*Naked Wanting* Litres

"For Margo Tamez, earth, food, and family are the essentials of life, and we ignore threats to them at our own peril."--BOOK JACKET.

**A History of Gay Literature** Chicago : A.C. McClurg

A look at the history of the idea of the objective journalist and how this very ideal can often be used to undercut itself. In *The View from Somewhere*, Lewis Raven Wallace dives deep into the history of “objectivity” in journalism and how its been used to gatekeep and silence marginalized writers as far back as Ida B. Wells. At its core, this is a book about fierce journalists who have pursued truth and transparency and sometimes been punished for it—not just by tyrannical governments but by journalistic institutions themselves. He highlights the stories of journalists who question “objectivity” with sensitivity and passion: Desmond Cole of the *Toronto Star*; New York Times reporter Linda Greenhouse; Pulitzer Prize-winner Rachel Kaadzi Ghansah; Peabody-winning podcaster John Biewen; Guardian correspondent Gary Younge; former BuzzFeed reporter Meredith Talusan; and many others. Wallace also shares his own experiences as a midwestern transgender journalist and activist who was fired from his job as a national reporter for public radio for speaking out against “objectivity” in coverage of Trump and white supremacy. With insightful steps through history, Wallace stresses that journalists have never been mere passive observers. Using historical and contemporary examples—from lynching in the nineteenth

century to transgender issues in the twenty-first—Wallace offers a definitive critique of “objectivity” as a catchall for accurate journalism. He calls for the dismissal of this damaging mythology in order to confront the realities of institutional power, racism, and other forms of oppression and exploitation in the news industry. *The View from Somewhere* is a compelling rallying cry against journalist neutrality and for the validity of news told from distinctly subjective voices.

**The 4 Intimacy Styles** Random House

From the New York Times bestselling author of the Gabriel series comes a dark, sensual tale of romance in a city shrouded in mystery . . . Raven Wood spends her days at Florence’s Uffizi gallery restoring Renaissance art. But an innocent walk home after an evening with friends changes her life forever. When she intervenes in the senseless beating of a homeless man, his attackers turn on her, dragging her into an alley. Raven is only semiconscious when their assault is interrupted by a cacophony of growls followed by her attackers’ screams. Mercifully, she blacks out, but not before catching a glimpse of a shadowy figure who whispers to her . . . Cassita vulneratus. When Raven awakes, she is inexplicably changed. Upon returning to the Uffizi, no one recognizes her. More disturbingly, she discovers that she’s been absent an entire week. With no recollection of her disappearance, Raven learns that her absence coincides with one of the largest robberies in Uffizi history—the theft of a set of priceless Botticelli illustrations. When the police identify her as their prime suspect, Raven is desperate to clear her name. She seeks out one of Florence’s wealthiest and most elusive men in an attempt to uncover the truth. Their encounter leads Raven to a dark underworld whose inhabitants kill to keep their secrets . . .

### Camino del Sol

The intricate forms of living things bespeak design, and thus a creator: nearly 150 years after Darwin's theory of natural selection called this argument into question, we still speak of life in terms of design--the function of the eye, the purpose of the webbed foot, the design of the fins. Why is the "argument from design" so tenacious, and does Darwinism--itself still evolving after all these years--necessarily undo it? The definitive work on these contentious questions, Darwin and Design surveys the argument from design from its introduction by the Greeks, through the coming of Darwinism, down to the present day. In clear, non-technical language Michael Ruse, a well-known authority on the history and philosophy of Darwinism, offers a full and fair assessment of the status of the argument from design in light of both the advances of modern evolutionary biology and the thinking of today's philosophers--with special attention given to the supporters and critics of "intelligent design." The first comprehensive history and exposition of Western thought about design in the natural world, this important work suggests directions for our thinking as we move into the twenty-first century. A thoroughgoing guide to a perennially controversial issue, the book makes its own substantial contribution to the ongoing debate about the relationship between science and religion, and between evolution and its religious critics. Table of Contents: Preface Introduction 1. Two Thousand Years of Design 2. Paley and Kant Fight Back 3. Sowing the Seeds of Evolution 4. A Plurality of Problems 5. Charles Darwin 6. A Subject Too Profound 7. Darwinian against Darwinian 8. The Century of Evolutionism 9. Adaptation in Action 10. Theory and Test 11. Formalism Redux 12. From Function to Design 13. Design as Metaphor 14. Natural Theology Evolves 15. Turning Back the Clock Sources and Suggested Reading Illustration Credits Acknowledgments Index Reviews of this book: Ruse examines the concept of 'design' in nature, explaining why it still remains a strong influence despite the scientific revolution, and historically, how it dominated Western thought from ancient Greece (Plato) to the advent and predominance of Christianity...A rich and compelling book. --J. S. Schwartz, Choice Reviews of this book: Anyone who is interested in the 'science wars' controversy or the history of evolutionary thought will find this book fascinating and rewarding. The prose is masterful--relaxed, colloquial, rich in information, and suffused with flashes of malicious wit and delicious historical tidbits. --Matt Cartmill, Reports of the National Center for Science Education Reviews of this book: To anyone interested in the evolution of evolution, I recommend this book. --John Tyler Bonner, Natural History Reviews of this book: This has to be the best of Ruse's many books, and it is hard to imagine how a better one could be written on this subject. With an understanding erudition spiced with good-natured wit and occasional sly ribaldry, Ruse moves easily and assuredly among biology, philosophy, history, and theology. --Robert T. Pennock, Science Reviews of this book: Michael Ruse's latest book, Darwin and Design, is an intellectual history of the design argument and its Darwinian solution...His story is a fascinating one, enlivened especially by his accounts of various imaginative attempts before Darwin to solve the design problem without recourse to a deity. --Daniel W. McShea, American Scientist

