\* Instant NEW YORK TIMES and USA TODAY bestseller \*\*

GOODREADS CHOICE AWARD WINNER for BEST DEBUT and BEST ROMANCE of 2019 \*\* BEST BOOK OF THE YEAR\* for VOGUE, NPR, VANITY FAIR, and more! \* What happens when America's First

Son falls in love with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds

himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, *New York Times* bestselling author of *The Unhoneymooners* "*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, *New York Times* bestselling author of *Daisy Jones & The Six*

*Backpacker* brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, *Backpacker* is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. *Backpacker's* Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

**Damn Delicious** Government Printing Office

Photographs, ephemera, and anecdotes document the storied history of the popular outdoor equipment company, from its humble origins in the early 1900s to the legacy it has left over the course of one hundred years.

[Fashion and Costume in American Popular Culture](#) Melcher Media Incorporated

This unique culinary history of America offers a fascinating look at our past and uses long-forgotten recipes to explain how eight flavors changed how we eat. The United States boasts a culturally and ethnically diverse population which makes for a continually changing culinary landscape. But a young historical gastronomist named Sarah Lohman discovered that American food is united by eight flavors: black pepper, vanilla, curry powder, chili powder, soy sauce, garlic, MSG, and Sriracha. In *Eight Flavors*, Lohman sets out to explore how these influential ingredients made their way to the American table. She begins in the archives, searching through economic, scientific, political, religious, and culinary records. She pores over cookbooks and manuscripts, dating back to the eighteenth century, through modern standards like *How to Cook Everything* by Mark Bittman. Lohman discovers when each of these eight flavors first appear in American kitchens—then she asks why. *Eight Flavors* introduces the explorers, merchants, botanists, farmers, writers, and chefs whose choices came to define the American palate. Lohman takes you on a journey through the past to tell us something about our present, and our future. We meet John Crowninshield a New England merchant who traveled to Sumatra in the 1790s in search of black pepper. And Edmond Albius, a twelve-year-old slave who lived on an island off the coast of Madagascar, who discovered the technique still used to pollinate vanilla orchids today. Weaving together original research, historical recipes, gorgeous illustrations and Lohman's own adventures both in the kitchen and in the field, *Eight Flavors* is a delicious treat—ready to be devoured.

*Professional Struts Applications* Time Inc. Books

Thirty-five million Americans—one in eight—like to go fishing. Fly

fishers have always considered themselves the aristocracy of the sport, and a small number of those devotees, a few thousand at most, insist upon using one device in the pursuit of their obsession: a handcrafted split-bamboo fly rod. Meeting this demand for perfection are the inheritors of a splendid art, one that reveres tradition while flouting obvious economic sense and reaches back through time to touch the hands of such figures as Theodore Roosevelt and Henry David Thoreau. In *Casting a Spell*, George Black introduces readers to rapt artisans and the ultimate talismans of their uncompromising fascination: handmade bamboo fly rods. But this narrative is more than a story of obscure objects of desire. It opens a new vista onto a century and a half of modern American cultural history. With bold strokes and deft touches, Black explains how the ingenuity of craftsmen created a singular implement of leisure—and how geopolitics, economics, technology, and outrageous twists of fortune have all come to focus on the exquisitely crafted bamboo rod. We discover that the pastime of fly-fishing intersects with a mind-boggling variety of cultural trends, including conspicuous consumption, environmentalism, industrialization, and even cold war diplomacy. Black takes us around the world, from the hidden trout streams of western Maine to a remote valley in Guangdong Province, China, where grows the singular species of bamboo known as tea stick—the very stuff of a superior fly rod. He introduces us to the men who created the tools and techniques for crafting exceptional rods and those who continue to carry the torch in the pursuit of the sublime. Never far from the surface are such overarching themes as the tension between mass production and individual excellence, and the evolving ways American society has defined, experienced, and expressed its relationship to the land. Fly-fishing may seem a rarefied pursuit, and making fly rods might be a quixotic occupation, but this rich, fascinating narrative exposes the soul of an authentic part of America, and the great significance of little things. George Black's latest expedition into a hidden corner of our culture is an utterly enchanting, illuminating, and enlightening experience. *Red, White & Royal Blue* Bloomsbury Publishing USA  
One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year "One of the best books of its kind in decades." —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human

connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full.

*Making Chocolate* Random House (NY)

This New York Times–bestselling exploration of the Arctic, a National Book Award winner, is “one of the finest books ever written about the far North” (Publishers Weekly). “The nation’s premier nature writer” travels to a landscape at once barren and beautiful, perilous and alluring, austere yet teeming with vibrant life, and shot through with human history (San Francisco Chronicle). The Arctic has for centuries been a destination for the most ambitious explorers—a place of dreams, fears, and awe-inspiring spectacle. This “dazzling” account by the author of *Of Wolves and Men* takes readers on a breathtaking journey into the heart of one of the world’s last frontiers (The New York Times). Based on Barry Lopez’s years spent traveling the Arctic regions in the company of Eskimo hunting parties and scientific expeditions alike, *Arctic Dreams* investigates the unique terrain of the human mind, thrown into relief against the vastness of the tundra and the frozen ocean. Eye-opening and profoundly moving, it is a magnificent appreciation of how wilderness challenges and inspires us. Renowned environmentalist and author of *Desert Solitaire* Edward Abbey has called *Arctic Dreams* “a splendid book . . . by a man who is both a first-rate writer and an uncompromising defender of the wild country and its native inhabitants”—and the *New Yorker* hails it as a “landmark” work of travel writing. A vivid, thoughtful, and atmospheric read, it has earned multiple prizes, including the National Book Award, the Christopher Medal, the Oregon Book Award, and a nomination for the National Book Critics Circle Award. This ebook features an illustrated biography of Barry Lopez including rare images and never-before-seen documents from the author’s personal collection.

