 Some parts of sunny Florida can be downright chilling . . . A haunting historical tour with photos included!
 Does the

restless ghost of a murder victim haunt a Gulfport home? Does a doomed pirate search for his lost treasure at John's Pass? Are sea captains and Civil War soldiers still combing the area, years after their deaths? With wit and style, the "Queen of Haunts," Deborah Frethem, calls upon years of experience as the general manager and guide of Tampa Bay Ghost Tours to present legends of sinister deeds

and whispers of the past from Florida's haunted peninsula.

New Harbinger Publications
 "For people suffering from stress, this book is a godsend."
 —Kristin Neff, PhD, author of *Self-Compassion*
 "Highly recommended for mental health professionals and consumer health readers looking to manage stress."
 —Library Journal (starred

review)
 Modern times are stressful—and it's killing us. Unfortunately, we can't avoid the things that stress us out, but we can change how we respond to them. In this breakthrough book, a clinical psychologist and neuroscience expert offers an original approach to help readers harness the power of positive emotions and overcome stress for good. Stress is, unfortunately,

a natural part of life—especially in our busy and hectic modern times. But you don't have to let it get in the way of your health and happiness. Studies show that the key to coping with stress is simpler than you think—it's all about how you respond to the situations and things that stress you out or threaten to overwhelm you. The *Stress-Proof Brain* offers powerful, comprehensive tools based

in mindfulness, neuroscience, and positive psychology to help you put a stop to unhealthy responses to stress—such as avoidance, tunnel vision, negative thinking, self-criticism, fixed mindset, and fear. Instead, you'll discover unique exercises that provide a recipe for resilience, empowering you to master your emotional responses, overcome negative thinking, and create a more

tolerant, stress-proof brain. This book will help you develop an original and effective program for mastering your emotional brain's response to stress by harnessing the power of neuroplasticity. By creating a more stress tolerant, resilient brain, you'll learn to shrug off the small stuff, deal with the big stuff, and live a happier, healthier life.

The Second Edition of this best-selling academic guide

to irrigation design has been completely rewritten so you can understand it easily. Created for the irrigation designer and installer, as well as students, Simplified Irrigation Design clearly explains irrigation design and related hydraulics, without the need for interpretation by teachers. Each chapter builds on the other, presenting all the fundamentals

of irrigation design before getting into the more complicated aspects of irrigation, such as: * basic hydraulics * pipe sizing * friction loss calculations * determining water pressure. Photos and illustrations show exactly how every concept and piece of equipment works. In addition, you'll learn how to estimate costs and write specifications. Pipe sizes are described according

to ASTM to help you fully understand the limits of irrigation pipe use. The expanded Second Edition of this popular guide to landscape irrigation includes all the latest equipment and techniques. Just a few of the new features include: * Methods of conserving water to help you anticipate your clients' environmental concerns * Computerized methods for managing

labor and irrigation systems that will help you save money on labor and water costs * Metric values for every Imperial (U.S.) measurement, enabling you to meet federal metric guidelines and better communicate with an international audience. Another bonus: the author has combed the minds of irrigation designers, contractors, and equipment manufacturers to help

you avoid costly mistakes that even veterans make. Whether you're just learning or brushing up on the latest technology, you'll want to read the Second Edition of Port Dolphin LLC Deepwater Port License Application Macmillan Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and

Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana. *Forbes* Includes universities, colleges at the 4-year and 2-year or community and junior college levels, technical institutes, and occupationally-oriented vocational schools in the United States and its outlying areas. Extension Review

Hire independent contractors without running into trouble. Independent contractors (ICs) do every conceivable type of work—from accounting to web development—and “gig” economy websites make it easy to find and hire qualified ICs. Working with independent contractors saves your business money and gives you flexibility in hiring. But there are risks

in trying to establish IC relationships. Simply calling a worker an independent contractor doesn’t make them one. This book shows you how to avoid mistakes that can lead to lawsuits or costly fines from the IRS and state agencies. Learn how to: determine who qualifies as an IC; document the IC relationship in a written agreement; assess the risks of hiring freelancers and gig workers

safeguard your company’s intellectual property, and handle—and settle—an IRS audit. The 10th edition—completely revised to reflect the latest changes in the law—includes detailed examples of how a business should hire independent contractors. With downloadable forms: comes with invaluable forms that let you document a worker’s IC status and create strong

contracts.

Florida has
nearly
101,000
inmates in 49
major state
prisons and
numerous
correctional
facilities called
annexes and
work camps.A
clemency
commutation
of sentence
and parole are
alternate
paths to the
same goal,
which is to
release the
inmate early.
Both involve
compassion,

redemption,
and
forgiveness,
and are the
ultimate grant
of a second
chance. To get
either, you
must convince
elected or
appointed
officials that
the inmate will
never commit
another
serious crime.
However,
clemency and
parole involve
different
decision-
makers, rules
and
timeframes.He
re is the so-
called secret
sauce (the
actual "how-
to" steps to
leave prison
early), written
by one of

Florida's most
distinguished
clemency
lawyers.
