU Press

The ecocide and domination of nature that is the Anthropocene does not represent the actions of all humans, but that of Man, the Western and masculine identified corporate, military,

intellectual, and political class that long has masked itself as the civilized and the human. In this book, Jane Caputi looks at two major "myths" of the Earth, one ancient and one contemporary, and uses them to devise a manifesto for the survival of nature--which includes human beings--in our current ecological crisis. These are the myths of Mother Earth and the Anthropocene. The former personifies nature as a figure with the power to give life or death, and one

who shares a communal destiny with all other living things. The latter myth sees humans as exceptional for exerting an implicitly sexual domination of Mother Earth through technological achievement, from the plow to synthetic biology and artificial intelligence. Much that we take for granted as inferior or taboo is based in a splitting apart of inherent unities: culture-nature; up-down, male-female; spirit-matter; mind-body; life-death; sacred-profane;

reason-madness; human-beast; light-dark. The first is valued and the second reviled. This provides the framework for any number of related injustices--sexual, racial, and ecological. This book resists this pattern, in part, by deliberately putting the dirty back into the mind, the obscene back into the sacred, and vice versa. Ecofeminism and Environmental Justice argue for the significance and reality of the Earth Mother. Caputi engages specifically with the powers of that Mother,

ones made taboo and even obscene throughout heteropatriarchal traditions. Jane Caputi rejects misogynist and colonialist stereotypes, and examines the potency of the Earth Mother in order to deepen awareness of how our relationship to the Earth went astray and what might be done to address this. Drawing upon Indigenous and African American, ecofeminism, ecowomanism, green activism, femme, queer and gender non-binary philosophies, literature

and arts, Afrofuturism, and popular culture images, Call Your "Mutha" contends that the Anthropocene is not evidence so much of Man's supremacy, but instead a sign that Mother Nature-Earth, faced with disrespect, is turning away, withdrawing the support systems necessary for life and continuance. Caputi looks at contemporary narratives and artwork to consider the ways in which respect for the autonomous and potent Earth Mother and a call

for their return has already reasserted itself into our political and popular culture. *Forbidden Corners (The Open Mind)* Pager Publications, Inc. A wide range of expert opinion on current demographic problems is presented in this book, based on the proceedings of the 1949 meeting of the Population Association of America. The contributors are: S.L. Wolfbein, P.H. Jacobson, C. Tietze, I. Taeuber, J.C. Russell, W.J. Gibbons, S.J. K. Davis, R. Bradfield, J.D.

Black, G. Clapp, R. Eckler, T.J. Woffter, C. F. Schmid, H. C. Taylor, C. Senior, I. DeA. Reid, W.H. Grabill, R. Freedman, M. Woodside. Discussions include total marital dissolutions in the United States, illegal abortions, proposals for modifying the net reproduction rate, population and scarce food resources, and what is probably the most complete statement available on the relation of the Catholic value system to human fertility. Originally published in 1949. The Princeton

Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press

since its founding in 1905. True Nature Yale University Press  
In The Affirmative Discomforts of Black Female Authorship, the author examines how three popular black female authors (Roxane Gay, Beyoncé and Issa Rae) simultaneously complement and complicate hegemonic notions of race, identity and gender in contemporary American culture. Living by Memories Simon and Schuster  
When Kate L. Turabian

first put her famous guidelines to paper, she could hardly have imagined the world in which today's students would be conducting research. Yet while the ways in which we research and compose papers may have changed, the fundamentals remain the same: writers need to have a strong research question, construct an evidence-based argument, cite their sources, and structure their work in a logical way. A Manual for Writers

of Research Papers, Theses, and Dissertations—also known as “Turabian”—remains one of the most popular books for writers because of its timeless focus on achieving these goals. This new edition filters decades of expertise into modern standards. While previous editions incorporated digital forms of research and writing, this edition goes even further to build information literacy, recognizing that most students will be doing their work largely or

entirely online and on screens. Chapters include updated advice on finding, evaluating, and citing a wide range of digital sources and also recognize the evolving use of software for citation management, graphics, and paper format and submission. The ninth edition is fully aligned with the recently released Chicago Manual of Style, 17th edition, as well as with the latest edition of *The Craft of Research*. Teachers and users of the previous editions will recognize the

familiar three-part structure. Part 1 covers every step of the research and writing process, including drafting and revising. Part 2 offers a comprehensive guide to Chicago’s two methods of source citation: notes-bibliography and author-date. Part 3 gets into matters of editorial style and the correct way to present quotations and visual material. A *Manual for Writers* also covers an issue familiar to writers of all levels: how to conquer the fear of tackling a major writing project.

Through eight decades and millions of copies, *A Manual for Writers* has helped generations shape their ideas into compelling research papers. This new edition will continue to be the gold standard for college and graduate students in virtually all academic disciplines.

Bestselling, trusted, and time-tested advice for writing research papers. The best interpretation of Chicago style for higher education students and researchers. Definitive, clear, and easy to read, with plenty of examples. Shows how to compose a

strong research question, construct an evidence-based argument, cite sources, and structure work in a logical way. Essential for anyone interested in learning about research. Everything any student or teacher needs to know concerning paper writing.