*The L.L. Bean Game and Fish Cookbook* Lulu.com

An “excellent” (The New York Times) modern tribute to an ageless pastime, and a practical guide to the art, philosophy, and rituals of fly fishing, by an expert, lifelong angler. In *The Optimist*, David Coggins makes a case for the skills and sensibility of an enduring sport and shares the secrets, frustrations, and triumphs of the great tradition of fly fishing, which has captivated anglers worldwide. Written in wry, wise, and keenly observed prose, each chapter focuses on a specific place, fish, and skill. Few individuals, for example, have the visual acuity required to catch the nearly invisible bonefish of the Bahamas flats. Or the patience to land the elusive Atlantic salmon, “the fish of a thousand casts,” in eastern Canada. Pursuing these challenges, Coggins, “a confirmed obsessive,” travels to one fishing paradise after another, including the great rivers of Patagonia, private chalk streams in England, remote ponds in Maine, and New York City’s Jamaica Bay. In each setting, he chronicles his fortunes and misfortunes with honesty and humor while meditating on how fishing teaches focus, inner stillness, and a connection to the natural world. Perfect for the novice, the enthusiastic amateur, and the devoted angler alike, *The Optimist* offers a practical path to enlightenment while providing “a rueful, thoughtful, and very funny examination of an elegant obsession” (Jay McInerney).

*Ivy Style* Chronicle Books

CMH Publication 70-30. Edited by Frank N. Schubert and Theresa L. Kraus. Discusses the United States Army’s role in the Persian Gulf War from August 1990 to February 1991. Shows the various strands that came together to produce the army of the 1990s and how that army in turn performed under fire and in the glare of world attention. Retains a sense of immediacy in its approach. Contains maps which were carefully researched and

compiled as original documents in their own right. Includes an index.

*Nonviolence: The Transforming Power* Simon and Schuster  
Lewiston, a mill town of about thirty-six thousand people, is the second-largest city in Maine. It is also home to some three thousand Somali refugees. After initially being resettled in larger cities elsewhere, Somalis began to arrive in Lewiston by the dozens, then the hundreds, after hearing stories of Maine’s attractions through family networks. Today, cross-cultural interactions are reshaping the identities of Somalis—and adding new chapters to the immigrant history of Maine. Somalis in Maine offers a kaleidoscope of voices that situate the story of Somalis’ migration to Lewiston within a larger cultural narrative. Combining academic analysis with refugees’ personal stories, this anthology includes reflections on leaving Somalia, the experiences of Somali youth in U.S. schools, the reasons for Somali secondary migration to Lewiston, the employment of many Lewiston Somalis at Maine icon L. L. Bean, and community dialogues with white Mainers. *Somalis in Maine* seeks to counter stereotypes of refugees as being socially dependent and unable to assimilate, to convey the richness and diversity of Somali culture, and to contribute to a greater understanding of the intertwined futures of Somalis and Americans.

*The Urban Deer Complex* Copyright Office, Library of Congress  
From one of the bestselling memoirists of all time comes a stunning and heartbreaking novel about an intrepid girl who challenges the injustice of the adult world in a triumph of imagination and storytelling.

*The Writer’s Portable Mentor* Anchor Canada

Contains all the information a cook/hunter/angler needs to prepare hearty game and fish meals in camp or at home. There are detailed and illustrated instructions for all procedures needed to prepare and cook game and fish. Over 800 recipes included.

**A History of Glitter and Blood (Sneak Preview)** Penguin  
On the azure blue morning of 9/11 the skies were pronounced “severe clear,” in the parlance of airline pilots; a gorgeous day for flying. Nearly 5,000 flights were cruising the skies over America when FAA Operations Manager Ben Sliney arrived at the Command Center for his first day on that job. He could never have anticipated the historic drama that was about to unfold as Americans who found themselves on the front lines of a totally unprecedented attack on our homeland sprang into action to defend our country and save lives. In this gripping moment-to-moment narrative, based on groundbreaking reporting, Lynn Spencer brings the inspiring true drama of their unflinching and heroic response vividly to life for the first time, taking us right inside the airliner cockpits and control towers, the fighter jets and the military battle cabs. She makes vital corrections to the findings of the 9/11 Commission Report, and reveals many startling, utterly unknown elements of the story. As a commercial pilot herself, for whom the attacks hit terribly close to home, she knew that the true scope and nature of the response so brilliantly improvised that morning by those in the thick of the action -- with so little guidance from those at the highest levels -- had not at all been captured by the news coverage or the 9/11 Commission. To get to the truth, she went on a three-year quest, interviewing hundreds of key players, listening to untold hours of tapes and pouring through voluminous transcripts to re-create each heart-stopping moment as it happened through their eyes and in their words as the drama unfolded. From the shocking moment at 7:59 a.m. that American 11 fails to respond to a controller’s call, until the last commercial flight has safely landed and military jets rule the skies, all Americans will find themselves deeply moved and amazed by the grace and fierce determination of these steely men and women as they draw on all of their exquisite training to

grasp, through the fog of war, what is happening, put their lives on the line, and mount an astonishing response. This beautifully crafted and deeply affecting account of the full story of their courageous actions is a vital addition to the country's understanding of a day that has forever changed our nation.

**The Necropsy Book** Wisconsin Historical Society  
God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian

Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.
