THOMAS FARLEY

The American Sign Language Handshape Flash Cards Gallaudet University Press

Organizes 1,600-plus ASL signs by 40 basic hand shapes rather than in alphabetical word order. This format allows users to search for a sign that they recognize but whose meaning they have forgotten or for the meaning of a new sign they have seen for the first time. The entries include descriptions of how to form each sign to represent the varying terms they might mean. Index of English glosses only. Annotation copyrighted by Book News, Inc., Portland, OR

[Train Go Sorry](#) Createspace Independent Publishing Platform

Although Avery cannot eat the right grub, is allergic to horses, and gets rope burns from lassos, he learns at camp that he is uniquely qualified in the most important cowboy quality.

Peekaboo Morning Dawnsign Press

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most

efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Fluent Forever Teacher Created Resources

As more and more secondary schools and colleges accept American Sign Language (ASL) as a legitimate choice for second language study, Learning to See has become even more vital in guiding instructors on the best ways to teach ASL as a second language. And now this groundbreaking book has been updated and revised to reflect the significant gains in recognition that deaf people and their native language, ASL, have achieved in recent years. Learning to See lays solid groundwork for teaching and studying ASL by outlining the structure of this unique visual language. Myths and misconceptions about ASL are laid to rest at the same time that the fascinating, multifaceted elements of Deaf culture are described. Students will be able to study ASL and gain a thorough understanding of the cultural background, which will help them to grasp the language more easily. An explanation of the linguistic basis of ASL follows, leading into the specific, and above all, useful information on teaching techniques. This practical manual systematically presents the steps necessary to design a curriculum for teaching ASL, including the special features necessary for training interpreters. The new Learning to See again takes its place at the forefront of texts on teaching ASL as a second language, and it will prove to be indispensable to educators and administrators in this special discipline.

[Foreign Language - How to Use Modern Technology to Effectively Learn Foreign Languages](#) T&p Books

In this newly expanded edition, a renowned baby-signing expert provides more than 300 American Sign Language (ASL) signs, illustrated with the same clear, easy-to-understand photos and descriptions. Since 2004, *Baby Sign Language Basics* has introduced hundreds of thousands of parents and caregivers around the globe to the miracle of signing with their babies—and left them wanting more! Baby-specific signing techniques, songs, and games are also included to make learning fun and to quickly open up two-way communication. Parents will meet real signing families and learn how to make sign language a part of their everyday interactions with their children. Also included is a video signing dictionary featuring all the signs from the book. Just point

and click, and see the sign you want to learn come alive! This is a must-have for all parents, grandparents, and anyone else who spends time with preverbal children. After all, what parent or caregiver doesn't want to know what their baby is trying to tell them? Now includes streaming video, additional tips, advice, and updated resources!

Barron's SAT Vocabulary Flash Cards is a test prep tool that presents 500 SAT high-frequency words, selected because they have appeared as key words in recent SAT reading passages and critical reading questions. Cards are alphabetically arranged in the box, with an extra place-marker card that students can use to gauge their word-learning progress. This vocabulary building flash card set enables SAT test takers to review words they might already know, as well as to master unfamiliar words they are likely to encounter both on the SAT and in their college courses.

Let's Learn Sign Language, Grades PK - 2 Rockridge Press

Learning a new language is easier than you think! This informative book teaches you the basics of American Sign Language. As many as two million Americans communicate with American Sign Language, making it the third most-used language in the United States. American Sign Language uses easy-to-follow photographs to teach you the alphabet, numbers, and simple words and phrases. Divided into categories—such as animals, people, and pronouns—the book and accompanying flash cards show you how to use your hands to communicate. Once you've learned the alphabet, you'll build on that knowledge to learn the words for "friend," "family," and so much more! And when you see how the words for "chicken" and "cat" evoke a chicken opening and closing its beak and a cat stroking its whiskers, you'll truly understand how intuitive and enjoyable learning American Sign Language can be!

Ada and the Helpers Scholastic Paperbacks

"Featuring ASL signs plus fun songs and activities"--Cover.

The Montessori Toddler Rockridge Press

Announcing that rare parenting book that will not only help you become a more effective parent but actually change how you see your children. Written by Montessori educator Simone Davies, this book shows you how to bring the educational values of a Montessori classroom into your home—while turning the whole idea of the “terrible twos” on its head. Here is how to set up Montessori-friendly spaces in your home. Principles for fostering curiosity in your child—and in yourself. Specific Montessori skills—the winter coat flip; getting your toddler to pour his or her own water and clean up whatever spills might occur. And it goes much deeper, showing how a parent can really be present, be the child’s guide, and handle tantrums and problematic behavior without resorting to bribes, threats, or punishment and truly celebrate every stage. It’s also that rare parenting book that’s beautiful to look at, with a bright, airy design and simple color illustrations and photographs.

1000 Instant Words Thunder Bay Press

A fresh new beginner's guide to American Sign Language—with a poster of the sign language alphabet. Featuring cool computer-generated illustrations and a simple kid-friendly design, this reference book for the youngest readers makes learning sign language fun and easy. Learn 100 basic signs for everyday use in helpful categories, such as Food, Colors, Animals, In the Classroom, and more. Also included are instructions on how to fingerspell the entire alphabet and numbers. For quick reference, this book also comes with a bonus full-size poster of the ASL alphabet—perfect for home or the classroom.

My First Book of Sign Language Square One Publishers, Inc.

A stunning work of journalism and memoir that explores the intimate truths of the silent but articulate world of the deaf. In American Sign Language, "train go sorry" means "missing the

boat." Leah Hager Cohen uses the phrase as shorthand for the myriad missed connections between the deaf and the hearing. As she ushers readers into New York's Lexington School for the Deaf, Cohen (whose grandfather was deaf and whose father was the school's superintendent) she also forges new connections.

Deaf Like Me Penton Kids

Presents a comprehensive guide to caring for newborns, and contains information on health care, feeding, sleeping habits, traveling, sickness, and more.

ASL - American Sign Language Vintage

Bee and his friends learn to identify shapes while spending a day at the park.