Aparna Shewakramani of Indian Matchmaking fame knows who she is and what she wants—and she is not afraid to ask for it When Aparna Shewakramani appeared on Netflix's hit series, Indian Matchmaking, it soon became clear that Aparna knew what she wanted. But all stories are told through certain lenses—and her story is no exception. Being on a reality show made Aparna feel like a character. Her decisiveness and sense of self-worth led viewers to see her as a very specific archetype: The villain. The woman you love to hate. The unlikeable woman. It turned around, though, with a single message of support: Be Like Aparna. Soon supporters were in the tens of thousands. Women are tired of seeing other women being vilified simply because they have a voice. In this book, you will learn about the real Aparna Shewakramani. She bares it all—the good, the bad, and the it-depends-on-how-you-look-at-it. There is her mother's bravery in leaving her marriage, Aparna's diagnosis of an autoimmune disease, and her confession that she too is susceptible to the deep-rooted need to be pretty and likeable. But it is also the story of her entrepreneurial spirit and her success. It is about lessons learned and the strength to be your own woman. This is a journey to prevent Aparna-the-person from being erased by Aparna-the-character.

John Morgan and his wife can barely contain their excitement upon arriving as the new teachers in a Yup'ik Eskimo village on the windswept Alaskan tundra. But their move proves disastrous when a deadly epidemic strikes and the isolated community descends into total chaos. When outside aid fails to arrive, John's only hope lies in escaping the snow-covered tundra and the hunger of the other survivors—he must make the thousand-mile trek across the Alaskan wilderness for help. He encounters a blind Eskimo girl and an elderly woman who need his protection, and he needs their knowledge of the terrain to survive. The harsh journey pushes him beyond his limits as he discovers a new sense of hope and the possibility of loving again.

**An Index to Poetry and Recitations** Penguin

An epic fantasy trilogy from Norway about thousand-year-old secrets, forbidden romance, and what happens to those who make a deal with the devil comes at last to the United States! "Imagine lacking something that everyone else has. Something that proves you belong to this world. Something so vital, that without it, you are nothing. A plague. A myth. A human." Fifteen winters old, Hirka learns that she is an Odin's child – a tailless rot from another world. Despised. Dreaded. And hunted. She no longer knows who she is, and someone wants to kill her to keep it a secret. But there are worse things than humans, and Hirka is not the only creature to have broken through the gates... 'Odin's Child' is unique fantasy with Norse roots. An epic clash of xenophobia, blind faith and the right or will to lead. The first in a trilogy, Odin's Child is a thrilling modern fantasy epic.

**A Dictionary of the Bible: Kabzeel-Red-heifer** HarperCollins

The spellbinding classic that started it all, from the #1 New York Times bestselling author—the inspiration for the hit television series “A magnificent, compulsively readable thriller . . . Rice begins where Bram Stoker and the Hollywood versions leave off and penetrates directly to the true fascination of the myth—the education of the vampire.”—Chicago Tribune Here are the confessions of a vampire. Hypnotic, shocking, and chillingly sensual, this is a novel of mesmerizing beauty and astonishing force—a story of danger and flight, of love and loss, of suspense and resolution, and of the extraordinary power of the senses. It is a novel only Anne Rice could write.

*International Index to Film Periodicals* Marvel Entertainment

ONE OF OPRAH MAG'S BEST ROMANCES OF 2020! Everything has a price . . . Railway magnate Tom Severin is wealthy and powerful enough to satisfy any desire as soon as it arises. Anything—or anyone—is his for the asking. It should be simple to find the perfect wife—and from his first glimpse of Lady Cassandra Ravenel, he's determined to have her. But the beautiful and quick-witted Cassandra is equally determined to marry for love—the one thing he can't give. Everything except her . . . Severin is the most compelling and attractive man Cassandra has ever met, even if his heart is frozen. But she has no interest in living in the fast-paced world of a ruthless man who always plays to win. When a newfound enemy nearly destroys Cassandra's reputation, Severin seizes the opportunity he's been waiting for. As always, he gets what he wants—or does he? There's one lesson Tom Severin has yet to learn from his new bride: Never underestimate a Ravenel. The chase for Cassandra's hand may be over. But the chase for her heart has only just begun . . .

*Pelham Novels* Simon and Schuster

Native performance is a multifaceted and changing art form as well as a swiftly growing field of research. Native American Performance and Representation provides a wider and more comprehensive study of Native performance, not only its past but also its present and future. Contributors use multiple perspectives to look at the varying nature of Native performance strategies. They consider the combination and balance of the traditional and modern techniques of performers in a multicultural world. This collection presents diverse viewpoints from both scholars and performers in this field, both Natives and non-Natives. Important and well-respected researchers and performers such as Bruce McConachie, Jorge Huerta, and Daystar/Rosalie Jones offer much-needed insight into this quickly expanding field of study. This volume examines Native performance using a variety of lenses, such as feminism, literary and film theory, and postcolonial discourse. Through the many unique voices of the contributors, major themes are explored, such as indigenous self-representations in performance, representations by nonindigenous people, cultural authenticity in performance and representation, and cross-fertilization between cultures. Authors introduce important, though sometimes controversial, issues as they consider the effects of miscegenation on traditional customs, racial discrimination, Native women's position in a multicultural society, and the relationship between authenticity and hybridity in Native performance. An important addition to the new and growing field of Native performance, Wilmer's book cuts across disciplines and areas of study in a way no other book in the field does. It will appeal not only to those interested in Native American studies but also to those concerned with women's and gender studies, literary and film studies, and cultural studies.

**Gleam** HarperCollins UK

The culmination of over three decades of writing by environmental scientist and writer Haydn Washington, this book examines the global environmental crisis and its solutions. Many of us know that something is wrong with our world, that it is wounded. At the same time, we often don't know why things have gone wrong – or what can be done. Framing the discussion around three central predicaments – the ecological, the social, and the economic – Washington provides background as to why each of these are in crisis and presents steps that individuals can personally take to heal the world. Urging the reader to accept the reality of our problems, he explores practical solutions for change such as the transition to renewable energy, rejection of climate denial and the championing of appropriate technology, as well as a readjustment in ethical approaches. The book also contains 19 'solution boxes' by distinguished environmental scholars. With a focus on positive, personal solutions, this book is an essential read for students and scholars of environmental science and environmental philosophy, and for all those keen to heal the world and contribute towards a sustainable future.

Jessica has just faced her greatest fears – her most dangerous enemy – and won! Surely everything is smooth sailing from here? Nope! Instead she finds a corpse in her office – the body of a woman who came to Jessica for help years ago with a case Jessica failed to solve. And now she's being framed for the woman's murder! As Jessica reopens her investigation in hopes of bringing Dia Sloane's killer to justice, she finds herself caught in the web of a serial killer intent on murdering women with powers. Can Jessica figure out how all the pieces connect before the killer claims their next victim? The Sorcerer Supreme, Doctor Strange, is not being helpful – shocker. But how is monster hunter extraordinaire Elsa Bloodstone tied up in this whole mess?

**What Can I Do to Help Heal the Environmental Crisis?** Naked Wanting

Account of male gay literature across cultures and languages and from ancient times to the present. It traces writing by and about homosexual men from ancient Greece and Rome through the Middle Ages and Renaissance to the twentieth-century gay literary explosion. It includes writers of wide-ranging literary status (from high cultural icons like Virgil, Dante, Marlowe, Shakespeare, and Proust to popular novelists like Clive Barker and Dashiell Hammett) and of various locations (from Mishima's Tokyo and Abu Nuwas's Baghdad to David Leavitt's New York). It also deals with representations of male-male love by writers who were not themselves homosexual or bisexual men.
